B. The term "penalty assessment misdemeanor" does not include any violation which has caused or contributed to the cause of an accident resulting in injury or death to any person.

- C. When an alleged violator of a penalty assessment misdemeanor elects to accept a notice to appear in lieu of a notice of penalty assessment, no fine imposed upon later conviction shall exceed the penalty assessment established for the particular penalty assessment misdemeanor and no probation imposed upon a suspended or deferred sentence shall exceed ninety days.
- D. The penalty assessment for speeding in violation of Section 12-6-1.2 (4) of the Uniform Traffic Ordinance is twice the penalty assessment established in Subsection A of Section 2 of this ordinance for the equivalent miles per hour over the speed limit.
- E. In addition to the penalty assessment established for each penalty assessment misdemeanor pursuant to this section, there shall be assessed the following fees for each penalty assessment misdemeanor: a twenty dollar (\$20) Corrections Fee; a six dollar (\$6) Court Automation Fee; and a three dollar (\$3) Judicial Education Fee.

SECTION 3. PENALTY ASSESSMENT MISDEMEANORS; OPTION; EFFECT

- A. Unless a warning notice is given, at the time of making an arrest for any penalty assessment misdemeanor, the arresting officer shall offer the alleged violator the option of accepting a penalty assessment. The violator's signature on the penalty assessment notice constitutes an acknowledgement of guilt of the offense stated in the notice, and payment of the prescribed penalty assessment is a complete satisfaction of the violation.
- B. Payment of any penalty assessment must be made by mail to the Municipal Court, Traffic Violations Bureau, Town of Taos, New Mexico within 30 days from the date of arrest. Payments of penalty assessments are timely if postmarked within the time limits set from the date of arrest. The Traffic Violations Bureau shall issue a receipt when a penalty assessment is paid by currency, but checks tendered by the violator upon which payment is received is sufficient receipt.
- C. No record of any penalty assessment payment is admissible as evidence in any court in any civil action.

SECTION 4. FAILURE TO PAY PENALTY ASSESSMENT

- A. If a penalty assessment is not paid within 30 days from the date of arrest, the violator shall be prosecuted for the violation charged on the penalty assessment notice in a manner as if the penalty assessment notice had not been issued. Upon conviction in such prosecution, the court shall impose penalties as provided by the New Mexico Uniform Traffic Ordinance (Section 12-12-1.1), or other law relating to motor vehicles for the particular offense charged, and the scheduled penalty assessments shall not apply.
- B. In addition to the prosecution provided for in Section 4A, it is a misdemeanor for any person who has elected to pay a penalty assessment to failure to do so within 30 days from the date of arrest.
- D. The Office of the Municipal Court shall notify the Motor Vehicle Division of the State of New Mexico when a person fails to pay a penalty assessment within the required period of time. The Motor Vehicle Division shall report the notice upon the driver's record and shall not renew the person's license to drive until the Municipal Court notifies the Motor Vehicle Division that the penalty assessment, or its equivalent, as well as any additional penalties imposed are properly disposed of.

SECTION 5. SEVERABILITY

If any section, subsection, sentence, clause, phrase or any portion of this ordinance is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining portions thereof.

SECTION 6. ORDINANCES REPEALED

All ordinances and parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

SECTION 7. EFFECTIVE DATE

This Ordinance shall be in full force and effect from and after its passage and publication as provided by law.

Subject: 2019 **NEW** Changes the Uniform Traffic Ordinance

Attached are the **NEW** 2019 changes to the 2010 Compilation of the Uniform Traffic Ordinance. These new changes are intended to replace the changes we recommended to you in our August 15, 2019 memorandum. The reason for these latest changes are that the insertion of two new sections has caused unintended problems with computer databases in many courts. Note that the numbering change suggested in the August 2019 memorandum is being withdrawn and the new sections are numbered differently to accommodate the software requirements.

There were changes in three of the UTO Articles. We have included a list of the articles that were amended and show the amendments in legislative style (underlined, bold and blue for new material and [—] bracket and strikethrough for deleted material). Please note that neither the Index nor the Parallel Tables changed. The highlighted portions are changes SINCE the August 2019 memorandum.

NOTE:

1. Section 12-6-12.3 DRIVING WHILE INTOXICATED WITH A MINOR IN THE VEHICLE has been **RE-NUMBERED to 12-6-12.2A**
2. Section 12-6-12.7 UNLAWFUL USE OF LICENSE; DRIVING WHEN PRIVILEGE TO DO SO HAS BEEN SUSPENDED OR REVOKED has been **RESTORED** to its previous number **12-6-12.6**.
3. Section 12-6-12.8 DRIVING WHILE LICENSE ADMINISTRATIVELY SUSPENDED has been **RE-NUMBERED to 12-6-12.7A**.
4. Sections 12-9-9 and 12-10-6.1 remain as they were in the August 2019 memorandum
5. With the exception of **NEW** sections **12-6-12.2A** and **12-6-12.7A** **ALL** sections must be renumbered as they were in 2019 prior to the changes suggested in the August 2019 memorandum.

If your municipality does not use the UTO, please ignore this memo.

NOTE: Like last year we are including a revised local 2020 Penalty Assessment Ordinance for adoption with additional changes. One is highlighted with the new penalties and the second is a clean copy. The titles will reflect this. Please keep in mind that these changes and the new Penalty Assessment Ordinance MUST be adopted by ordinance for them to become effective. This is the reason we send the amendments to the municipal clerk as that is the person who initiates the ordinance adoption process. We ask that upon making these changes, that the municipal clerk forward copies of the changes to the court for insertion into its process. **IF** you have already adopted the changes to the UTO as suggested in the August 2019 memorandum, the re-numbering suggested by this memorandum does not have to go back through the adoption process. It is simply a re-numbering of ordinance provisions and not a substantive change.

Our recommendation is to replace the entire Articles listed below as formatting has changed page numbers. We hope this makes it easier. All articles will be available online in a downloadable pdf format. Any article titles that end with "amended" should be printed, but if it does not, no need to reprint the Article unless you want the updated formatting.

Remove pages:

Remove Article VI in its entirety
Remove Article IX in its entirety
Remove Article X in its entirety

Replace with new pages (three-hole punched)

Replace with 2019 Cover Page and Preface

Replace with new Article X

Please do not hesitate to contact either Randy or Tasha if you have any questions concerning the new amendments of the UTO.

PREFACE TO 2010 COMPILATION
NEW MEXICO UNIFORM TRAFFIC ORDINANCE

This Uniform Traffic Ordinance consists of the 2010 Compilation, which replaces the 2004 Compilation, and amendments through July, 2018. The citations in parentheses are to the 1978 New Mexico Statutes Annotated (or as amended since 1979). These citations at the end of a paragraph indicate comparable provisions in the State law. The exact language in the State Motor Vehicle Code has been used in the Ordinance wherever possible. An asterisk (*) at the end of a paragraph indicates that there are no comparable provisions in the State Code. A reference includes any unreferenced paragraphs that precede it.

The 2010 Compilation has a new page numbering system. Each Article is numbered individually with the Article number first. Consequently, the previous Compilation will not necessarily match the 2010 Compilation's page numbers. The 2010 Compilation contains all amendments since July, 2004 enacted by the Legislature through July, 2018 with the 2018 changes.

(66-7-104 NMSA 1978)

12-5-4 **WHEN OFFICIAL TRAFFIC-CONTROL DEVICES REQUIRED FOR ENFORCEMENT PURPOSES.** No provision of this ordinance for which signs are required shall be enforced against an alleged violator if at the time and place of the alleged violation an official sign is not in proper position and sufficiently legible to be seen by an ordinarily observant person. Whenever a particular section does not state that signs are required, such section shall be effective even though no signs are erected or in place. (66-7-104 NMSA 1978)

12-5-5 OFFICIAL TRAFFIC-CONTROL DEVICES--PRESUMPTION OF LEGALITY.

A. Whenever official traffic-control devices are placed in position approximately conforming to the requirements of this ordinance, such devices shall be presumed to have been so placed by the official act or direction of lawful authority, unless the contrary shall be established by competent evidence.

B. Any official traffic-control device placed pursuant to the provisions of this ordinance and purporting to conform to the lawful requirements pertaining to such devices shall be presumed to comply with the requirements of this ordinance, unless the contrary shall be established by competent evidence. 12-5-6 LIGHTS AND THEIR APPLICATION TO VEHICLES AND PEDESTRIANS.

Whenever traffic is controlled by traffic-control signals exhibiting different colored lights, or colored lighted arrows, successively one (1) at a time or in combination, only the colors green, yellow and red shall be used, except for special pedestrian control signals carrying a word legend, and the lights indicate and apply to drivers of vehicles and pedestrians:

A. Green alone:

(1) vehicular traffic facing the signal may proceed straight through or turn right or left unless a sign at the place prohibits either turn. Vehicular traffic, including vehicles turning right or left, shall yield the right of way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time the signal is exhibited; and

(2) pedestrians facing the signal may proceed across the street within any marked or unmarked crosswalk.

B. Yellow alone when shown following the green signal:

(1) vehicular traffic facing the signal is warned that the red signal will be exhibited immediately thereafter and the vehicular traffic shall not enter the intersection when the red signal is exhibited except to turn right as hereinafter provided; and

(2) no pedestrian facing the signal shall enter the street until the green is shown alone unless authorized to do so by a pedestrian "walk" signal.

C. Red alone:

(1) vehicular traffic facing the signal shall stop before entering the crosswalk on the near side of the intersection or, if there is no crosswalk, then before

entering the intersection (66-7-105 NMSA 1978), and shall remain stopped until permitted to proceed by a green light or arrow (*), or may then turn right after standing until the intersection may be entered safely, provided that such vehicular traffic shall yield the right of way to all pedestrians and vehicles lawfully in or approaching the intersection; and

(2) vehicular traffic on a one-way street facing the signal shall stop before entering the crosswalk on the near side of the intersection or, if there is no crosswalk, then before entering the intersection, and if a left turn onto a one-way street in the proper direction is intended, may turn left after stopping until the intersection may be entered safely, provided that such vehicular traffic shall yield the right of way to all pedestrians and vehicles lawfully in or approaching the intersection;

(3) whenever the administrator determines on the basis of an engineering and traffic investigation that a turn as hereinabove provided should be prohibited at a particular intersection, such turn may be prohibited by the posting of signs at the intersection indicating that such a turn is prohibited; and

(4) no pedestrian facing the signal shall enter the street until the green is shown alone unless authorized to do so by a pedestrian "walk" signal.

D. Red with green arrow:

(1) vehicular traffic facing the signal may cautiously enter the intersection only to make the movement indicated by the arrow, but shall yield the right of way to pedestrians lawfully within a crosswalk and to other traffic lawfully using the intersection; and

(2) no pedestrian facing the signal shall enter the street unless he can do so safely and without interfering with any vehicular traffic.

E. If an official traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section apply except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking, the stop shall be made at the signal.

F. When a sign is in place permitting a turn, vehicular traffic facing a steady red signal may cautiously enter the intersection to make the turn indicated by the sign after stopping as required by Subsection C (1). Vehicular traffic shall yield the right of way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection. (66-7-105 NMSA 1978)

12-5-7 PEDESTRIAN CONTROL SIGNALS.

(1) "walk" indicates that pedestrians facing the signal may proceed across the street in the direction of the signal and shall be given the right of way by drivers of all vehicles; and

(2) "don't walk" indicates that no pedestrian shall start to cross the street in the direction of the signal, but any pedestrian who has partially completed his crossing on the walk signal shall proceed to a sidewalk or safety island while the "don't walk" signal is showing.

B. A person who violates the provisions of this section is guilty of a penalty assessment misdemeanor. (66-7-106 NMSA 1978)

12-5-8 FLASHING SIGNALS.

A. Whenever an illuminated flashing red or yellow signal is used in a traffic sign or signal it shall require obedience by vehicular traffic as follows:

(1) flashing red (stop signal)--when a red lens is illuminated with rapid intermittent flashes, drivers of vehicles shall stop before entering the nearest crosswalk at an intersection or at a limit line when marked, or, if none, then before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign; or

(2) flashing yellow (caution signal)--when a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution.

B. This section does not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings shall be governed by the rules as set forth in Sections 12-6-7.5 - 12-6-7.8 of this ordinance.

C. A person who violates the provisions of this section is guilty of a penalty assessment misdemeanor. (66-7-107 NMSA 1978)

12-5-9 LANE-DIRECTION-CONTROL SIGNALS.

When lane-direction-control signals are placed over the individual lanes of a street, vehicular traffic may travel in any lane over which a green signal is shown, but a vehicle shall not enter or travel in any lane over which a red signal is shown. (*)

12-5-10 DISPLAY OF UNAUTHORIZED SIGNS, SIGNALS OR MARKINGS.

A. No person shall place, maintain, or display upon or in view of any street any unauthorized sign, signal, marking or device which purports to be or is an imitation of or resembles an official traffic-control device or railroad sign or signal, or which attempts to direct the movements of traffic, or which hides from view or interferes with the effectiveness of any official traffic-control device or any railroad sign or signal, and no

person shall place or maintain nor shall any public authority permit upon any highway any traffic sign or signal bearing thereon any commercial advertising.

B. Every such prohibited sign, signal or marking is hereby declared to be a public nuisance and the administrator is hereby empowered to remove the same or cause it to be removed without notice. (66-7-108 NMSA 1978)

C. The provisions of this section shall not prohibit the erection of signs upon private property adjacent to streets if the signs give useful directional information and are of a type that cannot be mistaken for official signs. (*)

12-5-11 INTERFERENCE WITH OFFICIAL TRAFFIC-CONTROL DEVICES OR RAILROAD SIGNALS.

