

MINUTES
City of Norwich, Parks Commission
April 29, 2025

Present: Chairperson C. Sprague, Comm. B. McCracken, Comm. K. Thompson, Alderwoman N. Allaire

Absent: Comm. OJ Levesque, Comm. S. Lambert, Comm T. French, Comm. S Collins

Also Present: A. Testani

Correspondence: None

Not enough members were present to form a quorum

Old Business:

The meeting was held at Weiler Park as part of our annual review of the parks. A review of the sharp's container and dog waste stations that were recently installed was done. The feedback on the dog waste stations was positive. The question was asked if we could get more of the dog waste stations for the other parks.

It was noted that one net at the tennis court needs to be replaced along with the net separating the courts.

The commission reviewed the playground equipment. It was agreed that a grant should be submitted looking to replace what we currently have. A. Testani will be submitting a grant request for new equipment.

There's an ash tree near the parking lot that needs to come down.

The commission was glad to see several pickleball players using the courts. Feedback from the players was very positive about the courts and the condition after being flooded this winter. One player stopped to thank us for the dog waste stations in the park.

New Business:

Chairman's Report: Nothing to report.

Commissioner's Reports: No issues reported.

Budget: No update.

Adjournment: The meeting ended at 7:30PM.

Next meeting: Tuesday May 27th at 6:00 at the City Offices.
