G. Resolution to appoint Town Supervisor as the Town Appeals Officer - Supervisor Frank requested an explanation from Attorney Mancuso.

Attorney Mancuso stated that under FOIL (Freedom of Information Law) an appeals officer is needed for purposes of hearing appeals of a person denied access to a record. In the absence of a Town Board designating an appeals officer, the Town Board is the body that would preside over any appeals under FOIL. It begins with the Town Clerk's Office who decides whether or not to release the requested documents under FOIL and if there is reason to deny the request. If the release is denied, the party requesting the document can ask for an appeal. The Committee on Open Government suggests that the town designate an appeals officer rather than the entire Town Board. Historically, it has been rare that a person has appealed a FOIL determination by the Town.

RESOLUTION #208-2016

Councilperson McCarthy moved to designate the Town Supervisor as the Freedom of Information Officer to hear appeals regarding denial of access to records under the Freedom of Information Law. Councilperson Woolaver moved to second the motion.
