**Re:** Memo In Support – Local Law Amending Section 60-5 of The Code of The City of Troy

As evidenced by the ever-expanding vacancy list over the past several years, the City of Troy, along with many other local jurisdictions, has experienced difficulty of recruitment for all positions. We are faced with many challenges in recruiting personnel, including the current restrictions of Section 60-5 of the Troy City Code. In an effort to fill existing and future vacancies in the City of Troy, the Administration is proposing to expand the geographical boundaries from which we are able to select candidates for employment. The current requirements are disadvantageous to the public interest.
