§1. Title.

This Local Law shall be known as Local Law No.2 of 2023 for the Town of Moreau establishing rules and regulations for the use and operation of the Town consolidated water district and further setting rates for capital costs and operation and maintenance expenses. Local Law No. 2 of 2023 reads as follows:

§2. Quality.

The quality of the Town of Moreau’s water supply and waterworks is fundamental to the quality of life in the Town. It is hereby declared to be the intent of the Town of Moreau to provide its citizens with waterworks that are of the highest quality possible considering operation and maintenance, materials for construction, water quality, water quantity, water pressure, fire protection, and overall cost.

§3. Impacts.

It shall be the intent of the Town of Moreau to continually consider and assess all the immediate and future impacts on the well-being of the Town and its potable water supply, of all actions taken with regard to expanding, upgrading, and permitting water distribution systems.

§4. Planning.

It shall be the intent of the Town that approval of any new waterworks either within the Town or within any adjoining municipality must include, in addition to any and all other regulatory requirements, an acceptable engineering assessment of how that system could be integrated into the existing Town-wide system and the positive and/or negative impacts that any new system could have on the existing Town system, including municipal and private wells and aquifer supply and quality concerns.

§5. Construction.

It shall be the intent of the Town to require that all new or proposed waterworks shall be constructed in such a way and of such materials that they meet the minimum standards set by the Town and that there is as much standardization in the system as is practicable.

ARTICLE II
Applicable Standards and Definitions

§6. Severability.

The validity of any section, clause, sentence, or provision of this chapter shall not affect the validity of any other part of this chapter, which can be given effect without such invalid part or parts.

§7. References to standards.

When reference is made to incorporate any statutes, codes, specifications or manuals of practice, said reference shall be to the latest editions thereof.

§8. Applicable standards.

The design, material, and construction methods shall conform to, at a minimum, the requirements of the applicable sections of the current editions and subsequent revisions of the following documents.

- A. Recommended Standards for Water Works, Great Lakes — Upper Mississippi River Board of State Public Health and Environmental Managers.
- B. Rural Water Supply, New York State Department of Health.
- C. Part 75-B, New York State Department of Health, 10 NYCRR.
- D. Subpart 5-1 of New York State Sanitary Code, New York State Department of Health, 10 NYCRR.
- E. AWWA Standards, American Water Works Association.
- F. Fire Suppression Rating Schedule, Insurance Services Offices.
- G. Town of Moreau Water System Standard Requirements (This document may be reviewed in the Town Hall.)

§9. Definitions of terms; word usage.

A. Definitions. Unless the context specifically indicates otherwise, the meanings of terms used in this chapter shall be as follows:
