WHEREAS, in the 2020 New Jersey General Election, 2,737,746 New Jersey residents voted “yes” to Public Question No. 1, to amend the New Jersey Constitution to legalize a controlled form of marijuana called “cannabis” for use by adults at least 21 years of age, the sale of which would be subject to State and local taxation; and

WHEREAS, the number of New Jersey residents voting in favor of legalizing the sale, adult use and local taxation of cannabis in the 2020 General Election amounted to over 67% of the total number of New Jersey residents that voted in the 2020 General Election; and

WHEREAS, at the municipal level, the percentage of Mount Olive residents voting in favor of legalizing the sale, adult use and local taxation of cannabis in the 2020 General Election exceeded that of the State by a full percentage point, as over 68% of the total number of Mount Olive residents voting in the 2020 General Election, or 3,433 of the 5,037 Mount Olive residents that voted on Public Question No. 1, voted “yes” to amend the New Jersey Constitution to legalize the controlled sale and use of “cannabis” by adults at least 21 years of age; and

WHEREAS, in the 2020 General Election, the total number of Mount Olive residents voting in favor of legalizing the sale, adult use and local taxation of cannabis surpassed that of every individual candidate for public office by 273 or more votes, and in many instances received over 1,000 votes more than a major leading party candidate for public office; and

WHEREAS, on February 22, 2021, Governor Murphy signed into law P.L. 2021, c. 16, known as the “New Jersey Cannabis Regulatory, Enforcement Assistance, and Marketplace Modernization Act” (the “Act” or “CREAMMA”), which legalizes the commercial cultivation, sale, use and possession of cannabis by adults 21 years of age or older, and establishes a comprehensive regulatory and licensing scheme with respect to same; and

WHEREAS, the Act establishes six marketplace classifications for licensed cannabis businesses and establishments, which generally are as follows:

- Class 1 Cannabis Cultivator license, for facilities involved in growing and cultivating cannabis;
- Class 2 Cannabis Manufacturer license, for facilities involved in the manufacturing, preparation, and packaging of cannabis items;
- Class 3 Cannabis Wholesaler license, for facilities involved in obtaining and selling cannabis items for later resale by other licensees;
- Class 4 Cannabis Distributor license, for businesses involved in transporting cannabis plants in bulk from one licensed cultivator to another licensed cultivator, or cannabis items in bulk from any type of licensed cannabis business to another;
- Class 5 Cannabis Retailer license for locations at which cannabis items and related supplies are sold to consumers; and
- Class 6 Cannabis Delivery license, for businesses providing courier services for consumer purchases that are fulfilled by a licensed cannabis retailer in order to make deliveries of the purchased items to a consumer, and which service would include the ability of a consumer to make a purchase directly through the cannabis delivery service which would be presented by the delivery service for fulfillment by a retailer and then delivered to a consumer.

WHEREAS, section 31a of the Act, N.J.S.A. 24:6I-45a, authorizes municipalities to adopt ordinances and regulations governing the number of any class of licensed “cannabis establishment” (defined in section 3 of the Act, N.J.S.A. 24:6I-33, as “a cannabis cultivator, a cannabis manufacturer, a cannabis wholesaler, or a cannabis retailer”), cannabis distributors and cannabis delivery services allowed to operate from a principal location within their municipal boundaries, as well as the location, manner and times of operation of such establishment, cannabis distributors and/or cannabis delivery services, except that that time of operations for cannabis delivery services shall only be subject to the regulation by the Cannabis Regulatory Commission (the “Commission” or “CRC”); and

WHEREAS, section 31a of the Act, N.J.S.A. 24:6I-45a further authorizes each municipality to establish and enforce certain civil penalties for violations of any ordinances or regulations governing the number of cannabis establishments, distributors or delivery services allowed to operate within the boundaries of a municipality, and/or their location, manner and/or times of operation; and

WHEREAS, section 31b of the Act, N.J.S.A. 24:6I-45b, authorizes municipalities to adopt and enforce ordinances prohibiting the operation of any one or more classes of cannabis establishments, distributors, and/or cannabis delivery services from anywhere within the geographical jurisdiction of a municipality, but not the actual delivery and transportation of cannabis items and related supplies by a New Jersey licensed cannabis delivery service operating from a licensed principal location outside the geographical boundaries of the municipality; and

WHEREAS, section 31b of the Act, N.J.S.A. 24:6I-45b, also stipulates that any municipal ordinance prohibiting the operation of any one or more classes of cannabis establishments, distributors or delivery services anywhere in a municipality must be adopted within 180 days of the effective date of CREAMMA (August 21, 2021); and

