

VILLAGE OF ASHAROKEN

LOCAL LAW NO. # 2-2023

**A LOCAL LAW AMENDING SECTION 125-10.1 ENTITLED “FENCES”
OF THE CODE OF THE VILLAGE OF ASHAROKEN**

BE IT ENACTED by the Board of Trustees of the Village of Asharoken as follows:

Section One. Legislative Intent.

The Board of Trustees finds that it is in the best interests of the Village to prohibit certain type of fences to address the needs of residents for safety, to preserve property values, to preserve the character of the Village of Asharoken and to otherwise protect the public health, safety and general welfare of the Village of Asharoken, and that it is in the best interests of the Village to amend Section 125-10.1 of the Code of the Village of Asharoken entitled “Fences” for this purpose.

A. Permit Procedure.

- (1) No fence shall be erected, constructed or altered until a permit has been issued by the Superintendent of Buildings, upon submission and approval of the following:
 - (a) Application form;
 - (b) Except as provided in subsection (f) hereof, a survey of the property line(s) along which the fence is to be located or from which it is to be set back and the location of the proposed fence;
 - (c) Fence detail drawing;
 - (d) Application fee; and
 - (e) For fences, other than deer fences which are at least 95% transparent, located seaward of any house in Zone A on the north or south side of Asharoken Avenue, from Village Hall to Bevin Road, that exceed 4 feet in height, a special use permit from the Board of Zoning Appeals in accordance with §125-11.D.
 - (f) If a fence is to be located on top of an existing bulkhead, a photograph of the bulkhead may be submitted in lieu of a survey.

- (2) Upon completion of the erection, construction or alteration of the fence, a Certification of Completion shall be issued by the Superintendent of Buildings upon:
 - (a) The Superintendent of Buildings' inspection and determination that the fence has been erected, constructed or altered in accordance with the approved plans and specifications and
 - (b) Submission to the Superintendent of Buildings of an affidavit of the property owner certifying that the owner is familiar with the location of the owner's property lines and the fence does not encroach onto adjacent properties.
- (3) The term "fence" includes fences of all types and materials, except living fences which are subject to the regulations set forth in §125-10.2 and pool fences which are subject to the regulations set forth in §125-32. The term "fence" includes walls of all types and materials, except retaining walls. Walls require a building permit in addition to a fence permit.
- (4) A permit shall be effective to authorize the commencement of work in accordance with the approved application and plans for a period of six (6) months after the date of issuance.

B. Fence Regulations.

- (1) No fence, except deer fences, shall exceed a height of 6.5 feet from the existing grade at the base thereof. Deer fences which are at least 95% transparent shall not exceed a height of 8 feet from the existing grade at the base thereof.
- (2) A fence located in a front yard must be setback at least 10 feet from the paved portion of any street.
- (3) A fence shall be constructed with a finished side facing any adjoining property or a street. No supports, posts or bracing shall be placed on the same side of the fence which faces adjoining property or a street. A double-sided fence (same on both sides) utilizing in line posts is permitted. A chain link fence and a deer fence must be screened from view by landscaping when facing a street.
- (4) Barbed wire, concertina wire, razor wire, chicken wire, welded mesh wire or similar or other pointed or sharp-edged wire or posts, other than the points of picket fences, which could cause injury to persons or animals is not permitted.
- (5) Fences topped with broken glass are not permitted.

- (6) Electrified fences are not permitted.
- (7) Fences made of solid plywood, flake board or scrap lumber are not permitted.
- (8) Fences made from bare concrete or unfinished concrete blocks are not permitted.
- (9) Fences that obstruct natural drainage or runoff are not permitted.
- (10) Construction fences are not permitted, except in connection with actual and on-going construction with a building permit.
- (11) A fence is not allowed on any beach, except a wood lath snow fence not exceeding 4 feet in height running parallel to the water, for which no permit is required.
- (12) A fence, including a wood lath snow fence, is not allowed in any wetlands on the bay side or on the sound side on the vegetated dune, including beach lots from 296 through and including 516 Asharoken Avenue.
- (13) A fence shall be maintained in a sound structural condition and in good repair.

C. Nonconforming Fences.

- (1) Any fence existing at the time of the adoption of this local law that is not in conformity with the requirements of subsection B hereof may remain, subject to the provisions of this subsection C.
- (2) A nonconforming fence shall not be extended, enlarged or moved, except in conformity with the provision of this Section.
- (3) Unless in a state of disrepair, a nonconforming fence shall not be altered or replaced.
- (4) A nonconforming fence in a state of disrepair may be repaired or replaced in kind, provided such repair or replacement does not affect more than fifty (50) percent of the existing linear length of the fence over the period of two (2) years.

D. Special Use Permit

- (1) Fences, other than deer fences which are at least 95% transparent, located seaward of any house in Zone A on the north or south side of Asharoken Avenue from Village Hall to Bevin Road, that exceed 4 feet in height

require a special use permit from the Board of Zoning Appeals in accordance with the procedure set forth in Article VII of Chapter 125.

- (2) In addition to the factors set forth in §125-41, a special use permit for a fence shall not be granted by the Board of Zoning Appeals unless it shall determine that the fence will not substantially obstruct the view from other properties of either the beach or water.

E. Agricultural District.

- (1) For property located within an agricultural district, the provisions of this §125-10.1 shall not be applicable to:
 - (a) Any interior fencing that is located fifty (50) feet or more from a property line.
 - (b) Any split rail fencing with no more than three (3) horizontal rails per post, provided, however, that any such fence located along a street shall be setback at least 10 feet from the paved portion of any street.
- (2) The term “agricultural district” means an agricultural district adopted by the County of Suffolk and certified by the Commissioner of Agriculture and Markets pursuant to Article 25AA of the New York State Agricultural and Markets Law.

F. Penalties for offenses.

Upon conviction thereof, any person or legal entity violating any provision of this Section shall be subject to a fine of not more than \$250 for each offense.

Section Three. Severability.

If any section, subsection, clause, phrase or other portion of this Local Law is, for any reason, declared invalid, in whole or in part, by any court, agency, commission, legislative body or other authority of competent jurisdiction, such portion shall be deemed a separate distinct and independent portion. Such declaration shall not affect the validity of the remaining portions hereof, which other portions shall continue in full force and effect.

Section Four. Effective Date.

This local law shall take effect immediately upon filing with the Secretary of State.
