Dear Mayor Rose:

No greater way could have been chosen by the city officials in honoring their heroes who have been called from our midst than by uniting in prayer to show our gratitude for those that have fought and given their all for this great and wonderful country of ours.

Your cooperation has helped to make it a great success and proves to the relatives of their lost ones that all was not in vain and through their sacrifice kept the good old U. S. A. with its freedom, liberty and democracy that we still enjoy.

The Rensselaer City Post Veterans of Foreign Wars No. 2684, Fort Cralo Post American Legion No 471 and the Yankee Doodle Band of the above post and their auxiliaries, sponsors of the above service, wish to thank you and through you all that helped and participated in making it the success it turned out to be.

Gentlemen:

At a regular meeting of the Board of Aldermen of the City of Rensselaer held on Wednesday Evening - November 20, 1940, the following motion was duly adopted.

Moved by Alderman Finn, seconded by Alderman Pratt that the City Clerk communicate with the officials of the Rensselaer Water Company, requesting them to be present at the next regular meeting of the Common Council to be held December 4, 1940 and be ready to make a final report in regard to what progress has been made for the new water supply system.

CITY CLERK

HCY:MHS

Rensselaer, N. Y.

November 19, 1940.

To His Honor, the Mayor,

And the Common Council of the city of Rensselaer, N. Y.

Gentlemen:

It is our understanding that on Wednesday, November 20th you will again take up the ordinance regarding Sunday Motion Pictures in the city of Rensselaer.

On a previous occasion, you will recall, a group of Church representatives and others appeared before the meeting, prepared to protest the passage of this measure, which was "withdrawn" at that time. We need not go into the subsequent history of the proposition further than to say that our attitude, and the attitude of the Churches we serve, has not changed in any way. We feel that these Churches, one of which voted unanimously against the measure, while from another a petition (herewith enclosed) was signed, should have their part in this expression of public opinion considered.

We are not seeking to curtail the liberties of people who wish to attend motion pictures, but we do feel that continued commercialization of Sundays should be curbed rather than encouraged. Every concession leading to a looser observance of the Lord's Day is one more undermining force to the morale of a world already perilously near the edge of chaos.

We earnestly trust you will be moved by only the highest considerations as you take this matter up, for we cannot see how permitting motion pictures on Sunday can be of any real or permanent value to our city.

Very sincerely yours,

Dear Mayor Rose:- Hon President-Members Board of Aldermen

I am sorry the people of Rensselaer did not have a chance to vote on Sunday Movies last Tuesday for I believe they would have indicated that a large majority are in favor of Sunday Movies. I do not like the kind of politics which use "technicalities" to hinder the public from expressing themselves on subjects which a small minority wish to control according to their own provincial prejudice. Not all of our churches or church people are opposed to Sunday Movies as some would have the Common Council believe. It is my belief that only a minority of the church people take such a stand. I am not opposed to Sunday Movies and could rally a delegation to support Sunday movies if I wished, just as some have done to oppose it. I would like to state some reasons why I believe movies should no longer be banned in Rensselaer.

In the first place any form of leisure activity which is wholesome on a week-day is also wholesome on a Sunday. A deed or an activity cannot be good on one day and bad on another. It is either good or bad in its nature and setting regardless of the day. Therefore if movies are not harmful on week-days they are not harmful on Sundays either.

In the second place the human mind is made in such a way that it cannot remain a blank. If we put a ban on most of our constructive activities for leisure time we force people to invent other ways of using their spare time. This unguided trial and error method to often produces harmful tendencies and in many cases is the beginning of criminal activity. If unharmed recreation, entertainment and pastimes are provided for thought and activity people will accept them and make use of them. If that leisure activity is constructive of character and personality the result always is that a population becomes more wholesome in mind and of a happier disposition. Sunday is the one day on which people have the most leisure time. It is also the day on which they have the fewest opportunities to spend that leisure to good advantage. They cannot work; they cannot shop; they cannot do many other things they could do on a week day. Many people would be better off mentally and personally if they could go to the movies on Sundays if they wished to do so.

In the third place Sunday Movies is not a religious

question. Sunday, or more specifically the Sabbath, was a day of rest and worship. In an Agricultural civilization such as the Bible pictures, men worked long hours in the open fields. They became physically tired and needed physical rest. To them rest meant to stay at home and relax after they had performed their privileges of public and private worship. It was the opposite of their week-day activity. Today when people live in a high-speed industrial age which creates nervous tension and strain people become mentally and nervously tired. Rest now means something quite different. It means a change of routine. One must have a break from the thoughts which have occupied one's mind during the week. The more fortunate can get this change by taking an Automobile ride in the country, but everyone does not have this privilege. Many of our people can only relax and get away from the hum-drum of daily life by entering the imaginary world of the movies. Those who are fortunate enough to have cars which enable them to break the monotony of life by a Sunday drive have no right to deny their less fortunate neighbor the same pleasure and relaxation which he can only derive through the movies. Jesus himself did many things on the Sabbath which tradition did not sanction, but which were for the betterment of mankind. He also said that the Sabbath was made for man and for his benefit rather than to be an arbitrary law.

I am therefore taking this opportunity to express my approval of Sunday Movies in Rensselaer and hope you may convey my beliefs on the subject to the Common Council and to anyone else who may be interested.

Sincerely yours,

Leon S. De Smidt
