## **MISSOURI HIGHWAYS AND TRANSPORTATION COMMISSION GRANT AGREEMENT**

THIS AGREEMENT is entered into by the Missouri Highways and Transportation Commission (hereinafter, "Commission") and City of Camdenton (hereinafter, "Entity").

WITNESSETH:

WHEREAS, the parties desire the improvement or reconstruction of wastewater facilities to connect the Commission's Camdenton Maintenance Facility to the Entity's existing municipal facilities; and

WHEREAS, the Entity is willing to provide assistance in the construction or reconstruction of the improvements, subject to the terms and conditions herein.

NOW, THEREFORE, in consideration of the mutual covenants, promises, and representations in this Agreement, the parties agree as follows:

(1) PURPOSE: The purpose of this Agreement is to coordinate the participation by the Entity in the cost of the improvement to provide municipal wastewater facilities to the Commission's Maintenance Facility outside the city limits of Camdenton ("the Project"). The Project will include the installation of a wastewater line connecting the maintenance facility to the Entity's existing facilities, approximately 5,050 feet of installation, connecting to the existing treatment plant in Camdenton, and the installation of the connections required at the maintenance facility to connect the facility to the new wastewater lines.

(2) LOCATION: The location of the Project will be shown on the plans prepared by the Entity's consultant.

(3) AMENDMENTS: Any change in this Agreement, whether by modification or supplementation, must be accomplished by a formal contract amendment signed and approved by the duly authorized representatives of the Entity and the Commission.

(4) COMMISSION REPRESENTATIVE: The Commission's Central District Engineer is designated as the Commission's representative for the purpose of administering the provisions of this Agreement. The Commission's representative may designate by written notice other persons having the authority to act on behalf of the

Commission in furtherance of the performance of this Agreement.

(5) ENTITY REPRESENTATIVE: The Entity's City Manager is designated as the Entity's representative for the purpose of administering the provisions of this Agreement. The Entity's representative may designate by written notice other persons having the authority to act on behalf of the Entity in furtherance of the performance of this Agreement.

(6) PROJECT RESPONSIBILITIES: With regard to Project responsibilities under this agreement, the parties agree as follows:

(A) The Entity shall be responsible for design of the Project and shall prepare detailed plans and specifications. The Entity shall provide the Commission with final construction plans, specifications and estimate prior to bidding the Project.

(B) The Entity shall acquire right-of-way as needed for the Project in accordance with Commission requirements.

(C) The Entity shall be responsible for letting the Project, which includes advertising the Project for bids and awarding the construction contract. The Entity shall award the contract to the lowest, responsive, responsible bidder.

(D) The Entity shall be responsible for construction of the Project which includes administration of the construction contract.

(E) The Entity shall be responsible for inspection of the Project work.

(F) The Entity will be responsible for completing the Project and receiving final payment from the Commission no later than December 31, 2026.

(7) FINANCIAL RESPONSIBILITIES: With regard to work under this Agreement, the Entity agrees as follows:

(A) The Commission will pay for one hundred percent (100%) of the base bid Project costs, currently estimated at \$909,544.50 as detailed on **Exhibit A**. The Commission funding source is the American Rescue Plan Act.

(B) The Entity will be responsible for Project costs to upsize the Project to allow for the Entity's future expansion.

(8) REIMBURSEMENT FOR ELIGIBLE EXPENSES: The Commission will reimburse the Entity for Project expenses based on eligible construction contract costs.

(A) The Entity may request reimbursement for eligible costs incurred at

any time subsequent to the execution of this Agreement by both parties. Requests for reimbursement shall be submitted to the Commission, not exceeding twice monthly, and shall be supported with invoices and documentation that its providers were paid in full for the work performed.

(B) The request for reimbursement must include a construction progress summary that includes an estimated percent complete and status of schedule.

(C) The final payment from the Commission to the Entity must occur no later than December 31, 2026.

(9) MAINTENANCE: The Entity shall maintain and own the wastewater line installed by the Entity in its entirety terminating at and not including the lift station installed on the Commission's maintenance facility property. The service line connecting the maintenance facility to the lift station, that will be installed by the Entity, will be owned and maintained by the Commission upon completion of the Project and project close-out. The maintenance and ownership responsibilities described in this section will be also shown on the final project plans, and verified for accuracy by all parties prior to letting the Project. The Commission will be billed monthly for sewer fees, the same as any other industrial customer of the Entity.

(10) ACQUISITION OF RIGHT OF WAY: The Entity shall acquire any additional necessary right of way required for the Project and in doing so agrees that it will comply with all applicable federal laws, rules and regulations, including 42 U.S.C. 4601-4655, the Uniform Relocation Assistance and Real Property Acquisition Act, as amended and any regulations promulgated in connection with the Act.

