§ 252-2 General authorization.

- A. The Township of Monroe shall grant exemptions from taxation of improvements to residential, single-family dwellings and residential portions of mixed-use dwellings more than 20 years old as permitted under *N.J.S.A. 40A:21-1 et seq.* In determining the value of real property, the Township shall regard the first \$25,000 in the County Assessor's full and true value of improvements for each dwelling unit primarily and directly affected by the improvements as not increasing the value of the property for a period of five years, notwithstanding that the value of the property to which the improvements are made is increased thereby. During the exemption period, the assessment on the property shall not be less than the assessment thereon existing immediately prior to the improvements, unless there is damage to the dwelling through action of the elements sufficient to warrant a reduction.

- A. There may be an exemption from taxation of improvements to multiple dwellings. In determining the value of the real property, the Township of Monroe shall regard the first \$25,000 in the County Assessor's full and true value of the improvements or conversion alterations as not increasing the value of the property for a total of five years, notwithstanding that the value of the property upon which the construction or conversion alteration occurs is increased thereby. During the exemption period, the assessment on the property shall not be less than the assessment thereon existing immediately prior to the improvements, unless an abatement is granted pursuant to Subsection B of this section, or there is damage to the multiple dwelling through action of the elements sufficient to warrant a reduction.
- B. An ordinance providing for exemption may also provide for the abatement of some portion of the assessed value of property receiving the exemption as it existed immediately prior to the improvement or conversion alteration. An abatement for a multiple dwelling may be granted with respect to that property for a total of up to five years, but the annual amount of the abatement shall not exceed 30% of the total cost of the improvement or conversion alteration, and the total amount of abatements granted to any single property shall not exceed the total cost of the improvement or conversion alteration.