WHEREAS, due to the above legislative requirements, and the fact that at that time no regulations had yet been adopted at the State level pertaining to adult use cannabis and the uncertainties regarding potential future impacts these businesses might have on New Jersey municipalities, the Township Council of the Township of Mount Olive opted to adopt Ordinance No. 10-2021 on May 4, 2021, prohibiting outright the operation of cannabis establishments, distributors and deliver services within the Township; and

WHEREAS, since the adoption of Ordinance No. 10-2021, the State of New Jersey CRC enacted stringent regulations and standards on the oversight and safe operation of cannabis establishments, distributors and delivery services; and

WHEREAS, in particular, on August 19, 2021, the CRC adopted its first set of regulations and rules governing the licensing and operation of cannabis establishments, distributors and delivery services, which regulations and rules are set forth at N.J.A.C. 17:30-1 through N.J.A.C. 17:30-17.9 (“CRC’s Rules”); and

WHEREAS, over the last several years, the CRC has amended, further refined and clarified its regulations to address loopholes and uncertainties in the law, published considerable guidance on the regulation, licensing and oversight of cannabis establishments, distributors and delivery services to ensure public confidence and the success of such businesses without compromising the safety of the public; and

WHEREAS, over the last several years the Township have received inquiries from persons and businesses operating in other municipalities and/or interested in operating cannabis establishments in the Township; and

WHEREAS, N.J.A.C. 17:30-5.1(b) of the CRC’s regulations explicitly authorizes any municipality that previously adopted an ordinance prohibiting outright the operation of any cannabis establishment, distributor or the principal location of any cannabis delivery service business within a municipality in accordance with N.J.S.A. 24:6I-45b, to later amend its ordinances to allow for the operation of such cannabis establishments, distributors and the principal locations of cannabis delivery service businesses; and

WHEREAS, section 31c of the Act, N.J.S.A. 24:6I-45c, authorizes municipalities to impose separate local licensing or endorsement requirements as part of its local ordinance restrictions on the number of cannabis establishments, distributors or delivery services and the time, location and manner of such cannabis establishments and businesses; and

WHEREAS, section 32 of the Act, N.J.S.A. 24:6I-21 authorizes municipalities by ordinance to regulate and/or prohibit the operation of cannabis consumption areas operated by licensed cannabis retailers, alternative treatment centers; and

WHEREAS, section 40 of the Act, N.J.S.A. 40:48I-1, authorizes municipalities to adopt ordinances imposing a local transfer tax and/or user tax on the gross receipts from the sale and/or transfer of cannabis and cannabis items from cannabis establishments located in the municipality to other cannabis establishments and from the gross receipts of the retail sale of cannabis and cannabis items from cannabis retailers to retail consumers, or any combination thereof combination thereof, and sets forth the limits for same; and

WHEREAS, the current law and regulations recognize that municipalities play an important role in regulating the new cannabis industry and are thus permitted to enact restrictions on cannabis establishments and cannabis businesses and facilities that make sense for the community; and

WHEREAS, the Township Council of the Township of Mount Olive recognizes the importance of fostering economic opportunities that provide jobs and ratables to the community, while ensuring that such uses can safely operate and seamlessly fit into the fabric of the community through the adoption and enforcement of local licensing and regulatory ordinances; and

WHEREAS, the Township Council has determined that the cultivation, manufacturing, wholesale, and distribution of cannabis and cannabis items, as well as the principal locations of cannabis delivery services continue to pose special local concerns and therefore should continue to be prohibited outright from being located within the Township; and

WHEREAS, the Township Council also finds that retail cannabis establishments pose less of an impact on the community so long as they are located in appropriate areas of the Township and are subject to strict local licensing and regulatory control; and

WHEREAS, the Township Council desires to amend its ordinances to authorize the local licensing and regulation of no more than one (1) local cannabis retailer license and to permit operation of such by a New Jersey CRC licensed cannabis retailer within the Township's C1 and C-2 Commercial Districts, which currently allow for the retail sales of goods and services, subject to both local municipal licensing and regulations requirements, while also continuing to prohibit outright the operation of all other cannabis establishments, cannabis distributors and the primary operating location for cannabis delivery services, from within the geographic boundaries of the Township in accordance with N.J.S.A. 24:6I-45 and N.J.S.A. 40:48-2 of the New Jersey Home Rule Act.

NOW THEREFORE, BE IT ORDAINED, by the Township Council of the Township of Mount Olive, County of Morris, State of New Jersey, as follows:
