

Morrisville Borough
Bucks County, Pennsylvania

A Resolution of Morrisville Borough establishing a 2023 Fee Schedule
For the Application and Review of Subdivision and Land Development Applications
and for the Application and Review of Building and Zoning Permit Applications

Part 1 Subdivision and Land Development

The following costs are applicable to applications for Preliminary Subdivision and/or Land Development that have not been accepted as complete by the borough prior to the adoption of this Fee Schedule.

A filing fee and escrow deposit are payable at the time of each application (sketch, preliminary and final). Separate checks shall be submitted by the applicant to cover the amounts identified. In general, the filing fee will reimburse the municipality for indirect, un-liquidated and overhead expense incurred during each review process for a particular application. The escrow deposit, established through the Professional Services Agreement, will be held, in an interest-bearing account, and will only be utilized if the applicant does not pay the invoices for the expenses of the Borough Council and/or the Planning Commission for advisory services. These services may include paid administrative staff, engineering, legal, site design, traffic design, landscaping, street lighting and any other consultant necessary, at the opinion of the Borough Council and/or the Planning Commission, to properly examine the proposed Subdivision/Land Development Application. To any fees incurred by the borough, the sum of fifteen percent (15%) shall be added as reimbursement to the borough to cover administrative, overhead, and other costs associated and incurred in processing the application and/or plan, and for the collection of such fees and their distribution.

Escrow amounts shall be established in accordance with this Resolution, all unused funds within the Escrow Account shall be returned to the applicant eighteen (18) months after completion of the project/development or upon written cancellation of the project/development upon approval by the Borough Council of the refund.

In the event the applicant disputes the amount of any such expense in connection with the review of applications, reports and inspections of the improvements, the applicant shall within ten (10) days of the billing date, notify the borough that such expenses are disputed as unreasonable or unnecessary, in which event the borough shall not delay or disapprove a subdivision/land development application or any approval or permit related to the subdivision/land development due to the applicant's request over disputed fees.

In event that the borough and the applicant cannot agree on the amount of the review fees which are reasonable and necessary, then the applicant and the borough shall follow the procedure for dispute resolution set forth in 53 P.S. §10510(g), as amended; provided that the professionals resolving such dispute shall be of the same profession or discipline as the consultants whose fees are being disputed.