A. No person shall, without lawful authority, attempt to or in fact alter, deface, injure, knock down, or remove any official traffic-control device or any railroad sign or signal or any inscription, shield, or insignia thereon, or any other part thereof. (66-7-109 NMSA 1978)

B. No person shall hide or obscure any official traffic-control device or railroad sign or signals by parking a vehicle or erecting any object or by allowing bushes, hedges, trees or other vegetation to grow so as to obscure traffic-control devices or railroad signals. An obstruction includes, but is not limited to, any sign, fence, ornament, hedge, shrub, tree or display, but it does not include a building.

C. Unobstructed vision for traffic safety shall be maintained by the property owner or occupant on all corner lots regardless of the zone classification. No obstruction between three and eight feet above the street level shall be placed or maintained within a triangular area bounded by the street property lines of the corner lot and a line connecting the points 25 feet distant from the intersection of the property lines of such lot.

D. Every obstruction interfering with official traffic-control devices or railroad signals is a public nuisance, and the administrator may remove the obstruction or cause it to be removed without notice and assess costs involved to the violator. (*)

12-5-12 PLAY STREETS.

A. The administrator has authority to declare any street or part of a street a temporary play street and to place appropriate signs or devices in the street to indicate and help protect the street.

B. Whenever authorized signs are erected to indicate a play street, no person shall drive on the street except drivers of vehicles whose residences are within the closed area. Such drivers shall exercise the greatest care in driving on the play street. (*)

12-5-13 CROSSWALKS AND SAFETY ZONES. The administrator, upon the basis of engineering and traffic study investigations, may:

(1) designate and maintain crosswalks by appropriate devices, marks or lines on the surface of the street where, in his opinion, there is particular danger to pedestrians crossing the street; and

(2) establish safety zones of the kind and character and at places he deems necessary for the protection of pedestrians. (*)

12-5-14 TRAFFIC LANES.

A. The administrator, upon the basis of engineering and traffic study investigations, may mark traffic lanes upon any street where a regular alignment of traffic is necessary.

B. Where such traffic lanes have been marked, it is unlawful for the operator of a vehicle to fail to keep the vehicle within the boundaries of the lane except when lawfully passing another vehicle or when making a lawful turning movement. (*)

12-6-1 SPEED REGULATIONS

12-6-1.1 BASIC RULE

No person shall drive a vehicle at a speed greater than is reasonable and prudent under the conditions and having regard to the actual and potential hazards then existing. Consistent with the foregoing, every person shall drive at a safe and appropriate speed when approaching and crossing an intersection or railroad grade crossing, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding street and when special hazards exist with respect to pedestrians or other traffic or by reason of weather or highway conditions. (*)

12-6-1.2 SPEED LIMITS

- A. No person shall drive a vehicle on a street or detour at a speed greater than:
 - (1) fifteen (15) miles per hour on all streets when passing a school while children are going to, or leaving school, and when the school zone is properly posted:
 - (2) thirty (30) miles per hour in any business or residence district (66-7-301 NMSA 1978); or

(3) the lawfully posted speed limit when signs are erected giving notice of the speed limit. (*)

(4) the posted speed limit in construction zones posted as double fine zones or other safety zones posted as double fine zones as designated by the municipality or highway and transportation department, provided that the posted speed limit be determined by an engineering study performed by the state highway and transportation department.

B. In every event, speed shall be so controlled as may be necessary:

(1) to avoid colliding with any person, vehicle or other conveyance on, or entering, the street;

(2) to comply with legal requirements as may be established by the municipality, the state highway department or the New Mexico state police, and the duty of all persons to use due care; and

(3) to protect workers in construction zones posted as double fine zones or other safety zones posted as double fine zones as designated by the municipality or highway and transportation department. (66-7-301 NMSA 1978)

12-6-1.3 ESTABLISHMENT OF SPEED ZONES

A. Whenever the administrator determines, upon the basis of an engineering survey and traffic investigation, that any speed limit permitted under state law or local ordinance is greater or less than is reasonable or safe under the conditions found to exist upon any part of a street within his jurisdiction, he may declare a speed limit for that part which is effective at times determined, when appropriate signs giving notice thereof are erected at the particular part of the street.

B. Alteration of speed limits on state highways by the administrator are not effective until approved by the state highway commission. (66-7-303 NMSA 1978)

C. The administrator shall adhere to and abide by all applicable state statutes in making his determination of speed limits in the municipality.

D. Whenever the administrator declares a speed limit, he shall submit a schedule of the speed limit to the police department, the municipal judge, the municipal clerk and the municipal attorney. (*)

E. Speed zones may be marked by a sign containing a flashing yellow light and, when the light is in operation, the speed limit, instructions or regulations on the sign are in effect.

F. The provisions of Subsection A of this section shall not apply to changes of speed limit in construction zones authorized pursuant to 12-6-1.3 G through K of this section.

G. When construction, repair or reconstruction of any street or highway is being done, the administrator or other governmental authority with jurisdiction over that street or highway is authorized to designate as a construction zone that portion of the street or highway where construction, reconstruction or repair is being done and to close the construction zone to traffic or to provide for a single lane of traffic on any two-lane or four-lane highway in the construction zone. (66-7-303.1 NMSA 1978)

H. The administrator or other governmental authority closing all or a portion of a street or highway or providing for a single lane of traffic on any two-lane or four-lane street or highway pursuant to Subsection G of this section shall erect or cause to be erected traffic-control devices or barricades to warn and notify the public of any change in speed limit and that such street or highway is closed or limited to a single lane of traffic. (66-7-303.1 NMSA 1978)

I. Every pedestrian or person who operates a vehicle on any street or highway shall obey all signs, signals, markings, flagmen or other traffic-control devices which are placed to regulate, control and guide traffic through a construction zone.

J. No person shall remove, change, modify, deface or alter any traffic-control device or barricade which has been erected on any street or highway pursuant to this section.

K. Any person who violates any provision of Subsection I or J of this section is guilty of a petty misdemeanor and upon conviction shall be sentenced in accordance with this code. (66-7-303.1NMSA 1978)

12-6-1.4 REGULATION OF SPEED BY TRAFFIC SIGNALS

The administrator is authorized to regulate the timing of traffic signals so as to permit the movement of traffic in an orderly and safe manner at speeds slightly at variance from the speeds otherwise applicable within the district or at intersections and shall erect appropriate signs giving notice thereof. (*)

12-6-1.5 MINIMUM SPEED REGULATION

A. No person shall drive a motor vehicle at such slow speed as to impede the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with this ordinance.

B. Whenever the administrator determines on the basis of an engineering and traffic investigation that slow speeds on any part of a street consistently impede the normal and reasonable movement of traffic, the administrator may determine and declare a minimum speed limit below which no person shall drive a vehicle except when necessary for safe operation or in compliance with this ordinance. (66-7-305 NMSA 1978)

C. Police officers may enforce this section by directions to drivers. In the event of apparent willful disobedience to this section and refusal to comply with directions

of an officer in accordance herewith, the continued slow operation by a driver is a violation of this section. (*)

12-6-1.6 **CHARGING VIOLATIONS**

A. In every charge of violation of any speed regulation under this ordinance, the complaint and the uniform traffic citation shall specify the speed at which the defendant is alleged to have driven and the maximum speed applicable within the district or at the location.

B. Provisions of this ordinance for maximum speed limitations shall not be construed to relieve the plaintiff in any civil action from the burden of proving negligence on the part of the defendant as the proximate cause of an accident. (66-7-307 NMSA 1978)

12-6-1.7 **SPECIAL SPEED LIMITATIONS**

A. Subject to the requirements of Section 12-10-1.15 E of this ordinance, no person shall drive any vehicle equipped with solid rubber or cushion tires at a speed greater than a maximum of ten miles per hour. (66-7-306 NMSA 1978)

B. No person shall drive a vehicle over any bridge or other elevated structure constituting a part of a street at a speed which is greater than the maximum speed which can be maintained with safety to such bridge or structure, when such structure is signposted as provided in Section 66-7-306 (B) NMSA 1978.

12-6-2 **DRIVING ON RIGHT SIDE OF STREET--OVERTAKING AND PASSING--USE OF STREET**

12-6-2.1 **DRIVE ON RIGHT SIDE OF STREET--EXCEPTIONS**

A. Upon all streets of sufficient width, a vehicle shall be driven upon the right half of the street, and where practicable, entirely to the right of the center thereof, except as follows:

(1) when overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement (66-7-308 NMSA 1978);

(2) when an obstruction exists making it necessary to drive to the left of the center of the street, provided that any person driving to the left shall yield the right of way to all vehicles traveling in the proper direction on the unobstructed portion of the street (*);

(3) when the right half of the street is closed to traffic while under construction or repair (66-7-308 NMSA 1978)

(4) upon a street divided into three marked lanes for traffic under the rules applicable thereon; or

(5) upon a street designated and signposted for one-way traffic.

B. Upon all streets any vehicle proceeding at less than the normal speed of traffic at the time and place and under the conditions then existing shall be driven in the right-hand lane then available for traffic, or as close as practicable to the right-hand curb or edge of the street except when overtaking and passing another car proceeding in the same direction or when preparing for a left turn at an intersection or into a private road or driveway. (66-7-308 NMSA 1978)

C. Upon any street having four or more lanes for moving traffic and providing for two-way movement of traffic, no vehicle shall be driven to the left of the center line of the street, except when authorized by official traffic-control devices designating certain lanes to the left side of the center of the street for use by traffic not otherwise permitted to use such lanes, or except as permitted under Subsection 12-6-2.1A(2). However, this section shall not be construed as prohibiting the crossing of the center line in making a left turn into or from an alley, private road or driveway. (*)

12-6-2.2 PASSING VEHICLES PROCEEDING IN OPPOSITE DIRECTION

Drivers of vehicles proceeding in opposite directions shall pass each other to the right, and upon streets having width for not more than one (1) line of traffic in each direction each driver shall give to the other at least one-half of the main-traveled portion of the street as nearly as possible. (66-7-309 NMSA 1978).

12-6-2.3 OVERTAKING A VEHICLE ON THE LEFT

The following rules shall govern the overtaking and passing of vehicles proceeding in the same direction, subject to those limitations, exceptions and special rules hereinafter stated:

(1) the driver of a vehicle overtaking another vehicle proceeding in the same direction shall pass to the left thereof at a safe distance and shall not again drive to the right side of the street until safely clear of the overtaken vehicle; and

(2) except when overtaking and passing on the right is permitted, the driver of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle on audible signal and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle. (66-7-310 NMSA 1978)

12-6-2.4 LIMITATIONS ON OVERTAKING ON THE LEFT

No vehicle shall be driven to the left side of the center of the street in overtaking and passing another vehicle proceeding in the same direction unless such left side is clearly visible and free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the safe operation of any vehicle approaching from the opposite direction or any vehicle overtaken. In every event the overtaking vehicle must return to the right-hand side of the street before coming within one hundred feet of any vehicle approaching from the opposite direction. (66-7-312 NMSA 1978)

12-6-2.5 **FURTHER LIMITATIONS ON DRIVING ON LEFT OF CENTER OF STREET**

A. No vehicle shall at any time be driven to the left side of the street under the following conditions:

(1) when approaching the crest of a grade or upon a curve in the highway where the driver's view is obstructed within such distance as to create a hazard in the event another vehicle might approach from the opposite direction;

(2) when approaching within one hundred feet of or traversing any intersection or railroad grade crossing; or

(3) when the view is obstructed upon approaching within one hundred feet of any bridge, viaduct, or tunnel. (66-7-313 NMSA 1978)

B. The foregoing limitations shall not apply:

(1) upon a one-way street;

(2) under the conditions described in 12-6-2.1A(2); nor

(3) to the driver of a vehicle turning left into or from an alley, private road or driveway. (*)

12-6-2.6 **WHEN OVERTAKING ON THE RIGHT IS PERMITTED**

A. The driver of a vehicle may overtake and pass upon the right of another vehicle only under the following conditions:

(1) when the vehicle overtaken is making or about to make a left turn;

(2) upon a street or highway with unobstructed pavement not occupied by parked vehicles of sufficient width for two or more lines of moving vehicles in each direction; or

(3) upon a one-way street, or upon any roadway on which traffic is restricted to one direction of movement, where the street is free from obstructions and of sufficient width for two or more lines of moving vehicles.

B. The driver of a vehicle may overtake and pass another vehicle upon the right only under conditions permitting such movement in safety. In no event shall such movement be made by driving off the pavement or main-traveled portion of the street. (66-7-311 NMSA 1978)

12-6-2.7 **NO PASSING ZONES AND RESTRICTIONS ON PASSING**

A. The administrator may determine those portions of any street or highway under his jurisdiction where overtaking and passing or driving on the left of the street would be especially hazardous and may, by appropriate signs or markings on the street indicate the beginning and end of such zones. When the signs or markings are in place and clearly visible to an ordinarily observant person, every driver of a vehicle shall obey the direction thereof.

B. Where signs or markings are in place to define a no-passing zone as set forth in Subsection A of this section, no driver shall at any time drive on the left side of the street within the no-passing zone or on the left side of any pavement striping designed to mark the no-passing zone throughout its length. This section does not apply under the conditions described in Section 12-6-2.1A(3) or to the driver of a vehicle turning left into or from an alley, private road or driveway. (66-7-315 NMSA 1978)

C. When double yellow lines are painted on a pavement, no driver shall drive any vehicle across the lines except the driver of a vehicle turning left into or from an alley, private road or driveway.

D. No driver shall overtake and pass any other vehicle proceeding in the same direction in a school zone when the school zone signs are in place.

E. Whenever a vehicle is stopped at a marked crosswalk or an unmarked crosswalk at an intersection to permit a pedestrian to cross the street, the driver of the vehicle approaching from the rear shall not overtake and pass the stopped vehicle. (*)

12-6-2.8 **AUTHORITY TO DESIGNATE ONE-WAY STREETS AND ALLEYS**

A. The administrator may designate and sign streets and alleys as one-way streets and alleys. The designation shall be made only upon the basis of engineering and traffic investigation.

