of Hamlin _____

Local Law No. #11 _____ of the year 20²³

A local law INTRODUCTORY LOCAL LAW #11-2023
(Insert Title)
Chapter 405. Sewers

Be it enacted by the Town Board _____ of the
(Name of Legislative Body)

County City Town Village
(Select one.)

of Hamlin _____ as follows:

INTRODUCTORY LOCAL LAW #11-2023

WHEREAS, the Town Board of the Town of Hamlin did heretofore hold and conduct a Public Hearing to consider the enactment of Introductory Local Law # 11-2023; and

WHEREAS, such Public Hearing was duly held and conducted by the Town Board of the Town of Hamlin on the 27th day of September, 2023 at 6:00 p.m. at which hearing, all interested persons were heard concerning the subject matter thereof; and

WHEREAS, after due consideration, the Town Board believes it would be appropriate to enact such Local Law so as to amend Chapter 405 of the Code of the Town of Hamlin;

NOW, THEREFORE, be it resolved by the Town Board of the Town of Hamlin, Monroe County, New York, as follows:

Chapter 405. Sewers

Part 1. Sewer Use

Article I. Title, Purpose and Definitions

§ 405-1. Title.

This Part 1 shall be known as the "Sewer Use Ordinance."

§ 405-2. Purpose.

It is the purpose of this Part 1 to protect the sewage collection and treatment facilities, to prevent danger to life or damage to property, to promote the health, safety and general welfare, to prohibit the introduction of stormwater, surface or subsurface waters into the sanitary sewers, to provide for the fair distribution of treatment costs and to form a basis and policy for controlling the quantity and quality of wastes accepted into the sewerage systems of the sewer districts now or hereafter created in the Town of Hamlin, Monroe County, New York.

§ 405-3. Definitions and word usage.

A. Unless the context specifically indicates otherwise, the meanings of terms used in this Part 1 shall be as follows:

BOD (denoting "biochemical oxygen demand")

The quantity of oxygen utilized in the biochemical oxidation of organic matter under standard laboratory procedure in five days at 20° C., expressed in milligrams per liter.

BUILDING DRAIN

That part of the lowest horizontal piping of a drainage system carrying sewage which receives discharge from soil, waste and other drainage pipes inside the walls of the building and conveys it to the building's sewer.

BUILDING SEWER (sometimes called "house lateral")

The extension from the building drain to the public sewer or other place of disposal.

COMMERCIAL-INDUSTRIAL WASTES

Any and all other wastes not being domestic wastes but not limited to the wastes from commercial, laboratory and industrial processes, wastes from domestic operations or certain trade operations, such as sand, grit, waste petroleum products from automotive service stations, and the like, and animal wastes, straw and related items from dairy or other farming operations.

DOMESTIC WASTES

Waterborne human or animal excreta or body wastes and normal culinary, laundry and washing wastes originating in residences.

FORCE MAIN

See Low Pressure Sewer System.

GARBAGE

Solid wastes from the preparation, cooking and dispensing of food and from handling, storage and sale of produce.

GOVERNING BODY

The Town Board acting as the governing body to administer the affairs of any sewer district in the Town of Hamlin.

GRINDER PUMP

A sewage pump which pumps sewage into a low pressure sewer system.

LOW PRESSURE SEWER SYSTEM

A sanitary sewer system which utilizes pressurized sewer mains to carry sewage. Pressure in the sewer mains is generally provided by grinder pump systems.

NATURAL OUTLET

Any outlet into a watercourse, pond, ditch, lake or other body of surface or ground water.

OPERATOR

Any person or organization designated or contracted by the Town Board of the Town of Hamlin to operate and/or maintain public sewers.

OWNER

Any person with title to or having any interest in real property in any of the sanitary sewer districts and the extension or extensions and/or any drainage district or districts now existing or subsequently created by the Town Board of the Town of Hamlin, New York.

PERSON

Any individual, firm, company, association, society, corporation or group.

pH

The logarithm of the reciprocal of the weight of hydrogen ions in grams per liter of solution.

PROPERLY SHREDDED GARBAGE

The waste from the preparation, cooking and dispensing of food that has been shredded to such a degree that all particles will be carried freely under the flow conditions normally prevailing in public sewers, with no particle greater than 1/4 inch in any dimension.

PUBLIC SEWERS

A sewer system administered and/or controlled by the Town Board of the Town of Hamlin, New York.

SANITARY SEWER

A pipe or conduit which carries sewage and to which stormwater, surface water and groundwater are not intentionally admitted.

