Ashley Metelko requested from the council to add a line to the budget for community improvements for items such as...benches and trash cans when they wear out.

After hearing Mr. Nelson speak at public participation, she stated that she had reached out to the council via email about a Grant that she found for Residential Home Improvements. She did not get a response. The council agreed that she should move forward

The council agreed to add the line item to the budget. The council will vote and approve the line when they vote on the FY 25/26 budget.

Additional Local Funds Resurfacing Targets

Shane Remmert with CMT was present address the council. Andrew Bowns had allocated \$525,000 out of his Sewer Construction line to put towards the Union Street (Keokuk to Route 66) rehab. That frees up some funds for additional resurfacing targets. PH Broughton was awarded the bid for the current targets and have agreed to hold their unit price if more targets were added. Targets must be asphalt or mill and overlay. The additional targets are brought forward are Stuart Drive, Herndon Drive, North Elm Street, Railsplitter Ave, and Heritage Ave. This cost is estimated at \$462,000.00. The request is for spending up to \$487,000.00 to cover anything unforeseen that may come up. These funds are being rolled over from FY24/25 to FY25/26.

The council brought up Union Street, from 8th St to Woodlawn. The citizens in that area was promised a new road after the sewer repairs. The city has been waiting on that work to settle under the street to be able to fix any sink holes or water line issues that may appear. Mr. Landers stated that this is on the target list but because the Tremont Street reconstruction will cost approx. \$2million, it may have to wait a couple more years for funding.

These targets will be placed on the regular agenda.

Mayoral appointment of Marty Neitzel to the Economic Development Commission

This item will be placed on the regular agenda.

Ground Mounted Solar Regulations

Alderman Bateman would like all ground mounted solar permits to come before the council for approval.

Alderwoman O'Donoghue is against the council needing to approve these permits. She feels that is the job of Mr. Woodhall.

Discussion was had again regarding the fence height and forming a committee to review any ground mounted solar applications, commercial or residential.

Mr. Woodhall will change the language in the current ordinance to include the committee.

This item will be placed on the regular agenda.

MEMORANDUM

TO: Mayor Tracy Welch and Members of the City Council

FROM: Wes Woodhall, Building and Safety Official

DATE: April 15, 2025

RE: Award of Contract for the Mowing of Nuisance Properties in the City of Lincoln

Background: The Building and Safety Department is tasked with maintaining derelict/nuisance properties throughout the city.

Analysis/Discussion: Request for proposals for hourly rates of mowing services was posted publicly and the proposals were opened on April 1, 2025 at 9:00 a.m.

We received three bids:

Mid-State Exterior Solutions, LLC:	\$40/hr.
Eugene Mehan Lawn Services:	\$42/hr.
Complete Lawncare:	\$45/hr.

Rates are based on a 1/hr. minimum, after that, the rates are calculated by ¼ /hr. increments. A typical yard or project takes roughly one hour, this of course varies based on size, severity and services requested. Mid-State Exterior Solutions has a strong reputation and Building and Safety Department staff is comfortable recommending the City of Lincoln enter into a 2-year contract with Mid-State Exterior Solutions to provide this service.

COW Recommendation: Place on Council agenda for discussion of recommendation.

Fiscal Impact: Funds for this service is taken out of budget line item 02-0224-6450.

Council Recommendation: Approve staff recommendation of contracting Mid-State Exterior Solutions for nuisance mowing services for a 2-year period.

MEMORANDUM

LINCOLN POLICE DEPARTMENT

CHIEF OF POLICE
JOSEPH MEISTER

DEPUTY CHIEF OF POLICE
MATTHEW COMSTOCK

To: City of Lincoln Mayor, Tracy Welch & City of Lincoln Council Members
From: Chief of Police, Joseph Meister
Meeting Date: April 15th, 2025

Re: Fencing Purchase for Outdoor Storage

Background

The Lincoln Police Department routinely has 5000-6000 pieces of evidence and/or property on hand at any given time. Property storage indoors is limited to items that require secure storage to protect chain of custody and packaging integrity. Other items, such as unclaimed or abandoned property, vehicle property and bicycles do not require special secure storage. We are seeking to utilize unused outdoor space, around and behind the 6th Street Police garage, to store such property and free up indoor space that is needed for secure storage. This area will require fencing to provide an acceptable measure of security.