B. Signs indicating the direction of lawful traffic movement shall be placed at every intersection, where movement of traffic in the opposite direction is prohibited. No regulation as to one-way traffic shall be effective unless signs are in place indicating the direction of the flow of traffic.

C. The administrator shall maintain a schedule of all streets and alleys which have been established as one-way and shall provide copies of the schedule to the police department, municipal clerk, municipal judge and municipal attorney. (*)

12-6-2.9 **OBEDIENCE TO SIGNS DESIGNATING ONE-WAY STREETS AND ALLEYS**

A. Upon those streets and parts of streets and in those alleys restricted to movement in one direction, vehicular traffic shall move only in the indicated direction

when signs indicating the direction of traffic are erected and maintained at every intersection where movement in the opposite direction is prohibited.

- B. Failure to comply with such signs is a violation of this ordinance. (*)

12-6-2.10 **ROTARY TRAFFIC ISLANDS.** A vehicle passing around a rotary traffic island shall be driven only to the right of such island. (66-7-316 NMSA 1978)

12-6-2.11 **RESTRICTED DIRECTION OF MOVEMENT ON STREETS DURING CERTAIN PERIODS.**

A. The administrator may determine and designate streets, parts of streets or specific lanes upon which vehicular traffic shall proceed in one direction during one period of the day and the opposite direction during another period of the day. This designation shall be made only upon the basis of engineering and traffic investigation.

B. Appropriate markings, signs, barriers or other devices shall be placed to give notice of the restricted movement.

C. Signs may be placed temporarily designating lanes to be used by traffic moving in particular direction, regardless of the center line of the street. (*)

12-6-2.12 **DRIVING ON STREETS LANED FOR TRAFFIC**

Whenever any street has been divided into two or more clearly marked lanes for traffic the following rules in addition to all others consistent herewith shall apply:

(1) a vehicle shall be driven as nearly as practicable entirely within a single lane and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety;

(2) upon a street which is divided into three lanes a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle where the street is clearly visible and such center lane is clear of traffic within a safe distance, or in preparation for a left turn or where such center lane is at the time allocated exclusively to traffic moving in the direction the vehicle is proceeding and is signposted to give notice of such allocation;

(3) official signs may be erected directing slow-moving traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the street and drivers of vehicles shall obey the directions of every such sign (66-7-317 NMSA 1978); and

(4) official traffic-control devices may be installed prohibiting the changing of lanes on sections of streets, and drivers of vehicles shall obey the directions of every such device. (*)

12-6-2.13 **FOLLOWING TOO CLOSELY**

A. The driver of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicles and the traffic upon and the condition of the highway.

B. The driver of any motor truck or motor vehicle drawing another vehicle when traveling upon a street outside of a business or residence district shall not follow another motor truck or motor vehicle drawing another vehicle within three hundred (300) feet, except that this shall not prevent a motor truck or motor vehicle drawing another vehicle from overtaking and passing any like vehicle or other vehicle.

C. Motor vehicles being driven upon any street outside of a business or residence district in a caravan or motorcade whether or not towing other vehicles shall not follow the preceding vehicle closer than three hundred (300) feet. This provision shall not apply to funeral processions, nor shall it apply within or outside of a business or residence district to motor vehicle escort vehicles of a motor vehicle escort service, which may, if necessary to maintain the continuity of the escorted unit or units, precede or follow at a distance closer than three hundred (300) feet to the escorted unit or units. (66-7-318 NMSA 1978)

12-6-2.14 **DRIVING ON DIVIDED STREETS**

A. Whenever any street has been divided into two (2) roadways by leaving an intervening space or by a physical barrier or clearly indicated dividing section so constructed as to impede vehicular traffic, every vehicle shall be driven only upon the right-hand segment of the divided street (66-7-319 NMSA 1978), unless directed or permitted to use another segment by official traffic-control devices or police officers. (*)

B. No vehicle shall be driven over, across, or within any such dividing space, barrier, or section, except through an opening in such physical barrier or dividing section or space or at a crossover or intersection established by public authority. (66-7-319 NMSA 1978)

C. Where recessed cut-outs are provided in dividers to facilitate left turns, all vehicles, except those having a turning radius precluding use of such recessed cut-outs, shall execute a left turn by occupying the recess or cut-out prior to entering the intersection. (*)

12-6-2.15 **CONTROLLED ACCESS**

No person shall drive a vehicle onto or from any controlled-access street except at such entrances and exits as are established by public authority. (66-7-320 NMSA 1978)

12-6-2.16 **RESTRICTIONS ON USE OF CONTROLLED-ACCESS STREETS**

A. No pedestrian, bicycle or other non-motorized traffic shall use any controlled-access street, but notwithstanding this provision, drivers of vehicles using the controlled-access street are not relieved of responsibility for exercising due care.

B. In addition to the provisions of paragraph A, the local governing body may, by ordinance, regulate or prohibit the use of any controlled-access street within its jurisdiction by any class or kind of traffic which is found to be incompatible with the normal and safe movement of traffic. (66-7-321 NMSA 1978)

C. No driver shall stop a vehicle upon any controlled-access street for the purpose of taking on or discharging passengers, freight or merchandise.

D. The administrator has the authority to erect and maintain official traffic-control devices on the controlled-access street on which the restrictions are applicable, and when such traffic-control devices are in place, no person shall disobey the restrictions stated on the devices. (66-7-321 NMSA 1978)

12-6-3 **DESIGNATING STOP AND YIELD INTERSECTIONS**

12-6-3.1 **THROUGH STREETS DESIGNATED**

A. The administrator, upon traffic and engineering study and investigation, may designate which streets shall be through streets.

B. A schedule of the through streets shall be prepared by the administrator with copies furnished to the police department, municipal clerk, municipal judge and municipal attorney. (*)

12-6-3.2 **AUTHORITY TO ERECT STOP AND YIELD SIGNS AT THROUGH STREETS**

A. Whenever the administrator designates and describes a through street, the city traffic engineer shall place and maintain a stop sign, or on the basis of an engineering and traffic investigation at any intersection a yield sign, on each and every street intersecting the through street unless traffic at any such intersection is controlled at all times by traffic-control signals.

B. However, at the intersection of two through streets or at the intersection of a through street and heavy traffic street not so designated, stop signs shall be erected at the approaches to both of said streets in a manner determined by the administrator upon the basis of an engineering and traffic study. (*)

12-6-3.3 **AUTHORITY TO ERECT STOP OR YIELD SIGNS AT OTHER INTERSECTIONS**

The administrator may determine and designate intersections other than through streets where particular hazards exist and determine:

(1) whether vehicles shall stop at one or more entrances to the intersection, in which event he shall have erected a stop sign at every place where a stop is required; or

(2) whether vehicles shall yield the right of way to vehicles on a different street at the intersection, in which event he shall have erected a yield sign at every place where obedience thereto is required. (*)

12-6-4 RIGHT OF WAY

12-6-4.1 VEHICLE APPROACHING OR ENTERING INTERSECTION

A. The driver of a vehicle approaching an intersection shall yield the right of way to a vehicle which has entered the intersection from a different street.

B. When two vehicles enter an intersection from different streets at approximately the same time the driver of the vehicle on the left shall yield the right of way to the vehicle on the right.

C. The right of way rules declared in Subsections A and B are modified at through streets and otherwise as provided in this ordinance. (66-7-328 NMSA 1978)

D. The driver of a vehicle approaching or entering an interstate highway shall yield the right of way to the vehicles on the interstate highway. (*)

12-6-4.2 VEHICLES TURNING LEFT AT INTERSECTION

The driver of a vehicle within an intersection intending to turn to the left shall yield the right of way to any vehicle approaching from the opposite direction which is within the intersection or so close thereto as to constitute an immediate hazard, but said driver, having so yielded and having given a signal when and as required by this ordinance, may make such left turn and the drivers of all other vehicles approaching the intersection from said opposite direction shall yield the right of way to the vehicle making the left turn. (66-7-329 NMSA 1978)

12-6-4.3 VEHICLE ENTERING STOP OR YIELD INTERSECTION

A. Preferential right of way at an intersection may be indicated by stop signs or yield signs as authorized in this ordinance.

B. Except when directed to proceed by a police officer or traffic-control signal, every driver of a vehicle approaching a stop intersection indicated by a stop sign shall stop as required by Section 12-6-4.3(D) and after having stopped shall yield the right of way to any vehicle which has entered the intersection from another street or which is

approaching so closely on the street as to constitute an immediate hazard during the time when the driver is moving across or within the intersection.

C. The driver of a vehicle approaching a yield sign shall, in obedience to the sign, slow down to a speed reasonable for the existing conditions, and shall yield the right of way to any vehicle in the intersection or approaching on another street so closely as to constitute an immediate hazard during the time the driver is moving across or within the intersection. If the driver is involved in a collision with a vehicle in the intersection, after driving past a yield sign without stopping, the collision shall be deemed prima facie evidence of his failure to yield right of way. (66-7-330 NMSA 1978)

D. Except when directed to proceed by a police officer or traffic-control signal, every driver of a vehicle approaching a stop intersection indicated by a stop sign shall stop completely before entering the crosswalk on the near side of the intersection or, in the event there is no crosswalk, shall stop at a clearly marked stop line, but if none, then at the point nearest the intersecting street before entering the intersection.

E. The driver of a vehicle approaching a yield sign, if required for safety to stop, shall stop before entering the crosswalk on the near side of the intersection or, in the event there is no crosswalk, at a clearly marked stop line, but if none, then at the point nearest the intersecting street where the driver has a view of approaching traffic on the intersecting street. (66-7-345 NMSA 1978)

12-6-5 **TURNING AND STARTING AND SIGNALS ON STOPPING AND TURNING**

12-6-5.1 **REQUIRED POSITION AND METHOD OF TURNING AT INTERSECTION**

The driver of a vehicle intending to turn at an intersection shall do so as follows:

A. Both the approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the street.

B. At any intersection where traffic is permitted to move in both directions on each street entering the intersection, an approach for a left turn, except where left-turn provisions are made, shall be made in that portion of the right half of the street nearest the center line thereof and by passing to the right of such center line where it enters the intersection and after entering the intersection the left turn shall be made so as to leave the intersection to the right of the center line of the street being entered. Whenever practicable the left turn shall be made in that portion of the intersection to the left of the center of the intersection.

C. Upon a street with two (2) or more lanes for through traffic in each direction, where a center lane has been provided by distinctive pavement markings for the use of vehicles turning left from both directions, no vehicle shall turn left from any other lane. A vehicle shall not be driven in this center lane for the purpose of overtaking or

passing another vehicle proceeding in the same direction. Any maneuver other than a left turn from this center lane will be deemed a violation of this section.

D. At any intersection where traffic is restricted to one (1) direction on one (1) or more of the streets, the driver of a vehicle intending to turn left at any such intersection shall approach the intersection in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of such vehicle and after entering the intersection the left turn shall be made so as to leave the intersection, as nearly as practicable, in the left-hand lane lawfully available to traffic moving in such direction upon the street being entered. (66-7-322 NMSA 1978)

E. No person shall drive across any private or public property, including but not limited to parking areas, driveways and service station areas, for the purpose of avoiding any traffic control device or sign. (*)

12-6-5.2 **AUTHORITY TO PLACE DEVICES ALTERING NORMAL COURSE FOR TURNS**

The administrator may cause markers, buttons or signs to be placed within or adjacent to intersections and thereby require and direct that a different course from that specified in Section 12-6-5.1 be traveled by vehicles turning at an intersection, and when markers, buttons or signs are so placed no driver of a vehicle shall turn a vehicle at an intersection other than as directed and required by the markers, buttons or signs. (66-7-322 NMSA 1978)

12-6-5.3 **AUTHORITY TO PLACE RESTRICTED TURN SIGNS**

A. The administrator may determine those intersections at which drivers of vehicles shall not make a right, left or U-turn and shall place proper signs at the intersections.

B. The making of the turns may be prohibited between certain hours of the day and permitted at other hours, in which event the same shall be plainly indicated on the signs or they may be removed when the turns are permitted. (*)

12-6-5.4 **OBEDIENCE TO NO-TURN SIGNS**

Whenever authorized signs are erected indicating that no right or left or U-turn is permitted, no driver of a vehicle shall disobey the directions of the sign. (*)

12-6-5.5 **LIMITATIONS ON TURNING AROUND**

The driver of any vehicle shall not turn the vehicle so as to proceed in the opposite direction upon any street in a business district and shall not upon any other street so turn a vehicle unless the movement can be made in safety and without interfering with other traffic. (*)

12-6-5.6 **TURNING ON CURVE OR CREST OF GRADE PROHIBITED**

No vehicle shall be turned so as to proceed in the opposite direction upon any curve, or upon the approach to, or near the crest of a grade, where such vehicle cannot be seen by the driver of any other vehicle approaching from either direction within one thousand feet. (66-7-323 NMSA 1978)

12-6-5.7 **STARTING PARKED VEHICLE**

A. No person shall start a vehicle which is stopped, standing, or parked unless and until such movement can be made with reasonable safety. (66-7-324 NMSA 1978)

B. No person shall move any parked vehicle without giving appropriate signals as prescribed in Sections 12-6-5.8 through 12-6-5.10. (*)

12-6-5.8 **TURNING AND STOPPING MOVEMENTS AND REQUIRED SIGNALS**

A. No person shall turn a vehicle at an intersection unless the vehicle is in proper position upon the street as required in Section 12-6-5.1 or turn a vehicle to enter a private road or driveway or otherwise turn a vehicle from a direct course or move right or left upon a street unless and until such movement can be made with reasonable safety. No person shall so turn any vehicle without giving an appropriate signal in the manner hereinafter provided in the event any other traffic may be affected by such movement.

