

The following ordinance change is being introduced by Chris Palmieri. See following page for the CGS chapter mentioned.

ARTICLE II  
**Conservation Commission**  
[Adopted as Ch. 15, Art. V, of the 1989 Code  
and amended on April 28, 2025]

**§ 112-7. Creation.**

There is hereby created a conservation commission. [The Commission shall be governed by and follow Connecticut General Statute Title 7, chapter 97, Section 7-131a](#)

**§ 112-8. Composition; appointment.**

- A. The Conservation Commission shall be composed of seven members to be appointed by the Town Manager as follows:
- B. Within 30 days from the time this article shall take effect, there shall be appointed two members to serve for a term of four years, two members to serve for a term of three years, two members to serve for a term of two years, and one member to serve for a term of one year; the terms of each member to commence upon appointment. Annually thereafter, members shall be appointed to fill expired terms, and each such newly appointed member shall hold office until his successor is appointed and qualified.

**Sec. 7-131a. Conservation commissions.** (a) Any town, city or borough, by vote of its legislative body, may establish a conservation commission for the development, conservation, supervision and regulation of natural resources, including water resources, within its territorial limits. The commission shall consist of not fewer than three nor more than eleven members and not more than three alternates, to be appointed by the chief executive officer of the municipality, to serve for terms to be designated by the legislative body establishing the commission. Such alternate members shall, when seated, have all the powers and duties of a member of the commission. The chief executive officer may remove any member or alternate for cause and may fill any vacancy.

(b) A conservation commission shall conduct research into the utilization and possible utilization of land areas of the municipality and may coordinate the activities of unofficial bodies organized for similar purposes, and may advertise, prepare and distribute books, maps, charts, plans and pamphlets as necessary for its purposes. It may propose a greenways plan for inclusion in the plan of conservation and development of the municipality prepared pursuant to section 8-23. It may inventory natural resources and formulate watershed management and drought management plans. Such plans shall be consistent with water supply management plans prepared pursuant to section 25-32d. It shall keep an index of all open areas, publicly or privately owned, including open marshlands, swamps and other wetlands, for the purpose of obtaining information on the proper use of such areas, and may from time to time recommend to the planning commission or, if none, to the chief executive officer or the legislative body plans and programs for the development and use of such areas. It may make recommendations to zoning commissions, planning commissions, inland wetlands agencies and other municipal agencies on proposed land use changes. It may, with the approval of such legislative body, acquire land and easements in the name of the municipality and promulgate rules and regulations, including but not limited to the establishment of reasonable charges for the use of land and easements, for any of its purposes as set out in this section. It may supervise and manage municipally-owned open space or park property upon delegation of such authority by the entity which has supervisory or management responsibilities for such space or property. It shall keep records of its meetings and activities and shall make an annual report to the municipality in the manner required of other agencies of the respective municipalities. The commission may receive gifts in the name of the municipality for any of its purposes and shall administer the same for such purposes subject to the terms of the gift.

(c) A commission may exchange information with the Commissioner of Energy and Environmental Protection, and said commissioner may, on request, assign technical personnel to a commission for assistance in planning its overall program and for coordinating state and local conservation activities.

(d) Any town, city or borough may appropriate funds to such commission.
