LOCAL LAW ESTABLISHING A TEMPORARY LAND USE MORATORIUM PROHIBITING WIND GENERATION SYSTEM INSTALLATIONS WITHIN THE TOWN OF ROTTERDAM.

Be it enacted by the Town Board of the Town of Rotterdam as follows:

SECTION 1. TITLE

This Local Law shall be known as the “Moratorium and Prohibition of Wind Generation System Installations within the Town of Rotterdam.”

SECTION 2. STATUTORY AUTHORITY PURPOSE AND INTENT.

This Local Law is intended to be consistent with and is adopted pursuant to the authority granted to the Town Board of the Town of Rotterdam under the New York State Constitution, and the Laws of the State of New York including but not limited to the following authorities: New York State Constitution Article IX, Section 2 (c) (ii)(6)m (10)l Municipal Home Rule Law § 10(2); Municipal Home Rule Law §10(3); Municipal Home Rule Law §10(4)(a), and (b) and (15); Town Law §135; Town Law Article 16 (Zoning & Planning) inclusive; Environmental Conservation Law §3-0301 (1)(b), 3-0301(2)(m) and 8-0113 and 6 NYCRR Part 61, also known as the State Environmental Quality Review Act as it pertains to applications that are neither excluded nor exempt from this local law.

This Local Law is land use regulation. This Local Law is intended and is hereby declared to address matters of local concern, and it is declared that it is not the intention of the Town to address matters of statewide concern. This Local Law is intended to act as and is hereby declared to exercise the permissive “incidental control” of a zoning law and land use law that is concerned with the broad area of land use planning and the physical use of land and property within the Town, including the physical externalities associated with certain land uses, such as potential negative impacts of such uses on a community.

This Local Law shall supersede and suspend those provisions of the Code of the Town of Rotterdam and New York state law which require the Planning Board and/or the Town Code Enforcement officer to accept, process, and approve land use applications within certain statutory time periods.

This Local Law is intended to temporarily prohibit the creation or siting of wind generation system installations (as herein later defined) within the Town of Rotterdam for a period of up to six (6) months, pending the development and adoption of local laws and/or ordinances designed to regulate and govern such installations.

The Town Board recognizes and acknowledges that the Town needs to study and analyze many considerations that affect the preparation of local legislation to regulate the future creation and siting of wind generation system installations. The Town Board has formally requested the Building and Zoning Department and the Planning Board and the Energy Committee of the Town of Rotterdam to identify and review local laws from other jurisdictions, and related information and source materials, in order to assist in developing the parameters of a local law to regulate wind generation system installations. The Town Board has directed the Town Attorney to assist in this endeavor.

The Town Board also recognized the need to review and examine its existing ordinance, local laws and Zoning Code provisions insofar as they may be affected by adoption of such local law(s) regulating the creation and/or siting of wind generation system installations. It is deemed necessary to enact this moratorium in order to permit the Town adequate time in which to draft suitable legislation for this

purpose. During the term of the moratorium the Town of Rotterdam shall work to prepare and eventually adopt new land use regulations to incorporate into the Town's existing Zoning Code.

Currently, there are no pending applications for the location, development or site plan approval of a wind generation system.

During the pendency of the moratorium, the Town Board will consider how best to permit such installations so as to harmoniously integrate such installations with the existing agricultural community and landscape and to mitigate potential undesirable environmental impacts that may be associated with such use. At present, the Zoning Code of the Town of Rotterdam may not adequately regulate such land use. If the community allows such development during that time the goals of the Town could be undermined or damaged. Moratoria are useful in controlling or temporarily inhibiting development until satisfactory final regulations are adopted.

For these reasons, the Town Board finds that temporary moratorium legislation is both advisable and necessary for a reasonable and defined period of time in order to develop and adopt necessary zoning and land use changes to the Zoning Code of the Town of Rotterdam, thus protecting and furthering the public interest, health and safety.

SECTION 3. DEFINITIONS.

For purposes of this Local Law, the following terms shall have the meanings respectively set forth below:

Wind Generation System Installation- Any installation that converts the kinetic energy available in the wind to mechanical energy that can be used to operate an electrical generator. wind generation systems specifically do not include any system utilized for the on-site consumption of a business or residence that does not generate more than 5 kWh of electrical power in total.

SECTION 4. TEMPORARY MORATORIUM and PROHIBITION.

A. Unless permitted pursuant to Section 5 hereafter, from and after the date of this Local Law, no application for a permit, zoning permit, special permit, zoning variance, building permit, operating permit, site plan approval, subdivision approval, certificate of occupancy, certificate of compliance, temporary certificate, or other Town-level approval of any nature shall be accepted, processed, entertained, approved, approved conditionally, or issued by any board, employee, official or agent of the Town of Rotterdam, for the construction establishment or use or operation of any land, body of water, building, or other structure located within the Town of Rotterdam, for any wind generation system Installation, as defined above, except for the projects specifically exempted by this moratorium.

