RE: Local Law # 9 of 2024

Dear Ms. Squires:

Enclosed please find Local Law # 9 of 2024 of the Town of Poughkeepsie which has been filed with the NYS Department of State Records and Law Bureau.

Sincerely,

Felicia Salvatore

Felicia Salvatore, Town Clerk Town of Poughkeepsie

Enclosure

Local Law Filing

(Use this form to file a local law with the Secretary of State.)

BE IT RESOLVED, that the Town Board of the Town of Poughkeepsie, pursuant to a duly noticed public hearing held on August 21, 2024 at 7:00 pm at the Town Hall, Town of Poughkeepsie, One Overocker Road, Poughkeepsie, New York, does hereby adopt a local law; amending Chapter 168A, "Short-Term Rentals," and Chapter 210, "Zoning," to change the regulation of short-term rentals by: (1) allowing the short-term rental of two-family dwellings and accessory apartments subject to certain conditions; and (2) clarifying that site plan approval is not required for special use permits issued for short-term rentals by the Town Board; and

BE IT FURTHER RESOLVED, that the proposed local law is annexed hereto as Exhibit A and incorporated herein as if recited verbatim, and the Town Board does direct that said local law be spread across the record as if it, in fact, had been read verbatim; and

DOS-0239-f-I (Rev. 04/14) Page 2 of 4

BE IT FURTHER RESOLVED, that the Town Board has previously declared its intent to act as Lead Agency under the New York State Environmental Quality Review Act and does declare said action to be a Type I Action under the New York State Environmental Quality Review Act (SEQRA); and

BE IT FURTHER RESOLVED, that the Town Board has reviewed the Long Environmental Assessment Form (EAF) prepared by the Director of Municipal Development and hereby determines that: 1) the adoption of the herein code amendment would not have a significant adverse effect on the environment and; 2) the Supervisor is authorized to execute Parts 2 and 3 of the EAF as drafted and; 3) a draft environmental impact statement will not be required for the reasons set forth in the attached Determination of No Significance and; 4) a Negative Declaration is hereby issued; and

BE IT FURTHER RESOLVED, that a written recommendation was received from the Dutchess County Department of Planning and Development dated 8 9 202 stating that the proposed code amendment is a matter of local concern; and

BE IT FURTHER RESOLVED, that a written recommendation dated August 16, 2024 was received from the Town of Poughkeepsie Planning Board in which said Board conveyed a neutral recommendation to the Town Board regarding adoption of the herein zoning amendment; and

BE IT FURTHER RESOLVED, that the Legal Notice of Public Hearing was posted on July 29, 2024 and published in the Poughkeepsie Journal on August 7, 2024; and

BE IT FURTHER RESOLVED, that the Town Clerk notified the Clerks of the surrounding municipalities of the public hearing pursuant to GML 239-nn; and

BE IT FURTHER RESOLVED, that said local law shall take effect immediately upon filing with the Secretary of State.

Text of law should be given as amended. Do not include matter being eliminated and do not use italics or underlining to indicate new matter.

TOWN OF POUGHKEEPSIE

LOCAL LAW NO. __ (PROPOSED) OF THE YEAR 2024

A LOCAL LAW TO AMEND CHAPTER 168A OF THE CODE OF THE TOWN OF POUGHKEEPSIE ENTITLED "SHORT-TERM RENTALS," AND TO AMEND CHAPTER 210 OF THE CODE ENTITLED "ZONING" REGARDING SHORT-TERM RENTALS

BE IT ENACTED by the Town Board of the Town of Poughkeepsie as follows:

SECTION 1. LEGISLATIVE INTENT

This local law amends The Town of Poughkeepsie Code to allow for the short-term rental of two-family dwellings and accessory apartments subject to certain conditions and approvals, and to clarify that site plan approval from the Planning Board is not required for special use permits issued for short-term rentals by the Town Board. The regulations are designed to protect the health, safety, and welfare of Town residents and to bring the Town's Zoning Law into conformance with "Greenway Connections: Greenway Compact Program and Guides for Dutchess County Communities" pursuant to Chapter 18 of the Town Code. The proposed regulations are consistent with the recommendations of the Town's 2021 *Comprehensive Plan*.

SECTION 2. APPLICATION

This local law shall apply within the Town of Poughkeepsie.

SECTION 3. SEVERABILITY

The invalidity of any word, section, clause, paragraph, sentence, part, or provision of this local law shall not affect the validity of any other part of this local law which can be given effect without such part or parts.

