A. Dr. Alan Politte discussed the possible development of Railroad Park including a name change to Family Park. Councilmembers and staff discussed the challenges of development and access including regulatory obstacles, water, sewer, parking and grading. Councilmember Hurt made a motion to pursue accepting the donation of 15.92 acres of land immediately west of Railroad Park with the cost not to exceed \$5,000 (for appraisal), and send to full council. Mike,

As we discussed, I am interested in donating the property at 190 Long Road in Chesterfield to the city. It is 15.92 acres and immediately west of the city's Railroad Park. I am only looking to have the cost of an appraisal and tax paperwork covered (approximately \$3200). If that is a reasonable cost to have covered by the city, I would be willing to move forward with the donation over the next month or so. Thank you for your time.

Scott: Our Council parks committee recommended the go ahead with funding the appraisal, and I'll take it to the full council on the 20th, but doubt there will be any issues.

Do you have a title report on the property? If not, if you can get one with the appraisal, I'd fund that as well. I assume the appraiser would probably want it, and we'd like to know about all of the encumbrances on the property as well.

The appraisal is not necessary from our perspective. That is between the owner and the IRS. We can simply acknowledge the donation, we don't attest to a value.

Scott:

As I recall, that property is entirely a wetlands mitigation site and has a conservation easement on it. It is immediately west of our Railroad Park property. I think the City may have an interest in accepting a donation of the property, insofar as it provides for contiguous access from the west, but we have no interest in expending any cash to acquire the property.

Please find attached a Right of Entry and a depiction of the easement area previously discussed with David Human. As you will see, the project, which will stabilize the creek bed near Pump Station 7, will need to utilize a narrow strip of the Western edge of Lower Missouri River LLC's property for temporary construction purposes. The attached document will permit the Corps' contractors to access this narrow strip.

Please have the attached Right of Entry signed by a representative of Lower Missouri River LLC and have a PDF copy sent back to me. We will send a temporary construction easement deed to your attention as soon as it is available. We appreciate the quick turnaround on this, as the Corps is trying to get this project out to bid as soon as possible.

If you have any questions, please contact David Human at (314) 480-1710 or me directly. Thank you.