B. Unless permitted pursuant to Section 5 hereafter, from the after the date of this Local Law, no person, entity or business shall use, cause, or permit to be used, any land, body of water, building, or other structure located within the Town of Rotterdam for any wind generation system installation, as defined above.

C. The prohibitions set forth above in Clauses A. and B. of this Section 4. Are not intended, and shall not be construed, to prevent or prohibit the use and development of wind generation systems that are typically used to provide standby or emergency power and/or an uninterruptable power supply, load shedding, load sharing, or similar capabilities and that are for personal or individual use on or about any residence or place of business, or any farm operation.

D. This moratorium and prohibition shall be in effect beginning on the effective date of this Local Law and shall expire on the earlier of (i) that date which is six (6) months after said effective date; or (ii) the effective date of a Town Board resolution affirmatively stating the Town Board has determined that the need for this moratorium and prohibition no longer exists.

E. This moratorium and prohibition shall apply to all real property within the Town of Rotterdam, and all land use applications for the siting or creation of wind generation system installation within the Town of Rotterdam.

F. SECTION 5. HARDSHIP VARIANCE RELIEF FROM APPLICABILITY OF MORATORIUM.

Applications for land use otherwise subject to this moratorium may be exempted from the provisions of this Local Law following a noticed public hearing before the Town Board. It is specifically intended that this moratorium shall supersede New York State law which would otherwise confer exclusive variance authority to the Zoning Board of Appeals. Following a written request for hardship variance relief, within sixty (60) days of receipt of such request, a noticed public hearing shall be held, at which hearing the Town Board may, but is not limited to consider:

A. The proximity of applicant's premises or the subject of applicant's request for relief to natural resources, including but not limited to prime agricultural soils, wetland areas, conservation districts and other areas of environmental concern.

B. The impact of the proposed application on the applicant's premises and upon the surrounding area.

C. Compatibility of the proposed application with the existing land use and character of the area in general proximity to the subject of the application, and its effect upon aesthetic resources of the community.

D. Compatibility of the proposed application with the recommendations of any administrative body charged with such review by the Town of Rotterdam.

E. The written opinion of the Town of Rotterdam Planning Board and the Town of Rotterdam Code Enforcement Officer that such application may be jeopardized or made impractical by waiting until the moratorium is expired.

F. Evidence specifying in detail the nature and level of any alleged hardship imposed on the property owner(s) as result of this moratorium.

G. Such other considerations and issues as may be raised by the Town Board.

In making a determination concerning a proposed exemption or grant of relief from application of the moratorium, the Town Board may obtain and consider reports and information from any source it deems to be helpful with review of said application. A grant of relief from application of the moratorium shall include a determination of unreasonable hardship upon the property owner (or if there are multiple property owners, a determination that each such owner shall suffer an unreasonable hardship) which is unique to the property owner(s), a finding that there are sufficient existing regulations to adequately govern the application for which a hardship waiver is being requested, and a finding that the grant or an exemption will be in harmony with, and will be consistent with an existing Town of Rotterdam Zoning Ordinance and the recommendation of the Comprehensive Plan as such may exist.

An application for relief from the prohibitions of the moratorium shall be accompanied by fee a \$500, together with the applicant's written undertaking in a form to be approved by the Attorney for the Town, to pay all of the expenses of the Town Board and any agent or consultant retained by the Town Board to evaluate and consider the merits of such application, including but not limited to any fees incurred by the Town of services provided by the Attorney of the Town.

SECTION 6. PENALTIES.

A. Failure to comply with any of the provisions of this Local Law shall be an unclassified misdemeanor as contemplated by Article 10 and Section 80.05 of the New York State Penal Law, and, upon conviction thereof, shall be punishable by a fine of not more than One Thousand Five Hundred Dollars (\$1,500) or imprisonment for not more than 10 days, or both for the first offense. SECTION 8. SEVERABILITY.

If any word, phrase, sentence, part, section, subsection, or other portion of this Local Law, or the application thereof to any person or to any circumstance, is adjudged or declared invalid or unenforceable by a court or other tribunal of competent jurisdiction, then, and in such event, such judgement or declaration shall be continued in its interpretation and operation only to the provision of this Local Law that is directly involved in the controversy in which such judgment or declaration is rendered, and such judgement or declaration of invalidity or unenforceability shall not affect or impair the validity or enforceability of the remainder of this Local Law or the application hereof to any other persons or circumstances. If necessary, as to such person or circumstances such invalid or unenforceable provision shall be and be deemed severed here from, and the Town Board of the Town hereby declares that it would have enacted this Local Law, or the remainder thereof, even if, as to provisions and persons or circumstances, a portion hereof is severed or declared invalid or unenforceable.
