BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE CITY OF CENTRALIA, MISSOURI, as follows:

SECTION 1. Subsection A of Section 13-13 of the Centralia City Code shall be changed, altered and amended to read as follows:

- A. The following service charges are hereby imposed for the collection and disposal of solid waste within the City:
1. The service charges for collection from each single family residence, apartment unit, multifamily dwelling unit, mobile home, manufactured home, church, fraternal order and club shall be as follows

 2. Upon written application to the City Clerk and written approval by the City Administrator, from and after the date of such approval, any single person who is sixty-five (65) years of age or older and who resides in a single family residence, apartment unit, multi-family dwelling unit, mobile home or manufactured home, shall be charged eight dollars and sixty-three cents (\$8.63) per month for regular collection and disposal service. An applicant shall present his or her birth certificate or other similar evidence verifying age and otherwise satisfying the City Clerk and City Administrator that such person is eligible.
 3. The service charges for collection from each institutional, commercial, business, industrial or agricultural establishment shall be as follows:
 - a. A service charge of seventeen dollars and twenty-five cents (\$17.25) per month for collection once per week of one (1) container of ninety-six (96)-gallon size or smaller.
 - b. A service charge of thirty-three dollars (\$33.00) per month for collection once per week of two (2) containers of ninety-six (96)-gallon size or smaller.

No commercial, business or industrial customer may elect to have special solid waste collection service as their sole service.

The average volume of solid waste collected from each institutional, commercial, business, industrial and agricultural establishment each week shall be calculated from time to time by the City Administrator, as well as the number of collections from each establishment each week. The City Administrator shall keep written records of his calculations for each establishment. The service charges set forth above shall be based on such calculations. The average volume of solid waste calculations and the number of collections per week calculated for any establishment may be adjusted by the City Administrator when in his judgment the average volume of solid waste collected each week and/or the number of collections per week have materially changed from the calculations then currently in effect for that establishment. No adjustment calculation shall take effect until at least thirty (30) days after written notice has been provided to the establishment by the City Administrator of the change in the calculation.