SEWAGE

The water-carried wastes from residences, commercial buildings, institutions and industrial establishments and other places.

SEWAGE TREATMENT PLANT

Any arrangement of devices and structures used for treating sewage under the control of the Town Board of the Town of Hamlin, New York.

SEWAGE WORKS

All facilities for collecting, pumping, treating and disposing of sewage.

SEWER DISTRICT

Any of the sanitary sewer districts and their extension or extensions and/or any drainage district or districts now existing or subsequently created by the Town Board of the Town of Hamlin.

STORM SEWER or STORM DRAIN

A sewer which carries stormwater and surface water drainage but excludes sewage and commercial-industrial and domestic wastes.

SUPERINTENDENT

That person designated by the Town Board to administer the affairs of any sewer district in the Town of Hamlin.

SUSPENDED SOLIDS

Solids that either float on the surface of or are in suspension in water, sewage or other liquids and which are removable by laboratory filtering.

WATERCOURSE

A channel in which a flow of water occurs either continuously or intermittently.

B. Word usage. In this Part 1, "shall" is mandatory; "may" is permissive.

Article II. Building Sewers

§ 405-4. Supervision by Town Board.

The sewer systems of the sewer districts of the Town of Hamlin, New York, as constructed or as hereafter added to or changed, shall be under the charge and control of the Town Board, under whose supervision they shall be used by property owners, and no person shall enter into, open or interfere with or use or do any repair or maintenance work with respect to said sewer systems except under the inspection and direction of the Town Board and after a written permit shall have been issued by the Superintendent of the sewer district in which such entering, opening, use, repair or maintenance is to take place. The Town Board shall adopt rules and regulations to govern the maintenance and use of the sewer systems and shall therein fix the amount of fees that shall be chargeable to persons or property owners who may wish to enter or use the sewer systems, which fee shall be sufficient in amount to pay the cost of inspection of such entry or entries.

§ 405-5. Notice for permit application.

Upon the completion of any sewer system, the Town Board or any official designated by it shall give notice to the owners of properties within said district, and, upon the receipt of such notice, it shall be the obligation of said owner to comply with this Part 1 as follows: The owners of all structures must apply for a permit and connect to the sanitary sewer system within 120 days after mailing of said notice.

§ 405-6. Scope of permits.

Permits granted under this Part 1 shall be for a specific waste or wastes, and such permits shall be granted only after the submission and approval of plans as set forth hereinafter. Subsequent wastes of different quantity, quality or characteristics shall be covered by separate permits.

§ 405-7. Classes of permits; application; fee.

There shall be two classes of building sewer permits, one for domestic waster service and one for service to all other contributors. The owner or his agent shall make application on a form furnished by the Town Board. The permit application shall be supplemented by any plans, specifications or other information considered pertinent in the judgment of the Superintendent. A permit fee in an amount fixed in the rules and regulations for sewer districts in the Town of Hamlin shall be paid at the time the application is filed.

§ 405-8. Disposition of costs and expenses.

All costs and expenses incident to the installation and connection of the building sewer shall be borne by the owner. The owner shall indemnify the sewer district from any loss or damage that may, directly or indirectly, be occasioned by the installation of the building sewer.

§ 405-9. Separate building sewers required.

A separate and independent building sewer shall be provided for every building.

Article III. Nondomestic Wastes

§ 405-10. Prohibited discharges.

No person shall discharge or cause to be discharged any stormwater, surface water, groundwater, roof runoff, subsurface drainage, cooling water or impounded or unpolluted industrial process waters to any sanitary sewer.

§ 405-11. Compliance with regulations.

Stormwater and all other unpolluted drainage shall be discharged to such sewers as are specifically designated as storm sewers or to a natural outlet approved by the Town Board.

Industrial cooling water or other unpolluted process waters may be discharged, upon approval of the Town Board, to a storm sewer or natural outlet.

§ 405-12. Restricted discharges.

405-12.1 General Sanitary Sewers

Except as hereinafter provided, no person shall discharge or cause to be discharged any of the following described waters or wastes to any public sewer:

A. Any liquid or vapor having a temperature lower than 32° F. or higher than 150° F.

B. Any waste or water which may contain more than 100 milligrams per liter, by weight, of fats, oils or grease.

C. Any gasoline, benzene, naphtha, fuel oil or other flammable or explosive liquid, solid or gas.

D. Any garbage that has not been properly shredded.

E. Any ashes, cinders, sand, mud, grit, straw, animal wastes, shavings, metal, glass, syringes, rags, feathers, tar, plastics, wood, manure or any other solid or viscous substance capable of causing obstruction to the flow in sewers or other interference with the proper operation of the sewage works, in the opinion of the Town Board.

