

**RESOLUTION ADOPTING SEQRA DETERMINATION
CONCERNING PROPOSED LOCAL LAW 3 OF 2023**

WHEREAS, by Local Law 2 of 2022, the Saratoga Springs City Council adopted its Unified Development Ordinance (“UDO”); and

WHEREAS, the City Council served as Lead Agency pursuant to the State Environmental Quality Review Act (“SEQRA”) for this Action and, as Lead Agency, the City Council classified the Action as a Type I Action, reviewed Part 2 of the Full Environmental Assessment Form and, having identified no “moderate to large” impacts, adopted a SEQRA Negative Declaration finding that the Action would not result in any significant adverse environmental impacts; and

WHEREAS, the City Council is now considering amending the UDO to establish a minimum separation distance between homeless shelters and schools; and

WHEREAS, this proposed amendment constitutes a subsequent change to a previously reviewed SEQRA Action.

NOW, THEREFORE, BE IT RESOLVED, that the City Council hereby finds that the proposed separation requirement will not result in any new or different environmental impacts not identified during previous SEQRA review and, therefore, no further or supplemental SEQRA review is warranted. This conclusion is based in part upon the finding that this amendment will not increase the amount of development or any particular type of development throughout the community.
