Mayor Biviano introduced John Hoxie, Superintendent at Camp Georgetown. Mr. Hoxie stated relative to the State Prison System that there is currently 130% overcrowding in the system. He said there is a bill before the Assembly that has been passed by the Senate which would allow more maximum security beds to be added to the system. He explained that as it is now, a violent criminal is often paroled after serving half of the sentence. Mr. Hoxie said facilities such as Camp Georgetown could experience overcrowding. Governor Pataki's proposed prison expansion plan will keep the violent criminals out of facilities like Camp Georgetown and ease the current conditions of overcrowding in most state prisons by adding more cells. Mr. Hoxie distributed information regarding the Governor's plan and asked for support of the bill which is now before the Assembly.

Mayor Biviano read a proclamation in honor of Don Collier for the more than 50 years he has dedicated to the youth of the City and proclaimed June 18, 1997 as Don Collier Day in the City of Norwich.

PUBLIC HEARINGS:

Proposed Ordinance No. 5 of 1997 -- Mayor Biviano opened the public hearing at 7:12 PM for an ordinance to amend the Plumbing Ordinance relative to sanitary drainage piping. There being no comments from the public, the Mayor closed the hearing at 7:13 PM.

Proposed Local Law No. 2 of 1997 -- Mayor Biviano opened the public hearing at 7:13 PM for a local law relative to amending the Charter relative to the Codes Enforcement Officer. There being no comments from the public, the Mayor closed the hearing at 7:14 PM.

To Determine if Certain Property is Required for Use by the City -- Mayor Biviano opened the hearing for comments relative to parcels of real property located at 49 Mechanic Street, 82 Mitchell Street, 36-38 Sheldon Street, 82 Sheldon Street, 80 Sheldon Street, 8-10 South State Street and 19 Delaware Square, which property is not and has not been required for use by the City for a considerable time.

Casey Jones, asked who would receive the proceeds from the sale of the properties and if there would be a provision in the deeds that the properties will always be taxable. CD Director Wagoner said the properties would be put back on the tax roll and the proceeds of the sales would go to the LDC to be used for economic development purposes. Mayor Biviano said the City is working on many projects. He noted upkeep of the properties takes much time and expense and the City would like to have them back on the tax rolls.

Ald. McNeil asked how many of the properties are large enough to build on. The CD Director said all of the properties are substandard.

Mr. Jones stated he feels the revenue from sales should go into the General Fund and the properties remain taxable at all times.

There being no further comments, the Mayor closed the hearing at 7:17 PM.

OPEN FORUM:

Proposed Resolution relative to TOPS Project -- Casey Jones, 4 Maydole Street, regarding a proposed resolution relative to the TOPS project, said he was under the impression there would be a public

hearing relative to the project. CD Director Wagoner said a hearing is not required if the long form environmental review is done. Mr. Wagoner stated there would be a public hearing once the plans are complete. Mr. Jones stated the information contained in the Clerk's office is insufficient and said there are traffic issues that have not been addressed. He recommended that a full environmental impact statement be done.

ORDINANCE NO. (6)
OF 1997

AN ORDINANCE ESTABLISHING PROCEDURE FOR
OBTAINING PERMIT FOR TEMPORARY EXCLUSIVE USE OF
PARK PROPERTY OF THE CITY OF NORWICH

BE IT ORDAINED by the Common Council of the City of Norwich, New York, as follows:

Section 1. In accordance with provisions of Section 147-a of the City Charter and Article II, Section 52-15 of the City Code, Issuance of Licenses, an ordinance hereby is established for obtaining a permit for temporary exclusive use of park property of the City of Norwich.

Section 2. Authorization to Permit Use.