B. A signal of intention to turn right or left when required shall be given continuously during not less than the last one hundred feet traveled by the vehicle before turning.

C. No person shall stop or suddenly decrease the speed of a vehicle without first giving an appropriate signal in the manner provided herein to the driver of any vehicle immediately to the rear when there is opportunity to give such signal. (66-7-325 NMSA 1978)

D. The signals provided for in this section shall be used to indicate an intention to turn, change lanes or start from a parked position and shall not be flashed on one side only on a parked or disabled car or flashed as a courtesy or "do pass" signal to operators of other vehicles approaching from the rear. (*)

12-6-5.9 **SIGNALS BY HAND AND ARM OR SIGNAL DEVICE**

A. Any stop or turn signal when required herein shall be given either by means of the hand and arm or by signal lamp or lamps or mechanical signal device except as otherwise provided in Subsection B.

B. Any motor vehicle in use on a street shall be equipped with, and required signal shall be given by, a signal lamp or lamps or mechanical signal device when the distance from the center of the top of the steering post to the left outside limit of the body, cab or load of such motor vehicle exceeds twenty-four inches, or when the distance from

the center of the top of the steering post to the rear limit of the body or load thereof exceeds fourteen feet. The latter measurement shall apply to any single vehicle, also to any combination of vehicles. (66-7-326 NMSA 1978)

12-6-5.10 **METHOD OF GIVING HAND AND ARM SIGNALS**

All signals herein required given by hand and arm shall be given from the left side of the vehicle in the following manner and such signal shall indicate as follows:

- (1) left turn: hand and arm extended horizontally;
- (2) right turn: hand and arm extended upward; and
- (3) stop or decrease speed: hand and arm extended downward. (66-7-327 NMSA 1978)

12-6-6 **STOPPING, STANDING AND PARKING**

12-6-6.1 **STOPPING, STANDING OR PARKING PROHIBITED IN SPECIFIED PLACES**

A. No person shall stop, stand or park a vehicle, except when necessary to avoid conflict with other traffic or in compliance with law or the directions of a police officer or traffic-control device, in any of the following places:

(12) on the street side of any vehicle stopped or parked at the edge or curb of a street;

(13) upon any bridge or other elevated structure upon a street or within a street tunnel;

(14) at any place where official signs prohibit stopping (66-7-351 NMSA 1978);

B. No person shall move a vehicle not lawfully under his control into any such prohibited area or away from a curb such distance as is unlawful. (66-7-351 NMSA 1978)

C. The foregoing provisions may be modified by the administrator or his designated representative upon the basis of an engineering and traffic investigation study by the use of appropriate markings, signs or parking meters. (*)

12-6-6.2 ADDITIONAL PARKING REGULATIONS

A. Except as otherwise provided in this ordinance every vehicle stopped or parked upon a street where there are adjacent curbs shall be so stopped or parked with the right-hand wheels of such vehicle parallel to and within eighteen inches of the right-hand curb. (66-7-352 NMSA 1978)

B. Except when otherwise provided in this ordinance, every vehicle stopped or parked on a one-way street shall be so stopped or parked parallel to the curb or edge of the street with its right-hand wheels within 18 inches of the right-hand curb or edge of the street or its left-hand wheels within 18 inches of the left-hand curb or edge of the street.
(*)

12-6-6.3 STOPPED OR PARKED VEHICLES NOT TO INTERFERE WITH OTHER TRAFFIC

No motor vehicle shall be stopped, parked, or left standing, whether attended or unattended, upon the traveled portion of any street outside of a business or residence district, when it is practicable to stop, park, or leave such vehicle off the traveled portion

of the street. In the event that conditions make it impracticable to move such motor vehicle from the traveled portion of the street, the driver shall make every effort to leave all possible width of the highway opposite the standing vehicle for the free passage of other vehicles and he shall take care to provide a clear view of the standing vehicles as far as possible to the front and rear. (66-3-852 NMSA 1978)

12-6-6.4 PARKING IN ALLEYS

- (2) washing, greasing or repairing the vehicle except repairs necessitated by an emergency. (*)

12-6-6.7 PARKING ADJACENT TO SCHOOLS PROHIBITED

A. The administrator may erect signs indicating no parking on either or both sides of any street adjacent to any school property when parking would, in his opinion, interfere with traffic or create a hazardous situation.

B. When official signs are erected indicating no parking on either side of a street adjacent to any school property as authorized in this section, no person shall park a vehicle in any such designated place. (*)

12-6-6.8 PARKING PROHIBITED ON NARROW STREETS

12-6-6.9 **STANDING OR PARKING ON ONE-WAY STREETS**

A. The administrator may erect signs on the left-hand side of any one-way street to prohibit the standing or parking of vehicles.

B. When such signs are in place, no person shall stand or park a vehicle on such left-hand side in violation of any such sign. (*)

12-6-6.10 **STANDING OR PARKING ON DIVIDED STREETS**

A. In the event a divided street includes two or more segments for vehicular traffic, and traffic is restricted to one direction on any such segment, no person shall stand or park a vehicle on the left-hand side of the one-way segment unless signs are erected to permit such standing or parking.

B. The administrator may determine where standing or parking may be permitted on the left-hand side of any such one-way portion of a divided street and to erect signs giving notice thereof. (*)

12-6-6.11 **NO STOPPING, STANDING OR PARKING NEAR HAZARDOUS OR CONGESTED PLACES**

A. The administrator may determine and designate by proper signs, places at intervals not exceeding 100 feet in length in which the stopping, standing or parking of vehicles would create an especially hazardous condition or would cause unusual delay to traffic.

B. When official signs are erected at hazardous or congested places as authorized in paragraph A, no person shall stop, stand or park a vehicle in any such designated place. (*)

12-6-6.12 **STOPPING, STANDING OR PARKING RESTRICTED OR PROHIBITED ON CERTAIN STREETS**

A. The provisions of this section prohibiting the standing or parking of a vehicle shall apply at all times or at those times herein specified or as indicated on official signs except when it is necessary to stop a vehicle to avoid conflict with other traffic or in compliance with the directions of a police officer or official traffic-control device.

B. The provisions of this section imposing a time limit on parking shall not relieve any person from the duty to observe other and more restrictive provisions prohibiting or limiting the stopping, standing or parking of vehicles in specified places or at specified times.

C. The administrator may impose restrictions or prohibitions on standing, stopping or parking and they shall apply as follows:

(1) when signs are erected prohibiting parking at all times on certain streets, no person shall park a vehicle at any time upon any of the streets so designated;

A. The administrator may determine upon what streets angle parking is permitted and shall mark or sign such streets:

(1) any designation of angle parking shall be made on the basis of engineering and traffic study and investigation; (*)

(2) the administrator may permit angle parking on any street, except that angle parking shall not be permitted on any federal-aid or state highway unless the state highway commission has determined by resolution or order entered in its minutes that the street is of sufficient width to permit angle parking without interfering with the free movement of traffic; (66-7-352 NMSA 1978)

(3) angle parking shall not be indicated or permitted at any place where passing traffic would thereby be caused or required to drive on the left side of the street; and

(4) on those streets which have been signed or marked by the administrator for angle parking, no person shall park or stand a vehicle other than at the angle to the curb or edge of the street indicated by signs or markings. (*)

B. The administrator may issue special permits to permit the backing of a vehicle to the curb for the purpose of loading or unloading merchandise or materials subject to the terms and conditions of the permit:

(1) the permits may be issued either to the owner or lessee of real property or to the owner of the vehicle and shall grant to the permit holder the privilege stated in the permit and authorized in this ordinance; and

(2) no permittee or other person shall violate any of the special terms or conditions of a permit. (*)

12-6-6.14 STOPPING, STANDING OR PARKING OUTSIDE OF BUSINESS OR RESIDENCE DISTRICTS

A. Upon any street outside of a business or residence district no person shall stop, park, or leave standing any vehicle, whether attended or unattended, upon the paved or main-traveled part of the street when it is practicable to stop, park, or leave such vehicle off such part of said street, but in every event an unobstructed width of the street opposite a standing vehicle shall be left for the free passage of other vehicles and a clear view of such stopped vehicles shall be available from a distance of two hundred feet in each direction upon such street.

B. This section shall not apply to the driver of any vehicle which is disabled while on the paved or main-traveled portion of a street in such manner and to such extent that it is impossible to avoid stopping and temporarily leaving such disabled vehicle in such position. (66-7-349 NMSA 1978)

C. The state department of transportation, unless otherwise directed by an investigating police officer, or a police officer may remove or cause to be removed a vehicle or other obstruction from the paved or main-traveled part of a highway to the nearest place of safety if the vehicle or other obstruction obstructs traffic or poses a traffic hazard. (66-7-349 C NMSA 1978)

12-6-7 SPECIAL STOPS REQUIRED

12-6-7.1 EMERGING FROM ALLEY, BUILDING, DRIVEWAY OR PRIVATE ROAD

A. C. The driver of a vehicle upon a street with separate roadways need not stop upon meeting or passing a school bus which is on a different roadway or when upon a controlled access street and the school bus is stopped in a loading zone which is a part of or adjacent to such street and where pedestrians are not permitted to cross the roadway. (66-7-347 NMSA 1978)

D. It is unlawful to operate any flashing warning signal light on any school bus on any street except when the school bus is stopped or is about to stop on a street for the purpose of permitting school children to board or alight from the school bus. (66-7-348 NMSA 1978)

12-6-7.4 OPERATION OF VEHICLE ON APPROACH OF MOVING AUTHORIZED EMERGENCY VEHICLE; OF ONCOMING VEHICLE--YIELD RIGHT OF WAY

(2) if it is not reasonably safe to drive in a lane not adjacent to the stationary vehicle [is stopped], decrease the speed of the vehicle to a speed that is reasonable and prudent under the circumstances, proceed with caution and be prepared to stop. (66-7-332 NMSA 1978)

C. Upon the immediate approach of an oncoming vehicle overtaking or attempting to overtake a vehicle proceeding in the same direction, the driver of that vehicle shall yield the right of way and shall drive to a position to and as close as possible to the right hand edge or curb of the roadway and shall remain as close as possible to the right hand edge or curb of the roadway until the oncoming vehicle has passed. (66-7-332.1 NMSA 1978)

undercarriage clearance to pass over the crossing.

C. The penalty assessment for violation of this section is included in the penalty assessment schedule.

12-6-7.6 **ALL VEHICLES MUST STOP AT CERTAIN RAILROAD GRADE CROSSINGS**

The administrator, with the approval of the state highway commission, may designate particularly dangerous highway grade crossings of railroads and erect stop signs thereat. When such stop signs are erected the driver of any vehicle shall stop within fifty feet but not less than fifteen feet from the nearest rail of such railroad and shall proceed only upon exercising due care. B. While stopped, the driver shall:

- (1) look and listen in both directions along the track for an approaching train and for signals indicating that a train is approaching;
- (2) determine it is safe to proceed completely through the railroad-highway grade crossing before entering it; and
- (3) set the vehicle in a gear sufficiently low that gears will not need to be shifted before exiting the railroad-highway grade crossing.

C. A driver shall not shift gears while in a railroad-highway grade crossing.

D. A driver of a vehicle carrying passengers for hire, a school bus carrying school children or a vehicle carrying hazardous materials, radioactive or explosive substances or flammable liquids as cargo or as part of its cargo is not required to stop at:

- (1) a railroad-highway grade crossing where a police officer directs traffic to proceed;
- (2) a railroad-highway grade crossing where a stop-and-go traffic light controls movement of traffic;
- (3) a railroad-highway grade crossing used exclusively for industrial switching purposes, within a business district as defined in Section 66-1-4.2 NMSA 1978;
- (4) a railroad-highway grade crossing where use of the railroad has

been abandoned and there is a sign indicating that the railroad has been abandoned; or
(5) an industrial or spur line railroad-highway grade crossing marked with a sign reading "exempt crossing" that has been designated as exempt by appropriate state or local authorities.

E. Penalties for violation of this section are included in the penalty assessment schedule. (66-7-343 NMSA 1978)

12-6-7.8 **MOVING HEAVY EQUIPMENT AT RAILROAD GRADE CROSSINGS**

A. No person shall operate or move any crawler-type tractor, steam shovel, derrick, roller, or any equipment or structure having a normal operating speed of ten or less miles per hour or a vertical body or load clearance of less than one-half inch per foot of the distance between any two adjacent axles or in any event of less than nine inches, measured above the level surface of a street, upon or across any tracks at a railroad grade crossing without first complying with this section.

B. Notice of any such intended crossing shall be given to a station agent of such railroad and a reasonable time be given to such railroad to provide proper protection at such crossing.

C. Before making any such crossing the person operating or moving any such vehicle or equipment shall first stop the same not less than fifteen feet nor more than fifty feet from the nearest rail of such railroad and while so stopped shall listen and look in both directions along such track for any approaching train and for signals indicating the approach of a train, and shall not proceed until the crossing can be made safely.

D. No such crossing shall be made when warning is given by automatic signal or crossing gates or flagman or otherwise of the immediate approach of a railroad train or car. If a flagman is provided by the railroad, movement over the crossing shall be under his direction.

E. This section shall not apply to the normal movement of farm equipment in the regular course of farm operation. (66-7-344 NMSA 1978)

12-6-8 **PASSENGER AND FREIGHT CURB LOADING ZONES**

12-6-8.1 **AUTHORITY TO DESIGNATE CURB LOADING ZONES**

The administrator may determine the location of passenger and freight curb loading zones, and he shall place and maintain appropriate signs indicating the zones and stating the hours during which the provisions of sections 12-6-8.1 through 12-6-8.4 are applicable.