Analysis/Discussion

If approved, the Lincoln Police Department 6th Street Police garage would be able to store property such as bicycles and other items that do not require secure storage. Currently, Bay #1, the evidence processing bay, is full of unclaimed and/or abandoned bicycles, scooters and motorized bikes, etc. Abandoned property must be kept for a minimum of 30 days prior to disposal. Unclaimed property can take even longer to dispose of. The outdoor storage would benefit the Department by freeing up much needed space inside our garage.

We received a quote (attached) from Goodman Fence Inc, of Springfield to complete the project in the amount of \$8,640. Our last fencing bid, on West Kickapoo Street, was won by Goodman Fence Inc. by a wide margin.

Fiscal Impact

\$8,640 to be expended from Line #02-1200-5202

COW Recommendation

Place on Council's April 21st, 2025 voting agenda to approve the expenditure, not to exceed \$9,000.

Sincerely & Respectfully,

Chief of Police, Joe Meister #85

Re: Certificates of Deposit

Date: April 10, 2025

During our preparation for the Budget Resolution for F.Y. 2025-2026, Sewer Superintendent Andrew Bowns and I discussed investing a portion of the Sewer Enterprise Fund in Certificates of Deposit. Such investment would generate additional income for the Fund. Following that discussion I contacted local banks in order to obtain the most favourable interest rates for these investments. The most favourable rate quotes that we received for these funds are listed below:

Three-month	4.20%	United Community Bank
Six-month	4.20%	United Community Bank
Seven-month	4.15%	Tremont First Nat'l. Bank

Please keep in mind that our balance in the Sewer O. & M. Fund will remain sufficient to cover our costs during the periods described in the above terms of investment. In the unlikely event that these funds were needed, these Certificates of Deposit could be liquidated at any time; however, such early redemption would result in a substantial interest penalty. In any such case, there would be no penalty assessed on the principle invested.

I am, therefore, recommending that the City invest \$650,000.00 in the three-month Certificate of Deposit; \$650,000.00 in the six-month Certificate of Deposit and \$700,000.00 in the seven-month Certificate of Deposit. Further, I recommend that the City proceed with these investments as soon as possible because interest rates have been trending downward in recent weeks.

If you have any questions or need additional information, please contact me.

MEMORANDUM

TO: Mayor and City Council Members
FROM: Aaron T Johnson, Fire Chief
MEETING DATE: April 15, 2025
RE: Fire engine purchase

This memo is to begin discussions on authorization to start defining the specific features, equipment, and performance requirements of a new fire engine to enhance the Lincoln Fire Department's capabilities and ensure the safety of our community. Marketplace rumor is that fire engine manufacturers are going to start charging an "inflation adjusted cost" upon delivery, as opposed to what the costs is at the start of the project. I would like to lock in costs as soon as possible before this happens. Most manufactures are stating that delivery is taking two to four years.

Background:

- The Lincoln Fire Department currently operates with 2 fire engines, which are 24 years old and 14 years old. Lincoln Fire Department also operates 2 fire trucks, which are 16 years old and 6 years old.
- Annex D of NFPA 1901: standard for automotive fire apparatus (now recognized as NFPA 1900) includes life cycle recommendations regarding frontline and reserve apparatus. The standard suggests that apparatus older than 15 years should be evaluated for refurbishing and/or reserve status. NFPA 1901's Annex D further recommends that apparatus than are older than 25 years be retired from the fleet.
- These aging vehicles are experiencing increased maintenance costs and reliability issues, impacting our ability to respond effectively to emergencies.

Justification:

- **Enhanced Safety:**
A new fire engine will improve our equipment reliability and overall safety for firefighters and the public.

- **Increased Efficiency:**

Modern fire engines are designed with advanced technology and features that enhance efficiency and effectiveness in firefighting operations.

- **Cost Savings:**

While the initial cost of a new engine is significant, the long-term maintenance costs and operational reliability will lead to cost savings in the long run. Repair costs on the current fleet exceeded \$50,000 in FY 24-25.

- **Community Needs:**

Investing in our fire department is an investment in the safety and well-being of our community.

Recommendation:

- We recommend the City Council place this on the agenda to approve authorization to start this process.
- We propose a budget not to exceed \$1,200,000 for this purchase, which includes the cost of the fire engine, equipment, travel expenses, and initial maintenance. This includes a 10% margin for contingencies. Payment will not take place until delivery of fire engine (excluding any costs associated with travel and/or earnest money deposits).
- I am available to discuss this matter further and answer any questions you may have.

Next Steps:

- Although difficult to show a financial need, I will be seeking further information on available grant opportunities to help offset the cost of the new fire engine.