SECTION 4. AMENDMENTS TO CHAPTER 168A OF THE TOWN CODE ENTITLED "SHORT-TERM RENTALS"

§ 4.1. Section 168A-2 of the Code is hereby amended by deleting the definition of "Short-Term Rental" in its entirety and replacing it with the following new definition of "Short-Term Rental." SHORT-TERM RENTAL

A single-family or two-family dwelling or portion thereof, or an accessory apartment, made

available for rent or lease, or otherwise assigned, for an occupancy of fewer than 30 consecutive days. The term "short-term rental" does not include dormitories, hotel or motel rooms, bed-and-breakfast establishments, inns, or boardinghouses as regulated by the Town of Poughkeepsie Zoning Law, and does not include the use of any accessory structure(s) for dwelling purposes. The following are types of short- term rentals:

- 1. Hosted short-term rental. A short-term rental where a primary resident is present in the dwelling overnight with their guest(s) or, in the case of an accessory apartment or a two-family dwelling, where a primary resident is present in the building overnight with their guest(s).
- 2. Unhosted short-term rental. A short-term rental where no primary resident is present in the dwelling or building overnight with their guest(s). There are two types of unhosted short-term rentals:
 - (1) Unhosted short-term rental, accessory residential use. An unhosted short-term rental in a primary residence.
 - (2) Unhosted short-term rental, principal commercial use. An unhosted short-term rental that is not in a primary residence.

§ 4.2. Section 168A-7F(4) of the Code is hereby amended by deleting it in its entirety and replacing it with the following new §168A-7F(4).

Bedrooms. A hosted short-term rental shall be permitted to rent a maximum of two bedrooms. No unhosted short-term rental shall offer for sleeping any space other than a bedroom. The foregoing notwithstanding, the use of any single-family or two-family dwelling or accessory apartment for a short-term rental, whether hosted or unhosted, shall not result in an increase in the total number of permitted bedrooms indicated in the inspection report pursuant to § 168A-5B herein.

SECTION 5. AMENDMENTS TO CHAPTER 210 OF THE TOWN CODE ENTITLED "ZONING"

§ 5.1. Section 210-105.1B of the Code is hereby amended by deleting the definition of "Short-Term Rental" in its entirety and replacing it with the following new definition of "Short-Term Rental."

SHORT-TERM RENTAL

A single-family or two-family dwelling or portion thereof, or an accessory apartment, made available for rent or lease, or otherwise assigned, for an occupancy of fewer than 30 consecutive days. The term "short-term rental" does not include dormitories, hotel or motel rooms, bed-and-breakfast establishments, inns, or boardinghouses as regulated by the Town of Poughkeepsie Zoning Law, and does not include the use of any accessory structure(s) for dwelling purposes. The following are types of short-term rentals:

Hosted short-term rental. A short-term rental where a primary resident is present in the
dwelling overnight with their guest(s) or, in the case of an accessory apartment or a twofamily dwelling, where a primary resident is present in the building overnight with their
guest(s).

- 2. Unhosted short-term rental. A short-term rental where no primary resident is present in the dwelling or building overnight with their guest(s). There are two types of unhosted short-term rentals:
- 1. Unhosted short-term rental, accessory residential use. An unhosted short-term rental in a primary residence.
- 2. Unhosted short-term rental, principal commercial use. An unhosted short-term rental that is not in a primary residence.
- § 5.2. Section 210-105.1C of the Code is hereby amended by deleting it in its entirety and replacing it with the following new § 210-105.1C.

Required approvals. An unhosted short-term rental as a principal commercial use shall be allowed only after the granting of a special use permit by the Town Board. The special use permit shall be renewed annually. It shall be a privilege, not a right, and can be revoked for failing to comply with the provisions herein and in Chapter 168A of the Town Code. Site plan approval shall not be required for special use permits under this section unless the Town Board directs that, because of its complexity or other unusual circumstances, a particular application for an unhosted short-term rental as a principal commercial use must have site plan approval from the Planning Board.

§ 5.3. Section 210-105.1E(1) of the Code is hereby amended by deleting it in its entirety and replacing it with the following new § 210-105.1E(1).

Short-term rentals, as defined herein, shall be permitted in all zoning districts within the Town of Poughkeepsie.