(*)

12-6-8.2 PERMITS FOR CURB LOADING ZONES

A. The administrator shall not designate or sign any curb loading zone upon special request of any person unless the person makes application for a permit for the zone and for two signs to indicate the ends of each zone.

B. After the administrator has granted a permit and before signs and markings as may be necessary are installed, the applicant shall pay to the city treasurer a service fee of twenty-five dollars (\$25) per 22-foot stall plus twenty-five cents (\$.25) per foot for additional space per year or fraction thereof.

C. The administrator may impose conditions and general regulations for the use of the signs and for reimbursement of the city for the value thereof in the event of loss or damage and their return in the event of misuse or upon expiration of permit.

D. Every permit shall expire at the end of each calendar year. (*)

12-6-8.3 STOPPING, STANDING OR PARKING IN PASSENGER CURB LOADING ZONES

No person shall stop, stand or park a vehicle for any purpose or period of time other than for the expeditious loading or unloading of passengers in any place marked as a passenger curb loading zone during hours when the regulations applicable to the curb loading zone are effective and then only for a period not to exceed three minutes. (*)

12-6-8.4 STOPPING, STANDING OR PARKING IN FREIGHT CURB LOADING ZONES

A. No person shall stop, stand or park a vehicle for any purpose or length of time other than for the expeditious unloading and delivery or pick-up and loading of materials in any place marked as a freight curb loading zone during hours when the provisions applicable to freight curb loading zones are in effect. In no case shall the stop for loading and unloading of material exceed 30 minutes.

B. The driver of a passenger vehicle may stop temporarily at a place marked as a freight curb loading zone for the purpose of and while actually engaged in loading or unloading passengers, when such stopping does not interfere with any motor vehicle used for the transportation of materials which is waiting to enter or about to enter the zone. (*)

12-6-9 PUBLIC CARRIER STOPS AND STANDS

12-6-9.1 AUTHORITY TO DESIGNATE PUBLIC CARRIER STOPS AND STANDS

A. The administrator may establish bus stops, bus stands, taxicab stands and stands for other passenger common-carrier motor vehicles on such public

streets in such places and in such number as he shall determine to be of the greatest benefit and convenience to the public.

B. Every designated bus stop, bus stand, taxicab stand or other stand shall be designated by appropriate signs. (*)

12-6-9.2 FEES AND PERMITS FOR PUBLIC CARRIER STOPS AND STANDS

The following fees shall be charged to each person, firm or corporation for the use of taxicab stands, and permits for the stands shall expire at the end of each calendar year:

(1) one hundred dollars (\$100.00) per year or fraction thereof for each stand located within the central business district; and

(2) twenty-five dollars (\$25.00) per year or fraction thereof for each stall located in any area outside the central business district. (*)

12-6-9.3 STOPPING, STANDING AND PARKING OF BUSES AND TAXICABS REGULATED

A. The operator of a bus shall not stand or park the vehicle on any street at any place other than a bus stand so designated as provided in this ordinance.

B. The operator of a bus shall not stop the vehicle on any street at any place for the purpose of loading or unloading passengers or their baggage other than at a bus stop, bus stand or passenger loading zone so designated as provided herein, except in cases of emergency.

C. The operator of a bus shall enter a bus stop, bus stand or passenger loading zone on a public street in such a manner that the bus when stopped to load or unload passengers or baggage shall be in a position with the right front wheel of the vehicle not farther than 18 inches from the curb and the bus approximately parallel to the curb so as not to unduly impede the movement of other vehicular traffic.

D. The operator of a taxicab shall not stand or park the vehicle upon any street at any place other than in a taxicab stand so designated as provided herein. This provision shall not prevent the operator of a taxicab from temporarily stopping in accordance with other stopping or parking regulations at any place for the purpose of and while actually engaged in the expeditious loading or unloading of passengers. (*)

12-6-9.4 RESTRICTED USE OF BUS AND TAXICAB STANDS

A. No person shall stop, stand or park a vehicle other than a bus in a bus stop, or other than a taxicab in a taxicab stand when any such stop or stand has been officially designated and appropriately signed.

B. However, the driver of a passenger vehicle may temporarily stop in a bus stop or taxicab stand for the purpose of and while actually engaged in loading or unloading passengers when such stopping does not interfere with any bus or taxicab waiting to enter or about to enter such zone. (*)

12-6-10 SCHOOL CROSSINGS

A. Crosswalks may be established over streets abutting a school or the grounds adjacent thereto, and all children crossing the streets shall be required to do so within the marked crosswalks. The administrator, with advice of the local superintendent of schools, shall establish and mark, or cause to be marked, these street crossings.

B. Crosswalks over streets not abutting on school grounds may be established by the administrator, with advice of the local superintendent of schools and after adequate assurance has been given that proper safety precautions, pursuant to regulations of the administrator, will be maintained at the crossings by the school authorities to enforce their use by children.

C. At all school crossings except as provided in this section, appropriate signs shall be provided as prescribed by the administrator indicating the crossings and regulating traffic movement within the school zones.

D. School crossings are not required to be specifically posted when they are located:

- (1) at a signalized intersection;
- (2) at an intersection where traffic is controlled by a stop sign; or
- (3) at a point where a pedestrian tunnel or overhead crossing is provided. (66-7-336 NMSA 1978)

12-6-11 EXCESSIVE SIZE AND WEIGHT, SLOW-MOVING AND HAZARDOUS VEHICLES

12-6-11.1 PERMIT FOR EXCESSIVE SIZE AND WEIGHT---SPECIAL NOTIFICATION REQUIRED ON MOVEMENT OF MANUFACTURED HOMES

A. The department and local highway authorities may, in their discretion, upon application in writing and good cause being shown, issue a special permit in writing authorizing the applicant to operate or move a vehicle or load of a size or weight exceeding the maximum specified in Sections 66-7-401 through 66-7-416 NMSA 1978 on any highway under the jurisdiction of the state transportation commission or local authorities. Except for the movement of manufactured homes, a permit may be granted, in cases of emergency, for the transportation of loads on a certain unit or combination of equipment for a specified period of time not to exceed one year, and the permit shall contain the route to be traversed, the type of load to be transported and any other restrictions or conditions deemed necessary by the body granting the permit. In every

other case, the permit shall be issued for a single trip and may designate the route to be traversed and contain any other restrictions or conditions deemed necessary by the body granting the permit. Every permit shall be carried in the vehicle to which it refers and shall be opened for inspection by any peace officer. It is a misdemeanor for any person to violate any of the conditions or terms of the special permit.

B. The department shall charge and collect, when the movement consists of any load of a width of twenty feet or greater for a distance of five miles or more, the sum of three hundred dollars (\$300) a day or fraction thereof to defray the cost of state or local police escort. The permit issued and the fee charged shall be based upon the entire movement at one time requiring police escort and not upon the number of vehicles involved.

C. The department shall promulgate regulations in accordance with the State Rules Act pertaining to safety practices, liability insurance and equipment for escort vehicles provided by the motor carrier himself and for escort vehicles provided by a private business in this state.

(1) If a motor carrier provides his own escort vehicles and personnel, the department shall not charge an escort fee but shall provide the motor carrier escort personnel with a copy of applicable regulations and shall inspect the escort vehicles for the safety equipment required by the regulations. If the escort vehicles and personnel meet the requirements set forth in the regulations and if the motor carrier holds a valid certificate of public convenience and necessity or permit, as applicable, issued pursuant to Chapter 65, Article 2 NMSA 1978, the department shall issue the special permit.

(2) If the escort service is a private business, the business shall have applied to the public regulation commission for and been issued a permit or certificate to operate as a contract or common motor carrier pursuant to Chapter 65, Article 2 NMSA 1978. The public regulation commission shall supply copies of applicable regulations to the business by mail and shall supply additional copies upon request. If the escort vehicles and personnel meet the requirements set forth in the regulations and if the escort service holds a certificate, the special permit shall be issued and the department shall not charge an escort fee.

(3) The movement of vehicles upon the highways of this state requiring a special permit and required to use an escort of the type noted in Paragraphs (1) and (2) of this subsection is subject to department authority and inspection at all times.

(4) The state transportation department shall conduct engineering investigations and engineering inspections to determine which four-lane highways are safe for the operation or movement of manufactured homes without an escort. After making that determination, the state transportation department shall hold public hearings in the area of the state affected by the determination, after which it may adopt regulations designating those four-lane highways as being safe for the operation or movement of manufactured homes without an escort. If any portion of such a four-lane highway lies within the boundaries of a municipality, the state highway and transportation department,

after obtaining the approval of the municipal governing body, shall include such portions in its regulations.

D. Except for the movement of manufactured homes, special permits may be issued for a single vehicle or combination of vehicles by the department for a period not to exceed one year for a fee of sixty dollars (\$60). The permits may allow excessive height, length and width for a vehicle or combination of vehicles or load thereon and may include a provision for excessive weight if the operation is to be within the vicinity of a municipality. Utility service vehicles, operating with special permits pursuant to this subsection, shall be exempt from prohibitions or restrictions relating to hours or days of operation or restrictions on movement because of poor weather conditions. (66-7-413 D NMSA 1978)

E. Special permits for a single trip for a vehicle or combination of vehicles or load thereon of excessive weight, width, length and height may be issued for a single vehicle for a fee of fifteen dollars (\$15).

F. If the vehicle for which a permit is issued under this section is a manufactured home, the department or local highway authority issuing the permit shall furnish the following information to the property tax division of the department, which shall forward the information:

(1) to the county assessor of any county from which a manufactured home is being moved, the date the permit was issued, the location being moved from, the location being moved to if within the same county, the name of the owner of the manufactured home and the identification and registration numbers of the manufactured home;

(2) to the county assessor of any county in this state to which a manufactured home is being moved, the date the permit was issued, the location being moved from, the location being moved to, the name of the owner of the manufactured home and the registration and identification numbers of the manufactured home; and

(3) to the owner of a manufactured home having a destination in this state, notification that the information required in Paragraphs (1) and (2) of this subsection is being given to the respective county assessors and that manufactured homes are subject to property tax.

G. Except as provided in Subsection H of this section, if the movement of a manufactured home originates in this state, no permit shall be issued under Subsection F of this section until the owner of the manufactured home or his authorized agent obtains and presents to the department proof that a certificate has been issued by the county assessor or treasurer of the county in which the manufactured home movement originates showing that either:

(1) all property taxes due or to become due on the manufactured home for the current tax year or any past tax years have been paid, except for manufactured homes located on an Indian reservation; or

(2) no liability for property taxes on the manufactured home exists for the current tax year or any past tax years, except for manufactured homes located on an Indian reservation.

H. The movement of a manufactured home from the lot or business location of a manufactured home dealer to its destination designated by an owner-purchaser is not subject to the requirements of Subsection G of this section if the manufactured home movement originates from the lot or business location of the dealer and the manufactured home was part of his inventory prior to the sale to the owner-purchaser; however, the movement of a manufactured home by a dealer or his authorized agent as a result of a sale or trade-in from a nondealer-owner is subject to the requirements of Subsection G of this section whether the destination is the business location of a dealer or some other destination.

I. No permit shall be issued under this section for movement of a manufactured home whose width exceeds eighteen feet with no more than a six-inch roof overhang on the left side or twelve inches on the right side in addition to the eighteen-foot width of the manufactured home. Manufactured homes exceeding the limitations of this section shall only be moved on dollies placed on the front and the rear of the structure.

J. The secretary may by regulation provide for movers of manufactured homes to self-issue permits for certain sizes of manufactured homes over specific routes; however, in no case may the cost of each permit be less than fifteen dollars (\$15.00).

K. The secretary may provide by regulation for dealers of implements of husbandry to self-issue permits for the movement of certain sizes of implements of husbandry from the lot or business location of the dealer over specific routes with specific escort requirements, if necessary, to a destination designated by an owner-purchaser or for purposes of a working demonstration on the property of a proposed owner-purchaser. The department shall charge a fee for each self-issued permit not to exceed fifteen dollars (\$15.00).

L. Any private motor carrier requesting an oversize or overweight permit shall provide proof of insurance in at least the following amounts:

(1) bodily injury liability, providing;

(a) fifty thousand dollars (\$50,000) for each person; and

(b) one hundred thousand dollars (\$100,000) for each accident; and

(2) property damage liability, providing twenty-five thousand dollars (\$25,000) for each accident.

M. Any common motor carrier requesting an oversize permit shall produce a copy of a form "e" or other acceptable evidence that the common motor carrier maintains the insurance minimums prescribed by the public regulation commission. (66-7-413 NMSA 1978)

N. Farm carriers, as defined in Sections 65-2-82 and 65-1-116 NMSA 1978, may transport loads up to twelve feet in width on highways that are not national network highways without acquiring permits or escorts only if the load consists of hay tied in bales over five feet in either length or width and the load is not transported for any distance greater than fifty miles; provided that the farm carriers display a sign across the front and rear stating "WIDE LOAD" in large visible letters. (66-7-413.1 NMSA 1978)

O. No permit or fee required under this section is necessary for implements of husbandry, including farm tractors and farm trailers when not more than two such farm trailers are towed in tandem, being moved during daylight hours within a county or an adjacent county for a total distance, one way, of not more than fifty miles on any highway:

(1) crossing the farm property of the owner; or

(2) running between separate farm property of the owner. Any person responsible for the movement of implements of husbandry under the provisions of this section shall comply with all safety precautions set forth in this ordinance and in regulations of the state highway commission. (66-7-414 NMSA 1978)

12-6-11.2 SLOW-MOVING VEHICLE IDENTIFICATION

A. As used in this section, "slow-moving vehicle" means any vehicle which is ordinarily moved, operated or driven at a speed less than twenty-five miles an hour.

B. Each slow-moving vehicle moved, operated or driven on a highway which is open for vehicular travel shall display a slow-moving vehicle emblem or flashing amber light as required by Section 66-3-887 NMSA 1978.