(11) DESIGN AND CONSTRUCTION SPECIFICATIONS: The Entity agrees that all design and construction work for the proposed Project will be in accordance with policies, procedures, design criteria, design standards, and construction specifications adopted by the Entity.

(14) NONDISCRIMINATION CLAUSE: The Entity shall comply with all state and federal statutes applicable to the Entity relating to nondiscrimination, including, but not limited to, Chapter 213, RSMo; Title VI and Title VII of the Civil Rights Act of 1964, as

amended (42 U.S.C. Sections 2000d and 2000e, *et seq.*); and with any provision of the "Americans with Disabilities Act" (42 U.S.C. Section 12101, *et seq.*).

(15) SOLE BENEFICIARY: This Agreement is made for the sole benefit of the parties hereto and nothing in this Agreement shall be construed to give any rights or benefits to anyone other than the Commission and the Entity.

(18) NO ADVERSE INFERENCE: This Agreement shall not be construed more strongly against one party or the other. The parties to this Agreement had equal access to, input with respect to, and influence over the provisions of this Agreement. Accordingly, no rule of construction which requires that any allegedly ambiguous provision be interpreted more strongly against one party than the other shall be used in interpreting this Agreement.

(23) WORK PRODUCT: All documents, reports, exhibits, etc. produced by the Entity at the direction of the Commission and information supplied by the Commission shall remain the property of the Commission.

(24) CONFIDENTIALITY: The Entity shall not disclose to third parties

confidential factual matters provided by the Commission except as may be required by statute, ordinance or order of court, or as authorized by the Commission. The Entity shall notify the Commission immediately of any request for such information.

(25) NONSOLICITATION: The Entity warrants that it has not employed or retained any company or person, other than a bona fide employee working for the Entity, to solicit or secure this Agreement, and that it has not paid or agreed to pay any company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift or any other consideration, contingent upon or resulting from the award or making of this Agreement. For breach or violation of this warranty, the Commission shall have the right to annul this Agreement without liability, or in its discretion, to deduct from this Agreement price or consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift or contingent fee.

(26) DISPUTES: Any disputes that arise under this Agreement shall be decided by the Commission or its representative.

(27) INDEMNIFICATION:

(A) To the extent allowed or imposed by law, the Entity shall defend, indemnify and hold harmless the Commission, including its members and the Missouri Department of Transportation (MoDOT or Department) employees, from any claim or liability whether based on a claim for damages to real or personal property or to a person for any matter relating to or arising out of the Entity's wrongful or negligent performance of its obligations under this Agreement.

(B) In no event shall the language of this Agreement constitute or be construed as a waiver or limitation for either party's rights or defenses with regard to each party's applicable sovereign, governmental, or official immunities and protections as provided by federal and state constitution or law.

(28) NOTIFICATION OF CHANGE: The Entity shall immediately notify the Commission of any change in conditions or law which may significantly affect its ability to perform the Project in accordance with the provisions of this Agreement.

PROJECT BID COST

RE: Sewer and Water Improvements  
MoDOT & Amphitheater

Ladies and Gentlemen:

On Tuesday, March 12<sup>th</sup>, the City of Camdenton received three bids on the MoDOT & Amphitheater sewer and water improvements construction project. Copies of the bid tabs have been included for your reference.

The low bidder, read at the opening, was Stockman Construction with a total bid of \$929,544.50. There were no math errors or bid irregularities identified in any of the bids. The successful bid came in at \$257,618.00 below the engineer's estimate.

There were no significant variations in unit prices noted by the engineer. The engineer's estimates for the two lift stations are show in red because we did not hear back from the pump supplier and we were unable to update our bid numbers prior to the bidding. That said, our original numbers were not markedly higher or lower than the averages.

Both the City of Camdenton and Darren Krehbiel Consultants have had past experience with Stockman Construction. These experiences have been positive.

We have researched this firm through Case Net and the Secretary of States office and found nothing of interest to report. We encourage the City to complete their own due diligence with respect to Stockman Construction.

It is our understanding, with respect to the low bid received, that the Missouri Department of Transportation will be responsible for \$909,544.50 of the total bid. Ozarks Amphitheater will contribute \$20,000.00 and complete their construction in house. The City of Camdenton will pay all engineering fees associated with this project.

If the City of Camdenton has questions, or requires additional information regarding the project or the bids, please do not hesitate to contact me.

Respectfully,

Darren David Krehbiel, P.E., P.L.S.