- § 5.4. Section 210-105.1E(3) of the Code is hereby amended by deleting it in its entirety and renumbering the remaining subsections sequentially.
- § 5.5. The existing § 210-105.1E(5) of the Code is hereby amended by deleting it in its entirety and replacing it with the following new subsection which shall appear as § 210-105.1E(4).

No short-term rental shall be permitted in addition to an accessory apartment or a home occupation that requires a special use permit pursuant to § 210-74C(2) of this chapter.

SECTION 6. EFFECTIVE DATE

This local law shall take effect immediately after it is filed with the Secretary of State as provided in section twenty-seven of the Municipal Home Rule Law.

Full Environmental Assessment Form Part 1 - Project and Setting

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.

A. Project and Applicant/Sponsor Information.

 q. Will the proposed action (commercial, industrial and recreational projects only) use pesticides (i.e., herbicides, insecticides) during construction or operation? If Yes: i. Describe proposed treatment(s): 	☐ Yes ☐ No
ii. Will the proposed action use Integrated Pest Management Practices?	☐ Yes ☐No
r. Will the proposed action (commercial or industrial projects only) involve or require the management or disposal of solid waste (excluding hazardous materials)? If Yes: i. Describe any solid waste(s) to be generated during construction or operation of the facility: • Construction: tons per (unit of time) • Operation: tons per (unit of time) ii. Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste: • Construction: tons per (unit of time)	☐ Yes ☐No
Operation:	
 iii. Proposed disposal methods/facilities for solid waste generated on-site: Construction: 	
Operation:	

s. I	Does the proposed action include construction or modi	fication of a solid waste m	anagement facility?	☐ Yes ☐ No
If Yes:				
i.	Type of management or handling of waste proposed	for the site (e.g., recycling	or transfer station, composting	g, landfill, or
l	other disposal activities):			
ii.	Anticipated rate of disposal/processing:		out on	
	Tons/month, if transfer or other non-other non-other transfer or other non-other		ent, or	
222				
255538				
1	Vill the proposed action at the site involve the comme	rcial generation, treatment,	storage, or disposal of hazardo	ous [Yes]No
	vaste?			
If Y	Name(s) of all hazardous wastes or constituents to be	generated handled or man	paged at facility:	
6.	ivalic(s) of all liazardous wastes of constituents to be	generated, nandred or man	aged at facility.	
ii.	Generally describe processes or activities involving h	azardous wastes or constitu	uents:	
	Specify amount to be handled or generatedto			
iv.	Describe any proposals for on-site minimization, rec	ycling or reuse of hazardou	is constituents:	
v	Will any hazardous wastes be disposed at an existing	offsite hazardous waste fa	cility?	□Yes□No
	es: provide name and location of facility:	Ollotte Hanni dono Waote 14	,	
If N	o: describe proposed management of any hazardous v	wastes which will not be se	nt to a hazardous waste facility	y:
-	20 10 41 - 6D 1 1 4			
E. 3	Site and Setting of Proposed Action

•	• Other			
	Describe:			

c. Is the project site presently used by members of the community for public recreation? i. If Yes: explain:	□Yes□No
d. Are there any facilities serving children, the elderly, people with disabilities (e.g., schools, hospitals, licensed day care centers, or group homes) within 1500 feet of the project site? If Yes,	□Yes□No
i. Identify Facilities:	
e. Does the project site contain an existing dam? If Yes:	☐Yes☐No
i. Dimensions of the dam and impoundment:	
Dam height: feet	
Dam length: feet	
Surface area: acres	
Volume impounded: gallons OR acre-feet	
ii. Dam's existing hazard classification: iii. Provide date and summarize results of last inspection:	
iii. Provide date and summarize results of fast inspection.	
f. Has the project site ever been used as a municipal, commercial or industrial solid waste management facility, or does the project site adjoin property which is now, or was at one time, used as a solid waste management facility Yes:	□Yes□No ity?
i. Has the facility been formally closed?	☐Yes☐ No
If yes, cite sources/documentation:	
ii. Describe the location of the project site relative to the boundaries of the solid waste management facility:	
"" Describe and development constraints due to the union cell'd mosts extinition	
iii. Describe any development constraints due to the prior solid waste activities:	
g. Have hazardous wastes been generated, treated and/or disposed of at the site, or does the project site adjoin	□Yes□No
property which is now or was at one time used to commercially treat, store and/or dispose of hazardous waste? If Yes:	1050110
i. Describe waste(s) handled and waste management activities, including approximate time when activities occurred	ed:
h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site?	□Yes□ No
If Yes:i. Is any portion of the site listed on the NYSDEC Spills Incidents database or Environmental Site Remediation database? Check all that apply:	□Yes□No
Yes - Spills Incidents database Provide DEC ID number(s):	
Yes - Environmental Site Remediation database Neither database Provide DEC ID number(s):	
ii. If site has been subject of RCRA corrective activities, describe control measures:	
iii. Is the project within 2000 feet of any site in the NYSDEC Environmental Site Remediation database?If yes, provide DEC ID number(s):	□Yes□No
iv. If yes to (i), (ii) or (iii) above, describe current status of site(s):	