C. Use of the emblem is confined to slow-moving vehicles, and its use on any other type of vehicle or on any stationary object is prohibited. This section does not prohibit the use on slow-moving vehicles of red flags or lawful lighting devices in addition to the slow-moving vehicle emblem.

D. No person shall sell, lease, rent or operate any slow-moving vehicle unless the slow-moving vehicle is equipped with a slow-moving vehicle emblem. (66-3-887 NMSA 1978)

12-6-11.3 **ESCORT TO BE FURNISHED FOR MOVEMENT OF HAZARDOUS VEHICLES**

A. When, in the judgment of the administrator, the movement of any vehicle is deemed a hazard to traffic upon a street over which the vehicle is to travel, the granting of permission for the movement thereof may be conditioned upon a special escort accompanying the hazardous vehicle.

B. The special police car escort to safeguard traffic during the movement of the hazardous vehicle shall conform to the provisions of Section 66-7-314 NMSA 1978. (66-7-314 NMSA 1978)

12-6-12 **DRIVING REGULATIONS AND OFFENSES**

12-6-12.1 **OPERATING A MOTOR VEHICLE UNDER THE INFLUENCE OF INTOXICATING LIQUOR OR DRUGS; CHEMICAL TESTING; OFFICER TO FILE STATEMENT; IMMEDIATE LICENSE REVOCATION**

A. It is unlawful for a person who is under the influence of intoxicating liquor to drive a vehicle within this municipality.

B. It is unlawful for:

(1) a person to drive a vehicle in this state if the person has an alcohol concentration of eight one-hundredths or more in the person's blood or breath within three hours of driving the vehicle and the alcohol concentration results from alcohol consumed before or while driving the vehicle; or

(2) a person to drive a commercial motor vehicle in this state if the person has an alcohol concentration of four one hundredths or more in the person's blood or breath within three hours of driving the commercial motor vehicle and the alcohol concentration results from alcohol consumed before or while driving the vehicle.

C. It is unlawful for a person who is under the influence of any drug to a degree which renders him incapable of safely driving a vehicle to drive a vehicle within this municipality. The fact that any person charged with a violation of this subsection is or has been entitled to use such drug under the laws of this state is not a defense against the charge.

D. Aggravated driving while under the influence of intoxicating liquor or drugs consists of a person who:

1) drives a vehicle in this state and has an alcohol concentration of sixteen one-hundredths or more in the person's blood or breath within

three hours of driving the vehicle and the alcohol concentration results from alcohol consumed before or while driving the vehicle;

(2) has caused bodily injury to a human being as a result of the unlawful operation of a motor vehicle while driving under the influence of intoxicating liquor or drugs; or

(3) refused to submit to chemical testing, as provided for in the Implied Consent Act (66-8-105 to 66-8-112 NMSA 1978), and in the judgment of the court, based upon evidence of intoxication presented to the court, was under the influence of intoxicating liquor or drugs. (66-8-102 NMSA 1978).

E. Any person who operates a motor vehicle within this municipality shall be deemed to have given consent, subject to the provisions of the Implied Consent Act, to chemical tests of his breath or blood or both, approved by the scientific laboratory division of the Department of Health pursuant to the provision of Section 24-1-22 NMSA 1978 as determined by a law enforcement officer, or for the purpose of determining the drug or alcoholic content of his blood, if arrested for any offense arising out of the acts alleged to have been committed while the person was driving a motor vehicle while under the influence of an intoxicating liquor or any drug.

F. A test of blood or breath or both, approved by the scientific laboratory division of the department of health pursuant to Section 24-1-22 NMSA 1978, shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving a motor vehicle within this municipality, while under the influence of intoxicating liquor or drug. (66-8-107 NMSA 1978)

G. Any person who is dead, unconscious or otherwise in a condition rendering him incapable of refusal, shall be deemed not to have withdrawn the consent provided by Section 12-6-12.1E, and the test or tests designated by the law enforcement officer may be administered. (66-8-108 NMSA 1978)

H. Only the persons authorized by Section 66-8-103 NMSA 1978 shall withdraw blood from any person for the purpose of determining its drug or alcoholic content. This limitation does not apply to the taking of samples of breath.

I. The person tested shall be advised by the law enforcement officer of the person's right to be given an opportunity to arrange for a physician, licensed professional or practical nurse, or laboratory technician or technologist who is employed by a hospital or physician, of his own choosing to perform a chemical test in addition to any test performed at the direction of a law enforcement officer.

J. Upon the request of the person tested, full information concerning the test or tests performed at the direction of the law enforcement officer shall be made available to him as soon as it is available from the person performing the test.

K. The law enforcement agency represented by the law enforcement officer at whose direction the chemical test is performed shall pay for the chemical test.

L. If a person exercises his right under Subsection I to have a chemical test performed upon him by a person of his own choosing, then the cost of that test shall be paid by the law enforcement agency represented by the law enforcement officer at whose direction a chemical test was administered under Subsection E. (66-8-109 NMSA 1978)

M. The results of a test performed pursuant to the Implied Consent Act may be introduced into evidence in any civil action or criminal action arising out of the acts alleged to have been committed by the person tested for driving a motor vehicle while under the influence of intoxicating liquor or drug.

N. When the blood or breath of the person tested contains:

(1) an alcohol concentration of less than four one-hundredths or less, it shall be presumed that the person was not under the influence of intoxicating liquor;

(2) an alcohol concentration of at least four one-hundredths but less than eight one-hundredths, no presumption shall be made that the person either was or was not under the influence of intoxicating liquor unless the person is driving a commercial vehicle and the amount of alcohol in the person's blood or breath may be considered with other competent evidence in determining whether or not the person was under the influence of intoxicating liquor;

(3) an alcohol concentration of eight one-hundredths or more, the arresting officer shall charge him with a violation of this section; or

(4) an alcohol concentration of four one-hundredths or more and the person is driving a commercial vehicle, it shall be presumed that the person is under the influence of intoxicating liquor. (66-8-110 NMSA 1978)

O. If the test performed pursuant to the Implied Consent Act is administered more than three hours after the person was driving a vehicle, the test result may be introduced as evidence of the alcohol concentration in the person's blood or breath at the time of the test and the trier of fact shall determine what weight to give the test result for the purpose of determining a violation of Sec. 12-6-12.1. (66-8-110 NMSA 1978)

P. The determination of alcohol concentration shall be based on the grams of alcohol in one hundred milliliters of blood or the grams of alcohol in two hundred ten liters of breath.

Q. The presumptions in Subsection N of this section do not limit the introduction of other competent evidence concerning whether or not a person was under the influence of intoxicating liquor. (66-8-110 NMSA 1978)

R. Nothing in this section is intended to authorize any police officer, or any judicial or probation officer, to make any arrest or to direct the performance of a blood-alcohol test, except in the performance of his official duties and as otherwise authorized by law. (66-8-104 NMSA 1978)

S. If a person under arrest for violation of an offense enumerated in the Motor Vehicle Code refuses upon request of a law enforcement officer to submit to chemical tests designated by the law enforcement agency as provided in Section 12-6-12.1 E and F, none shall be administered, except when a municipal judge, magistrate or district judge issues a search warrant authorizing chemical tests as provided in Section 12-6-12.1 E and F, upon his finding in a law enforcement officer's written affidavit that there is probable cause to believe that the person has driven a motor vehicle while under the influence of intoxicating alcohol or drug thereby causing the death or great bodily injury of another person, or there is probable cause to believe that the person has committed a felony while under the influence of intoxicating alcohol or drug and that chemical tests as provided in Section 12-6-12.1 E and F will produce material evidence in a felony prosecution. (66-8-111 NMSA 1978)

T. If a law enforcement officer has reasonable grounds to believe that a person arrested for violation of Subsections A, B, C or D of this section had been driving a motor vehicle within this municipality while under the influence of intoxicating liquor or drug and that upon his request, the person refused to submit to a chemical test, after being advised that failure to submit could result in revocation of his privilege to drive, then the law enforcement officer shall transmit to the director a statement signed under penalty of perjury stating what such reasonable grounds were and stating that the person refused to submit to a chemical test after being advised of the consequences of such refusal.

U. On behalf of the director, a law enforcement officer requesting a chemical test or directing the administration of a chemical test pursuant to Section 12-6-12.1 E and F shall serve immediate written notice of revocation and of right to a hearing on a person who refuses to permit chemical testing or on a person who submits to a chemical test the results of which indicate an alcohol concentration in the person's blood or breath of eight one-hundredths or more if the person is twenty-one years of age or older, four one-hundredths or more if the person is driving a commercial vehicle or two one-hundredths or more if the person is less than twenty-one years of age. Upon serving notice of revocation, the law enforcement officer shall take the license or permit of the driver, if any, and issue a temporary license valid for twenty days or, if the driver requests a hearing pursuant to Section 66-8-112 NMSA 1978, valid until the date the department issues the order following that hearing; provided that a temporary license shall not be issued to a driver without a valid license or permit. The law enforcement officer shall send the person's driver's license to the director along with the signed statement required pursuant to Subsection S of this section. (66-8-111.1 NMSA 1978)

12-6-12.2 OPERATING A MOTOR VEHICLE UNDER THE INFLUENCE OF INTOXICATING LIQUOR OR DRUGS; PENALTIES; SENTENCING; FEES *Amended June, 2010*

A. If a person is convicted of driving a motor vehicle while under the influence of intoxicating liquor or drug (12-6-12.1A through D) the trial judge shall be required to inquire into the past driving record of the person before sentence is entered in the matter. (66-8-110 NMSA 1978)

B. When a person is charged with a violation of 12-6-12.1A through D, any plea of guilty thereafter entered in satisfaction of the charges shall include at least a plea of guilty to violation 12-6-12.1A, B, C or D and no other disposition by plea of guilty to any other charge in satisfaction of such charge shall be authorized if:

(1) the results of a test performed pursuant to the Implied Consent Act discloses that the blood of the person charged contains an alcohol concentration of eight one-hundredths or more; (66-8-102 NMSA 1978 as amended)

(2) four one-hundredths or more if the person is driving a commercial vehicle; or

(3) the defendant has refused to submit to a chemical test or tests of his breath or blood. (66-8-102 NMSA 1978)

C. A person under first conviction pursuant to this section shall be punished by imprisonment for not more than ninety days or by a fine of not more than nine hundred ninety-nine dollars (\$999.00), or both; provided that if the sentence is suspended in whole or in part or deferred, the period of probation may extend beyond ninety days but shall not exceed one year. Upon a first conviction pursuant to this section, an offender shall be sentenced to not less than twenty-four hours of community service. In addition, the offender may be required to pay a fine of three hundred dollars (\$300.00). The offender shall be ordered by the court to participate in and complete a screening program described in Subsection F of this section and to attend a driver rehabilitation program for alcohol or drugs, also known as a "DWI school," approved by the traffic safety bureau of the state transportation department and also may be required to participate in other rehabilitative services as the court shall determine to be necessary. In addition to those penalties, when an offender commits aggravated driving while under the influence of intoxicating liquor or drugs, the offender shall be sentenced to not less than forty-eight consecutive hours in jail. If an offender fails to complete, within a time specified by the court, any community service, screening program, treatment program or DWI school ordered by the court or fails to comply with any other condition of parole, the offender shall be sentenced to not less than an additional forty-eight consecutive hours in jail. Any jail sentence imposed pursuant to this section for failure to complete, within a time specified by the court, any community service, screening program, treatment program or DWI school ordered by the court or for aggravated driving while under the influence of intoxicating liquor or drugs shall not be suspended, deferred or taken under advisement. On a first conviction pursuant to this section, time spent in jail for the offense prior to the conviction for that offense shall be credited to any to any term of imprisonment fixed by

the court. A deferred sentence pursuant to this subsection shall be considered a first conviction for the purpose of determining subsequent convictions.

D. A second or third conviction pursuant to this section shall be punished by imprisonment for not more than one hundred seventy-nine days or by a fine of not more than nine hundred ninety-nine dollars (\$999.00), or both; provided that if the sentence is suspended in whole or part, the period of probation may extend beyond one hundred seventy-nine days but shall not exceed one year. Notwithstanding any provision of law to the contrary for suspension or deferment of execution of a sentence:

If the chemical test is administered more than three hours after the alleged boating while under the influence of intoxicating liquor, the test result is admissible as evidence of the alcohol concentration in the person's blood or breath at the time of the alleged boating and the trier of fact shall determine what weight to give the test result.

F. The presumptions in Subsection B of this section do not limit the introduction of other competent evidence concerning whether the person was under the influence of intoxicating liquor.

- (1) a corrections fee of twenty dollars (\$20.00);
- (2) a judicial education fee of three dollars (\$3.00); and
- (3) a court automation fee of six dollars (\$6.00).

B. As used in this ordinance, "convicted" means the defendant has been found guilty of a criminal charge by the municipal judge, either after trial, a plea of guilty or a plea of nolo contendere, or has elected to pay a penalty assessment in lieu of trial.

C. All corrections fees collected shall be deposited in a special corrections fund in the municipal treasury and shall be used only for:

F. All court automation fees collected shall be remitted monthly to the state treasurer for credit to the municipal court automation fund and shall be used for the purchase and maintenance of court automation systems in the municipal courts. C. The chief of police shall keep a record and require a receipt for each serially numbered citation issued to individual officers. (*)

12-12-3 CONDUCT OF ARRESTING OFFICER--NOTICES BY CITATION.
Amended 2013

A. Except as provided in Section 12-12-5, unless a penalty assessment or warning notice is given, whenever a person is arrested for any violation of this ordinance or other law relating to motor vehicles punishable as a misdemeanor, the arresting officer, using the uniform traffic citation in paper or electronic form, shall complete the information section and prepare a notice to appear in court, specifying the time and place to appear, have the arrested person sign the agreement to appear as specified, give a copy of the citation to the arrested person and release him from custody.