F. Any water or wastes having a pH lower than 6.0 or higher than 9.0 or having any other corrosive property capable of causing damage or hazard to structures, equipment and personnel of the sewage works, in the opinion of the Town Board.

G. Any water or wastes containing a toxic or poisonous substance in sufficient quantity to injure or interfere with any sewage treatment process, constitute a hazard to humans or animals or create any hazard in the receiving waters of the sewage treatment plant, in the opinion of the Town Board.

H. Any water or wastes containing suspended solids of such character and quantity that unusual attention or expense is required to handle such materials at the sewage treatment plant.

I. Any noxious or malodorous gas or substance.

405-12.2 Low Pressure Sewer Systems

In addition to prohibited items listed within 405-12A, no person shall discharge or cause to be discharged any of the following described waters or wastes to public low pressure sewer system:

A. Any diapers, baby wipes, tampons, applicators, sanitary napkins, flushable and non-flushable wipes, cotton swabs, rubber or latex items, food wrappers, disposable toilet brushes, cigarette butts, or other objects or substance capable of causing obstruction to the flow or operation of the sewer system, in the opinion of the Town Board.

B. Any hair, kitty litter, aquarium gravel, seafood shells, or other objects or substance capable of causing obstruction or damage to the grinder pumps within the sewer system, in the opinion of the Town Board.

§ 405-13. Interceptors.

A. Grease, oil and sand interceptors shall be provided when, in the opinion of the Town Board, they are necessary for the proper handling of wastes containing grease in excessive amounts or any flammable wastes, sand, grit and other harmful ingredients. All interceptors shall be of a type and capacity approved by the Town Board and shall be located so as to be readily and easily accessible for cleaning and inspection. Grease and oil interceptors shall be constructed of impervious materials capable of withstanding abrupt and extreme changes in temperature. They shall be of substantial construction, watertight and equipped with easily removable covers which, when bolted in place, shall be gastight and watertight. Grease and oil interceptors shall be constructed in any place or building having a capacity to serve group meals.

B. Where installed, all grease, oil, sand and grit interceptors shall be maintained by the owner at his expense in continuously efficient operation at all times.

§ 405-14. Review by Town Board; preliminary treatment.

A. The admission into the public sewers of any waters or wastes having a five-day biochemical oxygen demand greater than 300 milligrams per liter by weight, containing more than 350 milligrams per liter by weight of suspended solids, containing any quantity of substances having the characteristics described in § 405-12 or having an average daily flow greater than 2% of the average daily sewage flow of the sewer district shall be subject to the review and approval of the Town Board.

B. Where necessary in the opinion of the Town Board, the owner shall provide, at his expense, such preliminary treatment as may be necessary to:

(1) Reduce the biochemical oxygen demand to 300 milligrams per liter and the suspended solids to 350 milligrams per liter by weight;

(2) Reduce objectionable characteristics or constituents to within the maximum limits provided for in this section; or

(3) Control the quantities and rates of discharge of such waters or wastes.

C. Plans, specifications and any other pertinent information relating to proposed preliminary treatment facilities shall be submitted for the approval of the Town Board, together with a letter from the New York State Department of Health approving the proposed preliminary treatment facilities, and no construction of such facilities shall be commenced until said approvals are obtained in writing.

D. Where preliminary treatment facilities are required for any waters or wastes, no permit will be granted until such pretreatment units have been placed in operation and have demonstrated their effectiveness by test. The cost of such testing, sampling and analyzing shall be borne by the waste contributor.

E. Said preliminary treatment facilities shall be maintained continuously and satisfactorily in effective operation by the owner at his expense.

§ 405-15. Control manholes.

When required by the Town Board, the owner of any property served by a building sewer carrying commercial-industrial wastes shall install a suitable control manhole in the building sewer to facilitate observation, sampling and measurement of the wastes. Such manhole, when required, shall be conveniently and safely located. It is to be constructed in accordance with plans approved by the Town Board. The manhole shall be installed by the owner at his expense and shall be maintained by him so as to be safe and accessible at all times.

§ 405-16. Tests; measurements.