ν. Is the project site subject to an institutional control limiting property uses?	□Yes□No
If yes, DEC site ID number:	
 Describe the type of institutional control (e.g., deed restriction or easement): Describe any use limitations: 	
Describe any use inimations. Describe any engineering controls:	
Will the project affect the institutional or engineering controls in place?	□Yes□No
• Explain:	
E.2. Natural Resources On or Near Project Site	
a. What is the average depth to bedrock on the project site?	
b. Are there bedrock outcroppings on the project site?	☐ Yes ☐ No
If Yes, what proportion of the site is comprised of bedrock outcroppings?%	
c. Predominant soil type(s) present on project site:	6
e. I redominant son type(s) present on project site:	
9	6
d. What is the average depth to the water table on the project site? Average: feet	
e. Drainage status of project site soils: Well Drained: % of site	
Moderately Well Drained: % of site	
Poorly Drained% of site	
f. Approximate proportion of proposed action site with slopes: 0-10%:% of site	
□ 10-15%:% of site	
☐ 15% or greater:% of site	
g. Are there any unique geologic features on the project site? If Yes, describe:	□Yes□No
h. Surface water features.	
i. Does any portion of the project site contain wetlands or other waterbodies (including streams, rivers,	□Yes□No
ponds or lakes)?	5 1
ii. Do any wetlands or other waterbodies adjoin the project site?	☐Yes☐No
If Yes to either i or ii, continue. If No, skip to E.2.i.	
iii. Are any of the wetlands or waterbodies within or adjoining the project site regulated by any federal,	□Yes□No
state or local agency? iv. For each identified regulated wetland and waterbody on the project site, provide the following information:	
Streams: Name Classification	
Lakes or Ponds: Name Classification	
Wetlands: Name Approximate Size	
 Wetland No. (if regulated by DEC) 	
v. Are any of the above water bodies listed in the most recent compilation of NYS water quality-impaired waterbodies?	☐Yes ☐No
If yes, name of impaired water body/bodies and basis for listing as impaired:	
i. Is the project site in a designated Floodway?	□Yes□No
j. Is the project site in the 100-year Floodplain?	□Yes□No
k. Is the project site in the 500-year Floodplain?	□Yes □No
1. Is the project site located over, or immediately adjoining, a primary, principal or sole source aquifer?	□Yes□No
If Yes:	
i. Name of aquifer:	:

m. Identify the predominant wildlife species that occupy or use the project site: N/A	
n. Does the project site contain a designated significant natural community? If Yes: i. Describe the habitat/community (composition, function, and basis for designation):	□Yes□No
ii. Source(s) of description or evaluation: iii. Extent of community/habitat: • Currently: • Following completion of project as proposed: • Gain or loss (indicate + or -): Compared to the contain any property of plant or enimal that is listed by the federal government.	3
 o. Does project site contain any species of plant or animal that is listed by the federal governdangered or threatened, or does it contain any areas identified as habitat for an endangered. i. Species and listing (endangered or threatened): 	
p. Does the project site contain any species of plant or animal that is listed by NYS as rar special concern? If Yes: i. Species and listing:	e, or as a species of □Yes□No
q. Is the project site or adjoining area currently used for hunting, trapping, fishing or shell If yes, give a brief description of how the proposed action may affect that use:	
E.3. Designated Public Resources On or Near Project Site	
a. Is the project site, or any portion of it, located in a designated agricultural district certification Agriculture and Markets Law, Article 25-AA, Section 303 and 304? If Yes, provide county plus district name/number:	
 b. Are agricultural lands consisting of highly productive soils present? i. If Yes: acreage(s) on project site? ii. Source(s) of soil rating(s): 	□Yes □No
 c. Does the project site contain all or part of, or is it substantially contiguous to, a register Natural Landmark? If Yes: i. Nature of the natural landmark:	al Feature
d. Is the project site located in or does it adjoin a state listed Critical Environmental Area? If Yes: i. CEA name: ii. Basis for designation: iii. Designating agency and date:	

