1. Discussion on permit parking on Helfin Street. We want to get some input from the Police Dept.
2. To get a better understanding of any problems with parking in the downtown area, we are going to ask the parking enforcement officers to attend one of our meetings.
3. The numbers and white blocks painted on the blacktop in the train station parking lot (#3) need to be repainted. Some of the numbers are becoming illegible and the old numbers are showing through white permit parking blocks.

Meeting adjourned – 8:30 PM
