4. the Project will further the redevelopment objectives of the Redevelopment Plan; and
5. the Project's fiscal impact analysis indicates that the benefits of the Project outweigh the costs to the Township; and

WHEREAS, the Township hereby determines that the tax exemption is important in obtaining development of the Project and influencing the locational decisions of the probable occupants for the following reasons:

1. the relative stability and predictability of the annual service charges will make the Project more attractive to investors and lenders needed to finance the Project; and
2. the relative stability and predictability of the service charges will allow the owner to stabilize its operating budget, allowing a high level of maintenance to the building over the life of the Project, which will ensure the likelihood of the success of the Project and ensure that it will have a positive impact on the surrounding area; and

WHEREAS, the Township and the Entity have reached agreement with respect to, among other things, the terms and conditions relating to the Annual Service Charges and desire to execute a Financial Agreement reflecting the same.
