OTHER BUSINESS

Curtis and Durant Ave.

Councilman Szwejbka stated the residents of the area are putting together a petition to have some type of traffic control put in the area because of speeding cars. There are a lot of kids in the area. It is a blind spot coming over the hill. Captain Swanson will review the area.

Appleyard Neighborhood Watch

Captain Samuelson is attending a meeting at 6:30 this evening with residents to organize a group in that area. He also stated that there is no STOP sign at Cross Street and Crescent Street.

Falconer Street and Hopkins Ave.

Councilman Szwejbka stated at the cross walk where the old school is on Falconer Street, is traffic expected to stop for people to cross there when they are going toward the stadium?

Captain Swanson stated that there are other areas that also want the signs. It would be cost prohibitive to do that.

There being no further business, the meeting was adjourned.
