

**TOWN OF CHAUTAUQUA
LOCAL LAW NO. 1 FOR THE YEAR 2025**

A LOCAL LAW ENACTING A MORATORIUM ON WIND ENERGY CONVERSION SYSTEMS

Section 1. Enactment and Title.

The Town Board of the Town of Chautauqua does hereby enact the Town of Chautauqua Moratorium on Wind Energy Conversion Systems Law. This Local Law shall impose a moratorium on applications or proceedings for applications for, the review of applications for, or the issuance of approvals or permits for the construction of any Wind Energy Conversion System within the Town of Chautauqua for roughly one year. Since the Town Board last amended the Town's Zoning Code in 2008 to permit wind energy conversion systems the technology and the laws have evolved so that the Town may now be susceptible to the placement of large-scale wind energy conversion systems under Article VIII of the New York's Public Service Law. The Town Board believes that review and modification of the Town's Zoning Code are required.

The capitalized terms in the foregoing sentence, and as used throughout this local law, shall have the following meanings ascribed to them:

Wind Energy Conversion System - A system of components which converts the kinetic energy of the wind into electrical or mechanical power and which comprises all necessary components, including energy storage, power conditioning, control systems, transmission systems (where appropriate) and structural support systems, to provide electricity or mechanical power for agricultural, residential, commercial, industrial, utility or governmental use.

Section 2. Authorization, Purpose and Intent.

Pursuant to the authority and provisions of the New York State Constitution, and Section 10 of the Municipal Home Rule Law, and the statutory powers vested in the Town of Chautauqua to regulate and control land use and to protect the health, safety and welfare of its residents, the Town Board (the "Board") of the Town of Chautauqua hereby declares a moratorium on applications or proceedings for applications for, the review of applications, or the issuance of approvals or permits for the construction of Wind Energy Conversion Systems within the Town of Chautauqua (the "Town"), lasting through **June 1, 2026**.

This moratorium will allow time for Town officials to review, clarify, amend, and update the Town's Regulations for wind energy conversion systems, particularly with regard to where such development may be located in the Town. Additionally, this moratorium will allow the Town to adopt such other regulations as may be necessary to promote and preserve the health, safety and welfare of the Town and its citizens.

Section 3. Scope of Controls.

During the effective period of this Local Law:

- A. Neither the Town Board, the Zoning Board of Appeals, nor the Planning Board, or any Town Staff shall conduct any review or consider or grant any special permit or other approval that will result in the approval, establishment or construction of any Wind Energy Conversion System within the Town.

- B. To the extent permitted by law, this moratorium shall supersede all relevant provisions of the New York State Town Law, the New York State Building Code, any relevant Town local law and any other applicable law, rule or regulation, that may be in conflict herewith. If any ambiguity or conflict exists, this local law shall govern and the presumption shall in each case be that the moratorium is in effect.

Section 4. No Consideration of New, Revised, or Renewal Applications.

No new, revised, or renewal applications shall be accepted for filing, review, or consideration, and no site plans, authorizations, special permits, permits, building permits, variances, waivers or other approvals that purport to allow or advance the development, siting, or construction of any Wind Energy Conversion System shall be undertaken, reviewed, considered or issued by any board, officer, employee or agent of the Town. Nor shall any language or term in this moratorium effect, or be construed to result in, any default approval, and any matter now pending shall be stayed in place during the pendency of this moratorium, with all deadlines or other timelines suspended for the same number of days that this moratorium is in effect.

Section 5. Term.

The moratorium imposed by this Local Law shall be in effect until June 1, 2026, starting from the effective date of this Local Law. This moratorium may be extended, or rescinded or removed, by local law.

During the period of this moratorium the Town shall endeavor to adopt changes to its zoning code with regard to the siting, establishment and construction of Wind Energy Conversion Systems; and

Section 6. Location.

The moratorium imposed by this Local Law shall apply to the territorial limits of the Town of Chautauqua. Any dispute as to whether a property is encompassed within the geographic area detailed above shall be resolved by reference to the official tax maps of Chautauqua County and the official New York corporate boundary maps for the Town of Chautauqua.

Section 7. Validity.

The invalidity of any provision of this Local Law shall not affect the validity of any other provision of this Local Law that can be given effect without such invalid provision.

Section 8. Effective Date.

This Local Law shall take effect immediately.