All measurements, tests and analyses of the characteristics of waters and wastes to which reference is made in §§ 405-12 and 405-14 shall be determined in accordance with Standard Methods for the Examination of Water and Wastewater or with methods approved by New York State Department of Health and may be determined at the control manhole provided for in § 405-15 or upon suitable samples taken at said manhole. In the event that no special manhole has been required, the control manhole may be considered to be the nearest downstream manhole in the public sewer to the point at which the building sewer is connected. If, in the judgment of the Town Board, analyses must be performed which are beyond the scope of the laboratory at the sewage treatment plant, these analyses shall be performed at a laboratory designated by the Superintendent, and the cost of these analyses shall be borne by the owner.

§ 405-17. Exceptions.

No statement contained in this article shall be construed as preventing any special agreement or arrangement between the Town Board and any industrial, commercial or other owner whereby an

industrial-commercial or domestic waste which is of unusual strength or character may be accepted by the Town Board for treatment, subject to payment therefor by such owner.

Article IV. Administration and Enforcement

§ 405-18. Supervision of repairs and maintenance.

A. Any repair or maintenance work in connection with sewer pipes and drains connected directly or indirectly to any sanitary or storm sewer system or storm drain in the Town shall be performed in accordance with specifications and under the supervision and inspection of the Town Board.

B. Only operators designated by the Town Board shall maintain, modify, or operate public sewer systems and appurtenances owned by the sewer district. These include but are not limited to grinder pumps, laterals, curb stops, control panels and valves.

C. In the case that a warning alarm sounds on an individual property that is a part of a low pressure sewer system, persons present shall contact the operator of the sewer system, and may silence the alarm. Persons unauthorized by the Town Board shall not attempt to diagnose or repair systems within a public sewer system.

§ 405-19. Assessment of costs.

A. For work performed on sewers, pipes, laterals or drains which is not part of a sanitary sewer or storm sewer system at the direction or under the supervision of the Superintendent for the particular or special benefit of any individual parcel or portion of real property, a charge is hereby established in an amount equal to the actual cost thereof to the Superintendent.

[Amended 8-10-1987 by L.L. No. 9-1987[1]]

B. The Town Board shall annually assess against the individual parcel of land the amount of any such charges remaining unpaid on October 1, and such charges shall be added to the tax roll and collected in the same manner and at the same time as the other taxes are assessed, levied and collected in the Town pursuant to statute.

§ 405-20. Right of entry.

A. The Superintendent and other duly authorized employees of the Town Board bearing proper credentials and identification shall be permitted to enter upon all properties for the purpose of inspection, observation, measurement, sampling and testing, or proper activities in accordance with the terms of this Part 1 or any regulations promulgated thereunder. The powers and authority herein granted shall be in addition to powers of inspection otherwise granted by law to the Town Board.

B. The operator bearing proper credentials and identification shall be permitted to enter upon easements granted to the Town of Hamlin for the purpose of maintenance, repair, or other operation of the public sewer.

§ 405-21. Collection of information authorized.

All information in the possession of the owner bearing on the industrial, commercial or other process which, in the judgment of the Superintendent, affects the sewer works or systems shall be made available to the Superintendent or his authorized representative.

§ 405-22. Hearings.

Any permit issued pursuant to this Part 1 shall be subject to cancellation after a hearing in the event of a finding by the Town Board at such hearing that the user or permittee of the sewerage system has violated any of the provisions of this Part 1. Such hearing shall take place on 10 days' written notice to the permittee or user. Upon any cancellation provided for in this section or otherwise in this article, the Town Board may terminate the use of the sewer by severing the connection to the sewerage system.

§ 405-23. Penalties for offenses.

A. Any person violating any provision of this Part 1 shall be responsible in money damages for any injury to the sewer system or expense caused the sewer district by such violation. This money may be collected by civil action in the Supreme Court of the State of New York. Obedience to this Part 1 may also be enforced by injunction.

B. Any person violating any provisions of this Part 1 and interfering with, entering or using said sewer systems without obtaining permission hereunder shall be guilty of an offense and subject to a fine of not less than \$50 nor more than \$100 or to imprisonment of not less than one day nor more than six months, or both such fine and imprisonment, and, in addition, when a violation of this Part 1 or any of the provisions thereof is continuous, each 24 hours thereof shall constitute a separate, distinct and additional violation.

§ 405-24. Effect on prior ordinances.