B. Whenever a person is arrested for violation of a penalty assessment misdemeanor and elects to pay the penalty assessment, the arresting officer, using the uniform traffic citation in paper or electronic form, shall complete the information section and prepare the penalty assessment notice indicating the amount of the penalty assessment, have the arrested person sign the agreement to pay the amount prescribed, give a copy of the citation along with a business reply envelope addressed to the municipal court with jurisdiction and release him from custody. No officer shall accept custody or payment of any penalty assessment. If the arrested person declines to accept a penalty assessment notice, the officer shall issue a notice to appear. (66-8-123 B NMSA 1978)

C. The arresting officer may issue a warning notice, but shall fill in the information section of the uniform traffic citation in paper or electronic form and give a copy to the arrested person after requiring his signature on the warning notice as an acknowledgment of receipt. No warning notice issued under this section shall be used as evidence of conviction for purposes of suspension or revocation of license under Section 66-5-30 NMSA 1978.

D. In order to secure his release, the arrested person must give his written promise to appear in court, or to pay the penalty assessment prescribed or acknowledge receipt of a warning notice.

E. Any officer violating this section is guilty of misconduct in office and is subject to removal. (66-8-123 NMSA 1978)

F. An electronic traffic citation, prescribed by Sec 12-12-3.1, is an electronic version of the uniform traffic citation. For the purposes of this section, an electronic citation may be completed instead of a uniform traffic citation; provided, however, that where this section requires a copy of a citation to be given to an arrested person, a physical copy of the citation shall be provided whether a uniform traffic citation or an electronic form of the uniform traffic citation was used. An electronic form of the uniform traffic citation may be signed electronically.

12-12-3.1 ELECTRONIC UNIFORM TRAFFIC CITATION

A. An electronic version of a uniform traffic citation shall include the same information required to be included in a uniform traffic citation. An electronic version of a uniform traffic citation may be signed electronically and a law enforcement officer may submit or file with a court an electronic version of a uniform traffic citation if prior permission of the department has been secured. Where the law requires a law enforcement officer to provide a copy of a citation to a person cited or arrested, a physical copy of the citation shall be provided regardless of whether a paper uniform traffic citation or an electronic version of a uniform traffic citation was used. (66-8-128 NMSA 1978)

12-12-4 UNIFORM TRAFFIC CITATION IS COMPLAINT. The uniform traffic citation used as a notice to appear is a valid complaint, though not verified. (66-8-131 NMSA 1978)

12-12-5 ARREST WITHOUT WARRANT.

A. Members of the municipal police force may arrest without warrant any person:

- (4) charged with driving while under the influence of intoxicating liquor or drugs;
- (5) charged with failure to stop in the event of an accident causing death, personal injuries or damage to property;
- (6) charged with reckless driving;

- (7) the arresting officer has good cause to believe has committed a felony;

- (9) who is charged with driving when his privilege to do so was suspended or revoked pursuant to Section 66-8-111 NMSA 1978 or pursuant to a conviction for driving while under the influence of intoxicating liquor or drugs. (66-8-122 NMSA 1978)

B. To arrest without warrant, the arresting officer must have reasonable grounds, based on personal investigation which may include information from eyewitnesses, to believe the person arrested has committed a crime.

C. Members of the municipal police force may not make arrests for traffic violations if not in uniform; however, nothing in this section shall be construed to prohibit the arrest, without warrant, by a peace officer of any person when probable cause exists to believe that a felony crime has been committed or in non-traffic cases. (66-8-125 NMSA 1978)

D. This section governs all police officers in making arrests without warrant for violations of the New Mexico Motor Vehicle Code, this ordinance and other laws relating to motor vehicles but the procedure prescribed is not exclusive of any other method prescribed by law for the arrest and prosecution of a person violating these laws. (66-8-127 NMSA 1978)

12-12-6 **IMMEDIATE APPEARANCE BEFORE MUNICIPAL OR MAGISTRATE JUDGE.** Whenever any person is arrested for any violation of this ordinance or other law relating to motor vehicles punishable as a misdemeanor, he shall be immediately taken before an available municipal or magistrate judge who has jurisdiction of the offense when the:

- (6) person refuses to give his written promise to appear in court or acknowledge receipt of a warning notice; or

(7) person is charged with driving when his privilege to do so was suspended or revoked pursuant to a conviction for driving while under the influence of intoxicating liquor or drugs. (66-8-122 NMSA 1978)

12-12-7 **FAILURE TO OBEY NOTICE TO APPEAR.**

A. It is a misdemeanor for any person to violate his written promise to appear in court, given to an officer upon issuance of a uniform traffic citation, regardless of the disposition of the charge for which the citation was issued.

B. A written promise to appear in court may be complied with by appearance of counsel. (66-8-126 NMSA 1978)

12-12-8 **ARRESTING OFFICER TO BE IN UNIFORM.**

Amended July, 2007

A. No person shall be arrested for violating this ordinance or other law relating to motor vehicles punishable as a misdemeanor except by a commissioned, salaried peace officer who, at the time of arrest, is wearing a uniform clearly indicating the peace officer's official status. (66-8-124 NMSA 1978)

B. Notwithstanding the provisions of Subsection A of this section, a municipality may provide by ordinance that uniformed private security guards may be commissioned by the local police agency to issue parking citations for violations of clearly and properly marked fire zones and access zones for persons with significant mobility limitation. Prior to the commissioning of any security guard, the employer of the security guard shall agree in writing with the local police agency to the commissioning of the employer's security guard. The employer of any security guard commissioned under the provisions of this section shall be liable for the actions of that security guard in carrying out the security guard's duties pursuant to that commission. Notwithstanding the provisions of the Tort Claim Act, private security guards commissioned under this section shall not be deemed public employees under that act. (66-8-124 NMSA 1978)

12-12-9 **HANDLING OF CITATIONS**

A. Any entity that wishes to submit uniform traffic citations required to be submitted to the department by electronic means must secure the prior permission of the department. (66-8-128 D NMSA 1978)

B. Every police officer issuing a uniform traffic citation to an alleged violator of this ordinance or other law relating to motor vehicles shall dispose of the citations as indicated on the back of each copy. (66-8-133 NMSA 1978)

C. Citations spoiled or issued in error shall be marked "void" in large letters on the face, signed by the officer, and the copies disposed of as a valid warning notice. (66-8-133 NMSA 1978)

D. Upon filing of the uniform traffic citation in the municipal court, the citation may be disposed of only by trial in the court or by other official action by a judge of the court including, at the discretion of the municipal judge, forfeiture of bail or

by payment of a fine to the traffic violations bureau of the court. (*)

E. The chief of police shall maintain or cause to be maintained a record of serially numbered warrants issued by the municipal court on traffic violation charges which are delivered to the police department for service and of the final disposition of all such warrants. (*)

F. The chief of police shall issue, keep a record and require a receipt for each serially numbered citation issued to individual police officers. (66-8-132 NMSA 1978)

G. It is a misdemeanor and official misconduct for any officer or other public official or employee to dispose of a uniform traffic citation except as provided in this section. (66-8-133 NMSA 1978)

12-12-10 ILLEGAL CANCELLATION--AUDIT OF CITATION RECORDS.

A. Any person who cancels or solicits the cancellation of any uniform traffic citation other than as provided in this ordinance is guilty of a misdemeanor.

B. Every record of uniform traffic citations required in this ordinance shall be audited monthly by the appropriate fiscal officer of this municipality.

C. The fiscal officer shall publish an annual summary of all traffic violation notices issued by the traffic-enforcement agency. (66-8-134 NMSA 1978)

12-12-11 ABSTRACT OF TRAFFIC CASES--REPORT ON CONVICTIONS.

A. Every municipal judge shall keep a record of every traffic complaint, uniform traffic citation and other form of traffic charge filed in the judge's court or its traffic violations bureau and every official action and disposition of the charge by that court. The court shall notify the Department if a defendant fails to appear on a charge of violating the Motor Vehicle Code or other law or ordinance relating to motor vehicles.

B. Within ten days of the later of entry of a final disposition on a conviction for violation of this ordinance or other law or ordinance relating to motor vehicles or the final decision of any higher court that reviews the matter and from which no appeal or review is successfully taken, every municipal judge, including children's court judges, or the clerk of the court in which the entry of the final disposition occurred shall prepare and forward to the department an abstract of the record containing the name and address of the defendant; the specific section number and common name of the provision of the local law, ordinance or regulation under which the defendant was tried; the plea, finding of the court and disposition of the charge, including fine or jail sentence or bot ; total costs assessed to the defendant; the date of the hearing; the court's name and address; whether defendant was a first or subsequent offender; and whether the defendant was represented by counsel or waived his right to counsel and, if represented, the name and address of counsel.

C. The abstract of record prepared and forwarded under Subsection B of this section shall be certified as correct by the person required to prepare it. With the prior approval of the department, the information required in Subsection B of this Section may be transmitted electronically to the department. Report need not be made of any disposition of a charge of illegal parking or standing of a vehicle except when the uniform traffic citation is used.

D. When the uniform traffic citation is used, the court shall provide the information required in Subsection B of this Section in the manner prescribed by the director. A copy of each penalty assessment processed shall be forwarded to the division within ten (10) days of completion of local processing for posting to the driver's record. With the prior approval of the director, the required information may be submitted to the division by electronic means in lieu of forwarding copies of the penalty assessments.

E. The willful failure or refusal of any judicial officer to comply with this section is misconduct in office and grounds for removal. (66-8-135 NMSA 1978)

12-12-12 CITATION ON ILLEGALLY PARKED VEHICLE. Whenever any motor vehicle without driver is found parked, standing or stopped in violation of any of the restrictions imposed by this ordinance, the officer finding the vehicle shall take its registration number and may take any other information displayed on the vehicle which may identify its user and shall conspicuously affix to the vehicle a traffic citation on a form provided by the municipality for the driver to answer to the charge against him within five days during the hours and at a place specified in the citation. (*)

12-12-13 FAILURE TO COMPLY WITH TRAFFIC CITATION ATTACHED TO PARKED VEHICLE. If a violator of the restrictions on stopping, standing or parking under the traffic laws or ordinances does not appear in response to a traffic citation affixed to the motor vehicle within a period of five days, the traffic violations bureau or clerk of the municipal court shall send to the owner of the motor vehicle to which the traffic citation was affixed a letter informing him of the violation and warning him that in the event the letter is disregarded for a period of five days a warrant of arrest will be issued. (*)

12-12-14 PRESUMPTION IN REFERENCE TO ILLEGAL PARKING.

A. In any prosecution charging a violation of any ordinance governing the standing or parking of a vehicle, proof that the particular vehicle described in the complaint was parked in violation of the ordinance, together with proof that the defendant named in the complaint was at the time of the parking the registered owner of the vehicle, shall constitute in evidence a prima facie presumption that the registered owner of the vehicle was the person who parked or placed the vehicle at the point where, for the time during which, the violation occurred.

B. The foregoing stated presumption shall apply only when the procedure as prescribed in Sections 12-12-12 and 12-12-13 has been followed. (*)

12-12-15 WHEN WARRANT TO BE ISSUED. In the event any person fails to comply with a traffic citation given to the person or attached to a vehicle or fails to make

appearance pursuant to a summons directing an appearance in the municipal court or the traffic violations bureau, or if any person fails or refuses to deposit bail as required and within the time permitted by ordinance, the municipal judge shall issue either a summons or a warrant for his arrest. (*)

12-12-16 **DISPOSITION OF TRAFFIC FINES AND FORFEITURES.** All fines or forfeitures collected upon conviction or upon the forfeiture of bail of any person charged with a violation of any of the provisions of this ordinance shall be paid into the municipal treasury. (*)

12-12-17 **OFFICIAL MISCONDUCT.** Failure, refusal or neglect on the part of any judicial or other officer or employee receiving or having custody of any fine or forfeiture, either before or after a deposit in the municipal treasury, shall constitute misconduct in office and shall be grounds for removal. (*)

12-12-18 **AUTHORITY TO REMOVE OR RELOCATE VEHICLES.**

A. Definitions

For purposes of this section:

(1) "Chief" shall mean the Chief of Police of the municipal police department or his designated representative.

(2) "Impound" shall mean the towing and storage of a motor vehicle as authorized in this section.

(3) "Owner" of a vehicle shall mean the registered owner or owners of a vehicle as recorded with the New Mexico department of motor vehicles or similar agency of a state outside New Mexico. Where written notice to the owner is required by this section, such notice shall be given to each registered owner. Where appearance of the owner is required by this section, appearance may be by a person authorized by the owner to appear on his behalf.

(4) "Sign" shall mean a printed notification to the public giving notice of the possibility of removal of a vehicle by stating that the area is a tow-away zone, or that the violation of the restrictions stated on the sign may result in towing, and the sign must be readily visible from the point of removal.