The Parks Commission ("Commission") of the City of Norwich ("City") is authorized to grant permission for the exclusive use of any park or portion or facility thereof for a reasonably appropriate purpose and period of time as determined by the Commission, and charge therefor such uniform fees as may be established by the Common Council of the City of Norwich ("Council"), when the granting of such use will not unreasonably impair the city's ability to provide adequate park facilities for the use of the general public during such period of time. In granting such permission, the Commission shall forward its written approval of the application for such use, together with any fee(s) required from the applicant, to the City Clerk or his (or her) designee(s) as a requirement for the issuance of an official permit hereunder. The Commission's approval shall be evidenced by the signature of the Commission Chairman or his (or her) written designee(s) from among the other current members of the Commission.

Section 3. Application for Permit.

Before the Commission may grant permission hereunder, the person or organization seeking such permission shall file a written application with the Commission setting forth and providing the following:

- (a.) The name, address, and telephone number of the person filing the application;
- (b.) The name, address, and telephone number of the headquarters of the organization, if applicable, and of the persons who manage such organization and will oversee the use requested;
- (c.) The exact use for which the permit is requested;
- (d.) The park or portion or facility thereof requested for such use;
- (e.) The exact dates, and if applicable, the hours for which the use is requested;
- (f.) The approximate number of persons expected to attend such use;
- (g.) If applicable, the number and type of any vehicles expected to be an integral part of such use, including the number and types of any camping vehicles and the estimated time and arrival of all vehicles;
- (h.) A statement by the applicant acknowledging responsibility for and agreement to providing for the cleanup of the requested area following its use with restoration to the condition in which it was found immediately prior to the start of such use requested hereunder;
- (i.) Other such factors as the Commission may consider relevant in granting permission for the requested use; and,
- (j.) Payment of any applicable fee(s) as referred to in Section 2.

Section 4. Determination for Granting Permission and Authorizing Issuance of Permit.

The Commission shall grant its approval based on its determination of the following:

- (a.) The requested use is appropriate with respect to the designed and intended purpose of the park facilities involved. Among those factors that the Commission may deem relevant, this determination shall include but is not limited to such considerations as:

- (1) The regular and normal uses allowed to the general public;
 - (2) The nature of the subject park property and its reasonable adaptability to the requested use;
 - (3) Past experience the City and other governmental subdivisions have had with the requested type of use;
 - (4) Possible impact of the requested use on the adjacent neighborhood;
 - (5) Possible impact on the safe and orderly movement of vehicular or pedestrian traffic;
 - (6) Possible effect on fire or police protection;
 - (7) Possible effect on physical well-being of persons or property, maintaining the peace, or hazards to public health; and also:
 - (8) In all cases, the Commission shall not discriminate against any person or organization because of race, color, religion, sex or sexual orientation, disability, or natural origin in making its determination.
- (b.) In the event that the requested use is deemed appropriate as provided in (a.) of this Section, but is determined by the Commission to represent a significantly higher degree of exposure to hazards than that from the regular and normal uses allowed to the general public, it shall require the following as an additional condition of approval of the request:
- (1) The person or organization requesting the use shall cause to have a certificate of insurance issued to: "The City of Norwich, Attention: Parks Commission", evidencing general liability insurance coverage in effect for such person or organization throughout the time period of requested use; and,
 - (2) The limits of such coverage shall be of an adequate dollar amount as determined by the Commission, and shall reflect insurance policies issued by companies authorized to do business in the State of New York.

Section 5. Appeal of Determination.

In deciding on its approval in Section 4., the Commission shall utilize such information and resources and shall confer with such City officials as considered reasonably appropriate for a fair determination. In the event however, that any person or organization is aggrieved by any determination so made, they may appeal such determination in a letter to the Council in care of the City Clerk, with a copy to the Mayor, setting forth the details of such grievance. Such person or organization shall then personally appear before the Council at a mutually reasonable and appropriate time to show why he (or she) is aggrieved and why and how such determination should be modified or reversed by the Council. The Council shall then make a final determination of the matter in controversy at or before its next following scheduled meeting, or as otherwise required by applicable law or regulations, and shall sustain, modify, or reverse the determination of the Commission.

Section 6. This ordinance shall take effect immediately.
