

At the Village Board Meeting on December 19, 2022, the Athens Village Board created Ordinance 440-9E

§ 440-9. Service connections or water laterals.

E. Installation of service pipe must be completed by licensed plumbers. All work shall be left exposed until such time as the Superintendent has completed his examination. It shall be the duty of the plumber in charge to notify the Superintendent whenever any work is ready for inspection. Water service will not be turned on until the Superintendent approves the completed work.
