^{*} Elective Chief Executive Officer means or includes the chief executive officer of a county elected on a county-wide basis or, if there be none, the chairperson of the county legislative body, the mayor of a city or village, or the supervisor of a town where such officer is vested with the power to approve or veto local laws or ordinances.

A LOCAL LAW AMENDING CHAPTER 255-28(J) (FLOODPLAIN OVERLAY PROTECTION DISTRICT) OF THE VILLAGE OF SPRING VALLEY CODE

Section 1. Findings and Intent – The Village Board of the Village of Spring Valley finds that the provision of Village Code Section 255-28(J) ("Floodplain Overlay Protection District) which requires a Special Permit of the Village Board impose an additional layer of permitting on an applicant where none should be required. Rather, the Village Board believes that the provisions set forth in Section 255-28(J) are better enforced by the Village's Floodplain Administrator, who has the knowledge and the resources to ensure that said provisions are complied with. Therefore the Village Board believes it is in the best interests of the Village to remove the Village Board Special Permit requirement and require that the Village's Floodplain Administrator review such applications.

NOW, THEREFORE, IT RESOLVED, THAT THE VILLAGE BOARD HEREBY ADOPTS THE FOLLOWING AMENDMENTS TO ITS ZONING LOCAL LAW:

§255-28(J) Floodplain Overlay District development. The Floodplain Overlay District defines the special flood hazard areas of the village as mapped by the Federal Insurance Administration of the United States Department of Housing and Urban Development. All uses which are normally allowed either by right or special permit in zoning districts covered by the Floodplain Overlay District are subject to additional special-permit approval by the Floodplain Administrator Village Board, subject to the requirements listed below.

(1)

The <u>Floodplain Administrator Building Inspector</u> shall make interpretations as to the location of the boundaries of the areas of special flood hazard, pursuant to the Flood Insurance Study for the Village of Spring Valley of Rockland County, New York, dated August 16, 1988, with accompanying Flood Insurance Rate Maps and Flood Boundary and Floodway Maps. Any person contesting the interpretation may appeal the <u>Floodplain Administrator's Building Inspector's</u> decision in accordance with § 255-56E.

[Amended 4-11-1995 by L.L. No. 1-1995]

(2)

New construction or substantial improvement of any residential structure shall have the lowest floor, including basement, elevated or above base flood elevation.

(3)

New construction or substantial improvement of any commercial, industrial or other nonresidential structure shall either have the lowest floor, including basement, elevated to the

level of the base flood elevation or, together with attendant utility and sanitary facilities, be floodproofed so that below the base flood level the structure is watertight, with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads and effects of buoyancy. A registered professional engineer or architect shall certify that the standards of this subsection are satisfied. The retention of a registered professional engineer or architect shall be paid for by the applicant.

[Amended 1-28-1986 by L.L. No. 1-1986]

(4)

All new construction and substantial improvements shall be anchored to prevent flotation, collapse or lateral movement of the structure.

(5)

All new construction and substantial improvements shall be constructed with material and utility equipment resistant to flood damage and by methods and practices that minimize flood damage.

(6)

All new and replacement water supply systems shall be designed to minimize or eliminate infiltration of floodwaters into the system.

(7)

All new and replacement sanitary sewage systems shall be designed to minimize or eliminate infiltration of floodwaters into the systems and discharges from the systems into floodwaters.

(8)

On-site waste disposal systems shall be located to avoid impairment to them or contamination from them during flooding.

<u>(9)</u>

The Floodplain Administrator shall refer all applications under this Section to the Rockland County Drainage Agency for their review and comment.

Section 2. Effective Date. This Local Law shall take effect immediately upon filing with the Secretary of State.

5. (City local law concerning Charter revision proposed I hereby certify that the local law annexed hereto, designated the City of having been submitted the Municipal Home Rule Law, and having received the affirm thereon at the (special)(general) election held on	ed as local law No of 20 of ed to referendum pursuant to the provisions of section (36)(37) of
November20 nursuant to subdivision	d as local law No of 20 of as local law No of 20 of naving been submitted to the electors at the General Election of 5 and 7 of section 33 of the Municipal Home Rule Law, and having ctors of the cities of said county as a unit and a majority of the a unit voting at said general election, became operative.
(If any other authorized form of final adoption has been for a further certify that I have compared the preceding local law we correct transcript therefrom and of the whole of such original I paragraph, above.	followed, please provide an appropriate certification.) with the original on file in this office and that the same is a local law, and was finally adopted in the manner indicated in Clerk of the county legislative body, City, Town or Village Clerk or officer designated by local legislative body Date:
