

**TOWNSHIP OF CLINTON
COUNTY OF HUNTERDON
STATE OF NEW JERSEY**

**ORDINANCE
#1202 – 2024**

AN ORDINANCE OF THE TOWNSHIP OF CLINTON IN HUNTERDON COUNTY, NEW JERSEY CONSOLIDATING VARIOUS ZONING DISTRICTS ALONG THE ROUTE 31 CORRIDOR INTO A NEW HC HIGHWAY COMMERCIAL DISTRICT; CHANGING THE C-1 DISTRICT SOUTH OF THE ANNANDALE TRAIN STATION TO OB-2; CHANGING THE SOUTHERNMOST OB-1 DISTRICT TO RC; ESTABLISHING NEW CONDITIONAL USE STANDARDS AND DEFINITIONS; AND AMENDING CHAPTER 165 (LAND USE REGULATIONS) OF THE “CODE OF THE TOWNSHIP OF CLINTON” ACCORDINGLY.

WHEREAS, on March 6, 2023, the Clinton Township Planning Board (“Board”) adopted a master plan reexamination report (as well as amendments to the Township Master Plan) entitled “2023 Period Reexamination of the Master Plan and Development Regulations & Amendments to the Land Use Plan and Housing Plan Elements of the Clinton Township Master Plan” (“Report” or “Reexam Report”); and

WHEREAS, the Report contains a number of recommendations for zoning changes that are intended to encourage economic development, expand the number of permitted uses in certain areas of the Township, promote land use compatibility, reflect realistic development potential of various properties, and clarify the Township’s zoning regulations by adding definitions and conditional uses; and

WHEREAS, more specifically, the Report recommends the following:

- Establish a new HC Highway Commercial zoning district along Route 31 consolidating the C-1 and OB-1 zoning districts along with parcels from certain other zoning districts; this new designation would replace obsolete zoning designations for properties along the Route 31 corridor that are based on older land use objectives resulting in piecemeal zoning, as well as promote greater development flexibility along Route 31 by expanding the permitted uses for properties in this area of the municipality, together with use and bulk regulations to facilitate this goal (see Report pages 6-7);
- Rezone the existing C-1 zoning district located immediately south of the Annandale train station to the OB-2 zoning district, in order to promote greater development flexibility than the current retail sales and service-oriented zoning (see Report pages 8 and 28);
- Rezone the southernmost OB-1 zoning district to the RC zoning district, in recognition of the environmental constraints impacting the parcels in question by incorporating them into the surrounding RC zoning district (see Report page 23);

- Create new definitions and conditional use standards for self-storage facilities and combined motor vehicle filling station and convenience store uses in appropriate locations (see Report page 30);
- Expand the existing conditional use standards for fast-food restaurants (see Report page 30);
- Amend definitions pertaining to restaurants and principal uses and create definitions for new permitted conditional uses (see Report pages 5 and 30);
- Further clarify the Township-wide prohibition of warehouse and distribution uses in recognition that the Township's roadway infrastructure cannot support such uses (see Report page 7);
- Remove all references to the ROM-2 zoning district within the Planned Development Overlay development option as such zoning overlay is not applicable to the ROM-2 zoning district (see Report page 31); and
- Amend the OB-2 zoning district to eliminate the lot area restriction for mixed-use development as such limitation no longer applies (see Report page 28);

and

WHEREAS, the Mayor and Council wish to implement the above-referenced recommendations as set forth by the Board in its Report, all in order to advance the public health, safety and general welfare;
