6. Board Member Comments

Scott Kosiba brought up possible future happenings at Burzlander Park. Due to it being Pinedale's most underutilized park, an idea of making it the Town's campground may entice the community and visitors to use it more. Adding camping spots to this park would provide an area for Continental Divide travelers to stay before they begin their journey up to Elk Heart. The Board briefly discussed this idea and decided to table this subject until the next meeting when all members are present.
