

Parks Commission
July 12, 2010

Present:	G. Harrington	B. Doliver
	F. Hailey	S. Chase
	R. DeMarco	M. Williams

Minutes of the June meeting were approved as written. S. Chase motioning and F. Hailey seconding. A Trial Balance was received.

East/West Parks-

S. Chase reported that the County had signed for the project to begin.

Mark reported to the Commission that the filters at Kurt Beyer pool are in need of replacing. The main pool filter is original and at least 30 years old. The funding for these would come from money budgeted for the Tennis courts.

R. DeMarco said she has received an interest from Caputo Brothers Painting for making signs for the City entrances. She said she has also addressed the Council of the Arts for ideas.

It was noted that the Kiosk in West Parks needed repairs. R. DeMarco said she would notify the County about that.

Mark showed pictures of artwork that the Place would like to display in a City Park. With the help of an Artist the children would make the items as part of a learning project. The Commission supported the project with Mark finding a safe place to put the art.

The meeting adjourned at 8:00pm. S. Chase motioning and B. Doliver seconding. The next meeting will be on August 9th at 7:00pm.