e. Does the project site contain, or is it substantially contiguous to, a but which is listed on the National or State Register of Historic Places, or Office of Parks, Recreation and Historic Preservation to be eligible for If Yes: i. Nature of historic/archaeological resource: Archaeological Site ii. Name: iii. Brief description of attributes on which listing is based:	r that has been determined by the Commission	
m. Diei description of automes on which issuing is based.		
f. Is the project site, or any portion of it, located in or adjacent to an archaeological sites on the NY State Historic Preservation Office (SH	IPO) archaeological site inventory?	∐Yes∏No
g. Have additional archaeological or historic site(s) or resources been id if Yes:		□Yes□No
i. Describe possible resource(s):ii. Basis for identification:		
h. Is the project site within fives miles of any officially designated and pascenic or aesthetic resource? If Yes:	publicly accessible federal, state, or local	□Yes □No
 i. Identify resource: ii. Nature of, or basis for, designation (e.g., established highway overleetc.): iii. Distance between project and resource: 	ook, state or local park, state historic trail or	scenic byway,
i. Is the project site located within a designated river corridor under the		☐ Yes ☐ No
Program 6 NYCRR 666? If Yes: i. Identify the name of the river and its designation:		
ii. Is the activity consistent with development restrictions contained in	6NYCRR Part 666?	□Yes□No
F. Additional Information Attach any additional information which may be needed to clarify you If you have identified any adverse impacts which could be associated measures which you propose to avoid or minimize them.		pacts plus any
G. Verification I certify that the information provided is true to the best of my knowle	areards to the transfer formula

Full Environmental Assessment Form Part 2 - Identification of Potential Project Impacts

Project: Town Code Amendment - Short-term Rengerate:

Date: August 21, 2024

Part 2 is to be completed by the lead agency. Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency's reviewer(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency and the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

Tips for completing Part 2:

- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer "Yes" to a numbered question, please complete all the questions that follow in that section.
- If you answer "No" to a numbered question, move on to the next numbered question.
- Check appropriate column to indicate the anticipated size of the impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box "Moderate to large impact may occur."
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general
 question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the "whole action".
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

1. Impact on Land Proposed action may involve construction on, or physical alteration of, the land surface of the proposed site. (See Part 1. D.1) If "Yes", answer questions a - j. If "No", move on to Section 2.	NO		YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may involve construction on land where depth to water table is less than 3 feet.	E2d	0	0
b. The proposed action may involve construction on slopes of 15% or greater.	E2f		
c. The proposed action may involve construction on land where bedrock is exposed, or generally within 5 feet of existing ground surface.	E2a		
d. The proposed action may involve the excavation and removal of more than 1,000 tons of natural material.	D2a	0	
e. The proposed action may involve construction that continues for more than one year or in multiple phases.	Dle		
f. The proposed action may result in increased erosion, whether from physical disturbance or vegetation removal (including from treatment by herbicides).	D2e, D2q		
g. The proposed action is, or may be, located within a Coastal Erosion hazard area.	B1i		
h. Other impacts:		0	

2. Impact on Geological Features The proposed action may result in the modification or destruction of, or inhib	it		
access to, any unique or unusual land forms on the site (e.g., cliffs, dunes, minerals, fossils, caves). (See Part 1. E.2.g) If "Yes", answer questions a - c. If "No", move on to Section 3.	. ✓ NO) [YES
If Ies , unswer questions a - c. If Ito , move on to become s.	Relevant	No, or	Moderate
	Part I Question(s)	small impact may occur	to large impact may occur
a. Identify the specific land form(s) attached:	E2g	0	
b. The proposed action may affect or is adjacent to a geological feature listed as a registered National Natural Landmark. Specific feature:	ЕЗс		
c. Other impacts:		0	0
3. Impacts on Surface Water The proposed action may affect one or more wetlands or other surface water bodies (e.g., streams, rivers, ponds or lakes). (See Part 1. D.2, E.2.h) If "Yes", answer questions a - l. If "No", move on to Section 4.	☑ NO		YES
	Relevant	No, or	Moderate
	Part I Question(s)	small impact may occur	to large impact may occur
a. The proposed action may create a new water body.	D2b, D1h		0
b. The proposed action may result in an increase or decrease of over 10% or more than a 10 acre increase or decrease in the surface area of any body of water.	D2b		0
c. The proposed action may involve dredging more than 100 cubic yards of material from a wetland or water body.	D2a		0
d. The proposed action may involve construction within or adjoining a freshwater or tidal wetland, or in the bed or banks of any other water body.	E2h	0	
 The proposed action may create turbidity in a waterbody, either from upland erosion, runoff or by disturbing bottom sediments. 	D2a, D2h	О	0
f. The proposed action may include construction of one or more intake(s) for withdrawal of water from surface water.	D2c	0	0
g. The proposed action may include construction of one or more outfall(s) for discharge of wastewater to surface water(s).	D2d		0
h. The proposed action may cause soil erosion, or otherwise create a source of stormwater discharge that may lead to siltation or other degradation of receiving water bodies.	D2e		0
 The proposed action may affect the water quality of any water bodies within or downstream of the site of the proposed action. 	E2h		
 The proposed action may involve the application of pesticides or herbicides in or around any water body. 	D2q, E2h	0	
k. The proposed action may require the construction of new, or expansion of existing, wastewater treatment facilities.	D1a, D2d		