(5) "Written Notice" shall mean notice sent by certified mail, return receipt requested, to the last known address of the owner:

a) When such notice is required under the terms of this section, weekends and holidays shall not be included when calculating the time for mailing notice.

b) When a vehicle is registered in a state outside New Mexico, the Chief shall make all reasonable and diligent efforts to ascertain the name and address of all registered owners. If the name and address information for an in-state or out-of-state registered vehicle is not available soon enough to meet the time deadlines for mailing written notice, then the notice shall be mailed as soon as possible after the

information is received.

c) As a valid substitute for "written notice" as defined herein, notice may be given by personal service or in any other reasonable manner, so long as actual notice is given to at least one owner within the time limits provided. Notice may be effected by verbal notice to an owner, or to the driver or passenger of a vehicle, if the driver or passenger reasonably appears to have custody of the vehicle with the owner's knowledge and permission. Verbal notice to the owner, driver or passenger shall be valid, however, only if the person so notified is given all the information required in the written notice and the person is given in writing a phone number where the owner, driver or passenger can obtain further information from a municipal employee.

d) If notice cannot be given per the other provisions of this paragraph, notice shall be given by publication once in a newspaper of general circulation in the community as soon as practicable after reasonable and diligent efforts to give notice as provided elsewhere in this paragraph prove fruitless. (*)

B. Prohibition of Removal and Relocation.

It is unlawful for a municipal officer, or any municipal employee, to remove or relocate, or cause to be removed or relocated, any unattended vehicle from any street, alley or public way within the municipal corporate limits, except as provided in this section. (*)

C. Impoundment of Vehicles Generally.

(1) Any vehicle impounded pursuant to this section shall be towed in accordance with state and local law to an authorized private storage facility or an area designated or maintained by the police department or by the municipality. The person authorizing impoundment shall issue signed and dated instructions in writing to the storage facility specifically stating whether the vehicle is to be held for investigation or as evidence, or whether it may be released to the owner after all attendant charges have been satisfied pursuant to Subsection H of this section. If the vehicle has been in storage for over 30 days after written notice is given and no hearing has been requested or the vehicle has not been claimed per the provisions of this section, then the storage facility operator may sell the vehicle per the provisions of applicable state law.

(2) If any vehicle is about to be removed, relocated or is in the process of being removed or relocated and the owner thereof or his agent appears and claims the vehicle and agrees forthwith to remove it or relocate it, such vehicle shall be delivered to such owner or agent upon demand therefore and upon furnishing satisfactory evidence of identity and ownership or agency. If any such owner or agent shall fail, refuse or neglect to forthwith remove such vehicle, such vehicle shall nevertheless be impounded or relocated. Removal by such owner or agent shall not relieve the offender of liability for any towing costs already incurred or for any fine or penalty for the violation of any law or ordinance for which the vehicle was to be removed or relocated. (*)

D. Circumstances Permitting Summary Vehicle Impoundment or

Relocation.

(1) Any municipal police officer, or any municipal employee who is authorized to direct traffic or enforce state or local parking or motor vehicle laws, may order the impoundment of any vehicle within the municipal corporate limits, without prior notice to the owner or operator thereof, under the following circumstances:

a) when any vehicle is left unattended upon any bridge, viaduct, or causeway or in any tube or tunnel where the vehicle constitutes an obstruction or hazard to traffic; (66-7-350 NMSA 1978)

b) when any vehicle is parked or left standing upon a street, alley, or public way in such a position as to obstruct the normal movement of traffic or in such a condition as to create a hazard to other traffic;

c) when any vehicle is found upon a street, alley, public way or private property, and an offense report has previously been made that the vehicle has been stolen or a complaint has been filed and a warrant thereon issued charging that the vehicle has been stolen, and the owner is not available to, or cannot, immediately provide for its custody or removal; (*)

d) when any vehicle is parked so as to block the entrance to a public or private driveway; (66-7-351 NMSA 1978)

e) when any vehicle is parked within fifteen (15) feet of a fire hydrant, is illegally parked so as to prevent access by firefighting equipment to a fire hydrant, or is illegally parked in a properly designated fire lane;

f) when the person or persons in charge of a vehicle are by reason of physical injuries, intoxication, illness or other cause incapacitated to such an extent as to be unable to provide for its custody or removal, and (i) the vehicle is left as described elsewhere in Paragraph 1 of this subsection, or (ii) the location of the vehicle is such that a reasonable person would believe that its owner would desire its relocation or removal. However, nothing in this subparagraph shall prevent a person who is incapacitated and is not intoxicated or otherwise mentally impaired from requiring that the vehicle not be moved if the sole basis for removal is pursuant to part (ii) of this subparagraph;

g) when the driver or person in control of a vehicle is lawfully taken into custody by a police officer, and said person is unable to immediately provide for the custody or removal of the vehicle, and (i) the vehicle is left as described elsewhere in paragraph 1 of this subsection or (ii) the location of the vehicle is such that a reasonable person would believe that its owner would desire its relocation or removal. However, nothing in this subparagraph shall prevent a person who is taken into custody and is not intoxicated or otherwise mentally impaired from requiring that the vehicle not be moved if the sole basis for removal is pursuant to (ii) of this subparagraph;

h) when an abandoned, unattended, wrecked, burned or partially dismantled vehicle is creating a traffic hazard because of its position in relation

to the street, alley, or public way or its physical appearance is causing traffic to be impeded; (*)

i) wherever the use of a street, alley or public way or any portion thereof is authorized by the municipality for a purpose other the normal flow of traffic, or for the movement of equipment, articles, or structures of unusual size, and the parking of any vehicle would prohibit or interfere with such use or movement, and signs giving notice that a parked vehicle may be towed are erected or placed along the street, alley or public way at least 24 hours prior to the removal; (66-7-351 NMSA 1978)

j) when any vehicle is parked or left standing where stopping is prohibited by ordinance or other state or local law. No vehicle may be removed pursuant to this paragraph unless signs are posted at least 24 hours prior to the removal giving notice that the area is a tow-away zone;

k) when any vehicle is parked or standing in a manner so as to obstruct necessary emergency services, law enforcement services, the routing of traffic at the scene of a disaster, or when removal is otherwise necessary in the interest of public safety because of any emergency, and moving the vehicle to a legal parking location is impractical. However, the owner or operator of a vehicle so relocated or removed shall not be subject to any relocation, removal or storage charges, if the vehicle is otherwise lawfully parked. Such charges shall be paid by the municipality, except that in the case of emergency utility repairs such charges shall be paid by the utility company seeking removal;

l) when a vehicle is parked, left unattended or abandoned during a fire, flood, storm or other public emergency which is apt to cause substantial damage to the vehicle, removal is in the best interest of the owner, and moving the vehicle to a safe legal location is impractical;

m) when a vehicle is either unattended or disabled and loaded with either a dangerous, flammable, combustible or explosive substance which, either by its presence or load conditions is likely to harm the health or safety of the public and moving the vehicle to a safe, legal location is impractical;

n) when any vehicle is parked in such a manner as to obstruct or interfere with any road, sidewalk or right-of-way maintenance or construction, or any non-emergency utility work, and it is impractical to relocate the vehicle to another point where parking is legal. No vehicle shall be removed unless signs are posted giving notice of the work to be done and the possibility of removal at least 24 hours prior to the removal; or

o) when a vehicle is parked: on a sidewalk; within an intersection; on a crosswalk; within twenty (20) feet of a crosswalk at an intersection; within thirty (30) feet upon the approach to any flashing beacon, stop sign or traffic control signal located at the side of a roadway; between a safety zone and the adjacent curb or within thirty (30) feet of points on the curb immediately opposite the ends of a safety zone, unless the municipality indicates a different length by signs or markings; within fifty (50) feet of the nearest rail of a railroad crossing; within twenty (20) feet of

the driveway entrance to any fire station and if properly signposted on the side of the street opposite the fire station entrance where posted; alongside or opposite any street excavation or obstruction when stopping, standing or parking would obstruct traffic; or on the roadway side of any vehicle stopped or parked at the edge or curb of a street. (66-7-351 NMSA 1978)

(2) In lieu of towing and impoundment, a municipal police officer, or any municipal employee who is authorized to direct traffic or enforce state or local parking or motor vehicle laws, may relocate or cause to be relocated any vehicle from any street, alley or public way within the municipal corporate limits, without prior notice to the owner or operator thereof when the relocation to a safe, legal location is practical and the vehicle is found under the circumstances set forth in subparagraphs e, k, l, m or n of paragraph 1 of this subsection. (*)

(3) Whenever a vehicle could be impounded, removed or relocated pursuant to subsection D of this section and the driver of the vehicle is present, the police officer or authorized employee may order the driver to move the vehicle to another location. (66-7-350)

 - f) a statement that daily storage charges will be assessed in addition to a towing charge if the removal was proper;
 - g) a statement that the owner may obtain release of the vehicle by posting bond or paying all amounts due under this ordinance;
 - h) a statement that the owner has the right to contest the validity of the impoundment or relocation by requesting in writing a hearing before the municipal judge within thirty (30) days after written notice is given;

i) a statement that failure to obtain release of the vehicle if impounded will cause it to be sold or otherwise disposed of in accordance with state law; and

j) a phone number and name or title of a municipal employee from whom the owner can obtain further information.

(3) The hearing, if requested in a timely manner, shall be held within 120 hours (excluding weekends and holidays) of receipt of the request unless the hearing is continued with the agreement of the owner. The municipal judge's decision shall be limited to:

a) whether the vehicle was lawfully impounded or relocated for one or more of the reasons set forth in Subsection D of this section and

b) whether the vehicle, if lawfully impounded, should be released at the City's expense.

Upon receipt of the request for a hearing on the legality of an impoundment, the municipal judge shall notify the storage facility of the hearing and no lien shall be foreclosed by the storage facility as allowed by state law until the judge has ruled on the legality of the impoundment. If the municipal judge finds that the vehicle in question was not lawfully impounded or that the vehicle should otherwise be released at the municipality's expense, he shall issue and date a Certificate of Release, indicating the unlawful impoundment, or the release at municipal expense, or both, and a copy of the release shall be given to the owner of the vehicle. Upon receipt of the owner's copy of such certificate, the authorized storage facility having custody of the vehicle shall release the vehicle to its owner and towing and storage fees shall be paid by the municipality in accordance with arrangements to be made between the municipality and the authorized storage facility. If the owner fails to present such certificate to the authorized storage facility having custody of the vehicle within 24 hours of its receipt, excluding days when the authorized storage facility is not open for business, the owner shall assume liability for all subsequent storage charges. The certificate shall advise the owner of such requirement.

(4) The decision of the municipal judge may be appealed to the district court. (*)

F. Abandoned Vehicles.

(1) Any municipal police officer, or any municipal employee who is authorized to direct traffic or enforce state or local parking or motor vehicle laws, may order the impoundment of any abandoned vehicle within the municipal corporate limits. A vehicle is abandoned if:

a) the vehicle is parked on or along any street, alley or public way and the vehicle displays no current license plate; or

b) the vehicle is left unattended on or along any street, alley or public way in the same place for a period of 72 hours without a valid police sticker as defined in paragraph 2 of this subsection.

(2) The Chief may issue a sticker temporarily permitting street storage, upon application of any owner or agent of an owner for any vehicle which is operable and has a current license plate. Stickers shall expire fifteen (15) days after issuance. No owner, whether an individual, business, corporation, organization, partnership or trust, is entitled to more than four stickers at any time.

(3) When a vehicle is abandoned on or along a street, alley or public way under circumstances which do not allow summary removal or relocation pursuant to subsection D of this section, a notice shall be attached to the vehicle in a manner which is readily visible containing the following information:

a) the date and time the notice is affixed to the automobile;

(4) Written notice containing the same information specified in paragraph 3 of this subsection plus the location and a description of the vehicle shall be mailed to the owner of the vehicle within 24 hours after the notice is affixed. However, if written notice is not given within 24 hours after the notice is placed on the vehicle, then the ten (10) day waiting period shall be extended the amount of time between the placing of notice on the vehicle and the giving of written notice.

(5) Upon timely receipt of a request for a hearing, the municipal judge shall order a delay of the impoundment of the vehicle until after the hearing.

(6) The hearing, if requested in a timely manner, shall be held within 120 hours (excluding weekends and municipal holidays) of receipt of the request,

unless the hearing is continued with the agreement of the owner. At the hearing, the municipal judge shall only determine whether the vehicle is or is not abandoned.

(7) If the municipal judge determines that the vehicle is abandoned, he shall so notify the Chief, who shall cause the impoundment of the vehicle, unless the vehicle is removed within 24 hours of the judge's decision.

(8) If the vehicle is removed pursuant to paragraph 7 of this subsection, a person challenging the impoundment shall be entitled to challenge the decision of the municipal judge by appeal to District Court.

(9) If an abandoned vehicle is impounded, and the owner has not obtained a hearing prior to the impoundment, the owner may file a request for a hearing with the municipal judge on the legality of the impoundment within thirty (30) days after impoundment. Upon receipt of the request for a hearing, the municipal judge shall notify the storage facility of the hearing and no lien shall be foreclosed by the storage facility as allowed by state law until the judge has ruled on the legality of the impoundment. If the municipal judge rules that the impoundment was illegal, then the municipal judge shall issue and date a Certificate of Release and a copy of the release shall be given to the owner of the vehicle. Upon receipt of the owner's copy of such certificate, the authorized storage facility having custody of the vehicle shall release the vehicle to its owner and towing and storage fees shall be paid by the municipality in accordance with arrangements to be made between the municipality and the authorized storage facility. The certificate shall advise the owner of such requirement. (*)

When bond is posted the vehicle shall be released into the possession of the owner or his designee.

(2) In all other cases, upon proof of ownership, an impounded vehicle shall be released only after payment of the accumulated penalties by the owner or his designee, as provided in subsection I.

(3) The owner shall forfeit the bond if the owner fails to appear at the hearing before the municipal court.

(4) The owner shall be entitled to reimbursement from the municipality for all bonds posted and penalties paid if after hearing and appeal, if any, it is determined that the impoundment or relocation was not valid.

(5) This subsection does not authorize release of any vehicle held for investigation or as evidence of a crime or seized pursuant to state or federal law. Such vehicle shall be released only upon the written order of the police officer responsible for its impoundment or upon an affirmative written statement by the Chief that such vehicle is no longer needed for investigative or evidentiary purposes or for forfeiture proceedings. The municipality shall bear the cost of towing and storage for such impoundments. (*)

I. Penalties.

(1) Each time a vehicle is lawfully towed or relocated pursuant to this section the owner shall pay a fine of fifty dollars (\$50.00), unless the municipality is required to pay for removal or relocation.
