YAK Responder Communications is launching YAK Dispatcher. Lisa Reagan and
Mike Vernally provide information about the program she is launching and how
it works. It is a powerful way to communicate with people in a way that they
use now, texting. It helps to bridge a disconnect with citizens non priority for
service calls and dispatchers. A question and answer session occurred with all
present including the present communication operators and Lisa. Discussions
held. Commissioner Romeo proposes a resolution of support asking Chief
Kilcullen to investigate purchasing this technology and seconded by
Commissioner Brown. Motion passed 4-0.