1.	Other impacts:			
4.	Impact on groundwater The proposed action may result in new or additional use of ground water, or may have the potential to introduce contaminants to ground water or an aquife (See Part 1. D.2.a, D.2.c, D.2.d, D.2.p, D.2.q, D.2.t) If "Yes", answer questions a - h. If "No", move on to Section 5.	√ NC		YES
		Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a.	The proposed action may require new water supply wells, or create additional demand on supplies from existing water supply wells.	D2c		
	Water supply demand from the proposed action may exceed safe and sustainable withdrawal capacity rate of the local supply or aquifer. Cite Source:	D2c		
	The proposed action may allow or result in residential uses in areas without water and sewer services.	D1a, D2c		
d.	The proposed action may include or require wastewater discharged to groundwater.	D2d, E2l		
	The proposed action may result in the construction of water supply wells in locations where groundwater is, or is suspected to be, contaminated.	D2c, E1f, E1g, E1h		0
	The proposed action may require the bulk storage of petroleum or chemical products over ground water or an aquifer.	D2p, E2l	ם	0
	The proposed action may involve the commercial application of pesticides within 100 feet of potable drinking water or irrigation sources.	E2h, D2q, E2l, D2c		
h.	Other impacts:		0	
5.	Impact on Flooding The proposed action may result in development on lands subject to flooding. (See Part 1. E.2) If "Yes", answer questions a - g. If "No", move on to Section 6.	✓NO		YES
		Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a.	The proposed action may result in development in a designated floodway.	E2i	_	
b. ′	The proposed action may result in development within a 100 year floodplain.	E2j	0	D
c. '	The proposed action may result in development within a 500 year floodplain.	E2k	0	
	The proposed action may result in, or require, modification of existing drainage patterns.	D2b, D2e	0	О
e. 7	The proposed action may change flood water flows that contribute to flooding.	D2b, E2i, E2j, E2k	0	ם
	f there is a dam located on the site of the proposed action, is the dam in need of repair,	Ele		0

g.	Other impacts:			
6.	Impacts on Air The proposed action may include a state regulated air emission source. (See Part 1. D.2.f., D.2.h, D.2.g) If "Yes", answer questions a - f. If "No", move on to Section 7.	√NO		YES
		Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a.	If the proposed action requires federal or state air emission permits, the action may also emit one or more greenhouse gases at or above the following levels: i. More than 1000 tons/year of carbon dioxide (CO ₂) ii. More than 3.5 tons/year of nitrous oxide (N ₂ O) iii. More than 1000 tons/year of carbon equivalent of perfluorocarbons (PFCs) iv. More than .045 tons/year of sulfur hexafluoride (SF ₆) v. More than 1000 tons/year of carbon dioxide equivalent of hydrochloroflourocarbons (HFCs) emissions vi. 43 tons/year or more of methane	D2g D2g D2g D2g D2g D2g	0 0 0	0 0
	The proposed action may generate 10 tons/year or more of any one designated hazardous air pollutant, or 25 tons/year or more of any combination of such hazardous air pollutants.	D2g	0	
	The proposed action may require a state air registration, or may produce an emissions rate of total contaminants that may exceed 5 lbs. per hour, or may include a heat source capable of producing more than 10 million BTU's per hour.	D2f, D2g		
	The proposed action may reach 50% of any of the thresholds in "a" through "c", above.	D2g	0	D
	The proposed action may result in the combustion or thermal treatment of more than 1 ton of refuse per hour.	D2s		
f. (Other impacts:		0	
7.	Impact on Plants and Animals The proposed action may result in a loss of flora or fauna. (See Part 1. E.2. If "Yes", answer questions a - j. If "No", move on to Section 8.	mq.)	✓NO	YES
	ay 100 y manon quoestona ar y, ay 110 y more onto accomente.	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
	The proposed action may cause reduction in population or loss of individuals of any threatened or endangered species, as listed by New York State or the Federal government, that use the site, or are found on, over, or near the site.	E2o		
,	The proposed action may result in a reduction or degradation of any habitat used by any rare, threatened or endangered species, as listed by New York State or the federal government.	E2o		
	The proposed action may cause reduction in population, or loss of individuals, of any species of special concern or conservation need, as listed by New York State or the Federal government, that use the site, or are found on, over, or near the site.	E2p	٥	
d.	The proposed action may result in a reduction or degradation of any habitat used by any species of special concern and conservation need, as listed by New York State or the Federal government.	E2p		П

