Also Present: Mayor J. Maiurano, Alderman B. Doliver, C. Ivarson

Meeting was opened by Chairman J. Drelich at 7:00 pm

Visitors:

There were no visitors.

Treasurers Report:

W. Roberts presented the 2013 end of the year water & sewer finance reports.

Superintendents Report:

Filter pilot program in its final stages, two more weeks of testing

W. Roberts & C. Ivarson working on USDA-RD paper work for the Water Storage Tank Replacement to be submitted by the end of March 2014

Existing primary digester will be required to be taken off-line and repaired. Estimated construction & engineering cost are \$700,000.00 dollars.

New digester: Mayor J. Maiurano & C. Ivarson have requested information from a local business to see if it would be feasible to treat their waste.

Phase two of the I & I inspection of the sewer system is scheduled for 2014; Engineering for Delaware Engineering is \$ 13,000.00 dollars and approximately \$ 12,500.00 for the cleaning and television inspection of 3,500 feet of sewer main.

Heating coil for the screen & grit building needs replacement, superintendent trying to find repair parts.

Computer updates; Due to Microsoft XP phase out it will require approximately \$12-15,000.00 dollars to upgrade computers charged to the sewer system.

There will be no April meeting.

Adjournment:

Meeting was adjourned at 7:40 pm

A tour of the Control room, laboratories and storage area took place after the meeting.