In the event that the provisions of this Part 1 are inconsistent with the provisions of any ordinance of the Town of Hamlin heretofore adopted, the provisions of this Part 1 shall be applicable and shall supersede such inconsistent prior provisions. However, in such event, only the prior provisions inconsistent with any provision of this Part 1 shall be deemed superseded, and all other provisions in any such heretofore adopted ordinance not inconsistent with the provisions of this Part 1 shall continue in full force and effect.[1]

Part 2. Sewer Rents

Article V. Authority, Title and Terminology

§ 405-25. Statutory authority; title.

A. Pursuant to the authority of the Sewer Rent Law, being Article 14-F of the General Municipal Law of the State of New York, and any and all amendments thereto, there are hereby established and imposed sewer rents as a means of producing revenues for Sewer District No. 1.

B. This Part 2 shall be known as the "Sewer Rent Ordinance."

§ 405-26. Definitions.

As used in this Part 2, the following terms shall have the meanings indicated:

HOUSEHOLD UNITS

Shall be determined as follows:

A. A single-family dwelling connected to the sewer system located upon premises which is 100 feet or less in average width shall constitute one household unit.

B. A single-family dwelling connected to the sewer system located upon premises having more than 100 feet in average width shall constitute one household unit for the first 100 feet of average width plus one household unit for each additional 100 feet of average width; provided, however, that such additional 100 feet of average width shall constitute, in whole or in part, premises on which a residence could be erected, which said residence and premises would comply with Chapter 520, Zoning, of the Code of the Town of Hamlin and the Building Code of the Town of Hamlin.

C. Premises occupied or designed to be occupied by two or more families, including two-family and multifamily dwellings and apartments, apartment houses and such, connected to the sewer system shall consist of $\frac{1}{3}$ of a household unit for each studio or one-bedroom living unit, $\frac{2}{3}$ of a household unit for each two-bedroom living unit, and one household unit for each living unit of three or more bedrooms. In the event that such premises also contains space not used for residential purposes, such space shall consist of such number of additional household units determined by dividing the annual water consumption in such space by 70,000 gallons.

D. Public and parochial school structures served by said sewer system shall constitute one household unit for each 40 pupils and staff members, both teaching and administrative, or major portion of such number, in average daily attendance, except that each separate structure so served by said system shall in no event constitute less than one such household unit.

E. All types of structures or premises not described in Subsections A, B, C and D of this definition, including but not exclusive of churches, institutions, motels, stores and commercial establishments, shall constitute that number of household units determined by dividing the annual water consumption on said premises by 70,000 gallons. Such premises, however, constitutes a minimum of one household unit. Industry units will be established by dividing the average monthly employment, based on the previous year, by 20; new industry units will be based on the anticipated monthly employment for the initial year divided by 20.

F. In the event that any parcel of real property in its entirety falls within more than one of the above classifications, that classification which produces the greatest number of household units shall be the one applicable. In the event that any parcel of real property is divisible into two or more classifications, the number of household units in each classification shall be determined,

and the total thereof shall constitute the number of household units applicable to the entire parcel.

PART

As used in relation to the term "sewer system," all lateral sewers or all branch sewers or all interceptor sewers or all trunk sewers or all channels, streams or watercourses into which is introduced stormwater, and any sewage treatment and disposal works, each part with necessary appurtenances, including pumping stations.

SEWAGE

The water-carried human or animal wastes from residences, buildings, industrial establishments or other places, together with such groundwater infiltration and surface water as may be present, and groundwater, surface water and stormwater.

SEWER RENTS

A scale of annual charges established and imposed in the aforesaid sewer district for the use of the sewer system or any part or parts thereof.

SEWER SYSTEM

All sewer pipes and other appurtenances which are used or useful, in whole or in part, in connection with the collection, treatment or disposal of sewage, water, industrial wastes and other wastes and which are owned, operated or maintained by said district, including sewage pumping stations and sewage treatment and disposal works, and all channels, streams and watercourses owned, operated or maintained by said sewer district and into which is introduced stormwater by way of pipes or channels owned, operated or maintained by said sewer district.

Article VI. Establishment and Payment of Rents

§ 405-27. Sewer rents established.

Sewer rents are hereby established and imposed for the sewer system in said sewer district as now existing and hereafter extended pursuant to law.

§ 405-28. Determination of rents by Town Board.

A. The Town Board shall annually fix and determine the amount of the sewer rent to be charged for each household unit in said sewer district.

B. The Town Board may impose additional fees for operation and maintenance of public sewer to a sewer district as needed.

§ 405-29. Collection.