e. The proposed action may diminish the capacity of a registered National Natural Landmark to support the biological community it was established to protect.	E3c		
f. The proposed action may result in the removal of, or ground disturbance in, any portion of a designated significant natural community. Source:	E2n	۵	
g. The proposed action may substantially interfere with nesting/breeding, foraging, or over-wintering habitat for the predominant species that occupy or use the project site.	E2m	0	0
h. The proposed action requires the conversion of more than 10 acres of forest, grassland or any other regionally or locally important habitat. Habitat type & information source:	E1b		
i. Proposed action (commercial, industrial or recreational projects, only) involves use of herbicides or pesticides.	D2q		
j. Other impacts:			
8. Impact on Agricultural Resources			
The proposed action may impact agricultural resources. (See Part 1. E.3.a. at	nd b.)	NO	YES
	5.8

a. The proposed action may impact soil classified within soil group 1 through 4 of the NYS Land Classification System. b. The proposed action may sever, cross or otherwise limit access to agricultural land (includes cropland, hayfields, pasture, vineyard, orchard, etc). c. The proposed action may result in the excavation or compaction of the soil profile of active agricultural land. d. The proposed action may irreversibly convert agricultural land to non-agricultural uses, either more than 2.5 acres if located in an Agricultural District, or more than 10	Relevant Part I Question(s) E2c, E3b E1a, Elb E3b	No, or small impact may occur	Moderate to large impact may occur
The proposed action may impact agricultural resources. (See Part 1. E.3.a. at If "Yes", answer questions a - h. If "No", move on to Section 9. a. The proposed action may impact soil classified within soil group 1 through 4 of the NYS Land Classification System. b. The proposed action may sever, cross or otherwise limit access to agricultural land (includes cropland, hayfields, pasture, vineyard, orchard, etc). c. The proposed action may result in the excavation or compaction of the soil profile of active agricultural land. d. The proposed action may irreversibly convert agricultural land to non-agricultural uses, either more than 2.5 acres if located in an Agricultural District, or more than 10 acres if not within an Agricultural District. e. The proposed action may disrupt or prevent installation of an agricultural land	Relevant Part I Question(s) E2c, E3b E1a, Elb E3b E1b, E3a	No, or small impact may occur	Moderate to large impact may occur
The proposed action may impact agricultural resources. (See Part 1. E.3.a. at If "Yes", answer questions a - h. If "No", move on to Section 9. a. The proposed action may impact soil classified within soil group 1 through 4 of the NYS Land Classification System. b. The proposed action may sever, cross or otherwise limit access to agricultural land (includes cropland, hayfields, pasture, vineyard, orchard, etc). c. The proposed action may result in the excavation or compaction of the soil profile of active agricultural land. d. The proposed action may irreversibly convert agricultural land to non-agricultural uses, either more than 2.5 acres if located in an Agricultural District, or more than 10 acres if not within an Agricultural District. e. The proposed action may disrupt or prevent installation of an agricultural land management system. f. The proposed action may result, directly or indirectly, in increased development	Relevant Part I Question(s) E2c, E3b E1a, Elb E3b E1b, E3a El a, E1b C2c, C3,	No, or small impact may occur	Moderate to large impact may occur

h. Other impacts:

