WHEREAS, N.J.S.A. 40:67-23.2, et seq. L.1989,c.299,s.1; amended 1993,c.258,s.10. required municipalities to reimburse qualified private communities for certain services or to provide those services to qualified communities in the same fashion as the municipality provides those services on public road and streets; and

WHEREAS, said statute requires a municipality the option to assume certain cost of services, defined as the cost that would be incurred by a municipality in providing solid waste collection services to a multifamily dwelling in the same manner as the municipality provides those services, curbside, to other residents of the municipality.