[Amended 5-4-1964; 5-8-2006 by L.L. No. 5-2006]

The annual sewer rent established for each unit in a sewer district shall be set forth on the Town tax bill for said year and shall be collected and enforced in the same manner and at the same time as provided for Town taxes.

§ 405-30. Revenues.

Revenues derived from sewer rents shall be credited to a specific fund to be known as the "Sewer Rent Fund of Sewer District No. 1." Moneys in such fund shall be used only in the manner and for the purpose specified and in the order required by the Sewer Rent Law of the State of New York.

Section 2. That the Town Clerk's shall give due notice of the enactment of this Local Law by the filing of the same with the Secretary of State as required by statute.

(Complete the certification in the paragraph that applies to the filing of this local law and strike out that which is not applicable.)

1. (Final adoption by local legislative body only.)

I hereby certify that the local law annexed hereto, designated as local law No. 11 of 2023 of the (County)(City)(Town)(Village) of Hamlin was duly passed by the TownBoard on Sept. 27 2023, in accordance with the applicable provisions of law.
(Name of Legislative Body)

2. (Passage by local legislative body with approval, no disapproval or repassage after disapproval by the Elective Chief Executive Officer*.)

I hereby certify that the local law annexed hereto, designated as local law No. _____ of 20____ of the (County)(City)(Town)(Village) of _____ was duly passed by the _____ on _____ 20____, and was (approved)(not approved) (repassed after disapproval) by the _____ and was deemed duly adopted on _____ 20____, in accordance with the applicable provisions of law.
(Name of Legislative Body)
(Elective Chief Executive Officer)*

3. (Final adoption by referendum.)

I hereby certify that the local law annexed hereto, designated as local law No. _____ of 20____ of the (County)(City)(Town)(Village) of _____ was duly passed by the _____ on _____ 20____, and was (approved)(not approved) (repassed after disapproval) by the _____ on _____ 20____.
(Name of Legislative Body)
(Elective Chief Executive Officer)*

Such local law was submitted to the people by reason of a (mandatory)(permissive) referendum, and received the affirmative vote of a majority of the qualified electors voting thereon at the (general)(special)(annual) election held on _____ 20____, in accordance with the applicable provisions of law.

4. (Subject to permissive referendum and final adoption because no valid petition was filed requesting referendum.)

I hereby certify that the local law annexed hereto, designated as local law No. _____ of 20____ of the (County)(City)(Town)(Village) of _____ was duly passed by the _____ on _____ 20____, and was (approved)(not approved) (repassed after disapproval) by the _____ on _____ 20____. Such local law was subject to permissive referendum and no valid petition requesting such referendum was filed as of _____ 20____, in accordance with the applicable provisions of law.
(Name of Legislative Body)
(Elective Chief Executive Officer)*

* Elective Chief Executive Officer means or includes the chief executive officer of a county elected on a county-wide basis or, if there be none, the chairperson of the county legislative body, the mayor of a city or village, or the supervisor of a town where such officer is vested with the power to approve or veto local laws or ordinances.

5. (City local law concerning Charter revision proposed by petition.)

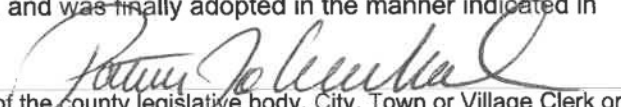

I hereby certify that the local law annexed hereto, designated as local law No. _____ of 20____ of the City of _____ having been submitted to referendum pursuant to the provisions of section (36)(37) of the Municipal Home Rule Law, and having received the affirmative vote of a majority of the qualified electors of such city voting thereon at the (special)(general) election held on _____ 20____, became operative.

6. (County local law concerning adoption of Charter.)

I hereby certify that the local law annexed hereto, designated as local law No. _____ of 20____ of the County of _____ State of New York, having been submitted to the electors at the General Election of November _____ 20____, pursuant to subdivisions 5 and 7 of section 33 of the Municipal Home Rule Law, and having received the affirmative vote of a majority of the qualified electors of the cities of said county as a unit and a majority of the qualified electors of the towns of said county considered as a unit voting at said general election, became operative.

(If any other authorized form of final adoption has been followed, please provide an appropriate certification.)

I further certify that I have compared the preceding local law with the original on file in this office and that the same is a correct transcript therefrom and of the whole of such original local law, and was finally adopted in the manner indicated in paragraph _____ above.

Clerk of the county legislative body, City, Town or Village Clerk or officer designated by local legislative body