9. Impact on Aesthetic Resources The land use of the proposed action are obviously different from, or are in sharp contrast to, current land use patterns between the proposed project and a scenic or aesthetic resource. (Part 1. E.1.a, E.1.b, E.3.h.) If "Yes", answer questions a - g. If "No", go to Section 10.	ZN	0 []YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
 a. Proposed action may be visible from any officially designated federal, state, or local scenic or aesthetic resource. 	E3h	0	
 The proposed action may result in the obstruction, elimination or significant screening of one or more officially designated scenic views. 	E3h, C2b	0	
c. The proposed action may be visible from publicly accessible vantage points:i. Seasonally (e.g., screened by summer foliage, but visible during other seasons)ii. Year round	E3h		0
 d. The situation or activity in which viewers are engaged while viewing the proposed action is: i. Routine travel by residents, including travel to and from work ii. Recreational or tourism based activities 	E3h E2q, E1c	_ _	0
e. The proposed action may cause a diminishment of the public enjoyment and appreciation of the designated aesthetic resource.	E3h	0	0
f. There are similar projects visible within the following distance of the proposed project: 0-1/2 mile ½-3 mile 3-5 mile 5+ mile	D1a, E1a, D1f, D1g	0	
g. Other impacts:			
10. Impact on Historic and Archeological Resources The proposed action may occur in or adjacent to a historic or archaeological resource. (Part 1. E.3.e, f. and g.) If "Yes", answer questions a - e. If "No", go to Section 11.	✓ NO	No, or	YES Moderate
	Part I Question(s)	small impact may occur	to large impact may occur
a. The proposed action may occur wholly or partially within, or substantially contiguous to, any buildings, archaeological site or district which is listed on the National or State Register of Historical Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places.	ЕЗе		D
b. The proposed action may occur wholly or partially within, or substantially contiguous to, an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory.	E3f	۵	
c. The proposed action may occur wholly or partially within, or substantially contiguous to, an archaeological site not included on the NY SHPO inventory. Source:	E3g		0

d. Other impacts:		- U	
If any of the above (a-d) are answered "Moderate to large impact may e. occur", continue with the following questions to help support conclusions in Part 3:			
 The proposed action may result in the destruction or alteration of all or part of the site or property. 	E3e, E3g, E3f	٥	0
 The proposed action may result in the alteration of the property's setting or integrity. 	E3e, E3f, E3g, E1a, E1b	۵	
iii. The proposed action may result in the introduction of visual elements which are out of character with the site or property, or may alter its setting.	E3e, E3f, E3g, E3h, C2, C3	0	
11. Impact on Open Space and Recreation			
The proposed action may result in a loss of recreational opportunities or a reduction of an open space resource as designated in any adopted municipal open space plan. (See Part 1. C.2.c, E.1.c., E.2.q.) If "Yes", answer questions a - e. If "No", go to Section 12.	√ N0) <u> </u>	YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may result in an impairment of natural functions, or "ecosystem services", provided by an undeveloped area, including but not limited to stormwater storage, nutrient cycling, wildlife habitat.	D2e, E1b E2h, E2m, E2o, E2n, E2p		0

Full Environmental Assessment Form Part 3 - Evaluation of the Magnitude and Importance of Project Impacts Determination of Significance

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

Reasons Supporting This Determination:

To complete this section:

- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

Identify portions of EAF completed for this Project: Part 1

SUE SERINO COUNTY EXECUTIVE

EOIN WRAFTER, AICP COMMISSIONER

DUTCHESS COUNTY GOVERNMENT DEPARTMENT OF PLANNING & DEVELOPMENT

August 9, 2024

To: Town Board, Town of Poughkeepsie

Re: ZR24-263, Short Term Rentals Amendment

The Dutchess County Department of Planning and Development has reviewed the subject referral within the framework of General Municipal Law (Article 12B, §239-l/m).

ACTION

The Town is considering amending its short-term rental law to allow them in two-family homes and accessory apartments, and to clarify when site plan approval is needed.

COMMENTS

We found the edit to §210-105.1 E. (5) unclear. It has been amended to say, "No short-term rental shall be permitted in addition to an accessory apartment..." Our assumption is that the intent is that a property with an occupied primary residence and an occupied accessory apartment may not also operate a short-term rental, but we suggest that the language could be adjusted to make that clearer.

RECOMMENDATION

The Department recommends that the Board rely upon its own study of the facts in the case with due consideration of the above comments.

Eoin Wrafter, AICP Commissioner By

Dylan Tuttle, Senior Planner
