Hillsborough Township 16th Best Place to Live in America *Money Magazine Ranking for Best Places to Live – America’s Best Small Towns*

The results are in. Money Magazine’s Best Places to Live ranking was issued yesterday and for the third time Hillsborough was named to the list. The ranking which was released in the September 2013 issue had Hillsborough at #16.

“We are once again pleased to have this honor for our Town. It is very gratifying that Money Magazine has again recognized Hillsborough Township in its Best Places to Live ranking. For those of us who live here, we already know and appreciate how much Hillsborough Township has to offer and now the rest of the nation does too,” commented Mayor Frank DelCore.

Hillsborough is no stranger to the Best Places list having been listed two times before, in both 2007 and 2011.

Money Magazine considers various criteria in their annual ranking of the Best Places to Live segment. Demographics are compared and ranked accordingly including education, housing, outdoor activities and quality of life. Hillsborough was ranked against 1,900-plus towns consisting of a population range of 10,000 to 50,000 in the bi-annual small town ranking. According to Money Magazine “America’s top 50 small towns are not only thriving economically, they’ve also got all you could want in a place to raise a family: plenty of green space, good schools, and a strong sense of community.”
