Public Comment

Melissa Paterniti, 346 Falconer Street, appeared with a question on the presentation given by CHRIC at the April 4th work session. She asked if the city funding that is given to CHRIC is used only for projects that are within the city of Jamestown. Both Councilwoman Carrubba and Director Surdyk confirmed that this is the case.

Discussion Items

Director of Development Crystal Surdyk was present and discussed the Annual Action Plan walking tours, noting that Ward 2 had been cancelled due to the weather forecast and was rescheduled for Saturday May 7th at 12:00 p.m. with participants meeting at Washington Middle School. Ward 5 has a walking tour scheduled for May 7th as well beginning at 10:00 a.m. meeting at Fletcher Elementary School. Ward 3 is planned for Tuesday April 12th and participants will meet at Jackson Taylor Park under the pavilion. A full schedule is on file in the City Clerk's office.

Director Surdyk and the members of the committee also discussed the Roof, Sewer Lateral and Water Main Program. While the funding has been allocated for the program, the applications are in the process of being created and the details of the project are still being developed. Director Surdyk is hopeful that the program will be up and running by June 1st and assured the public that there will be an announcement when they are able to begin accepting applications.

There being no further business, the meeting was adjourned.
