

AUTHORIZING RESOLUTION OF THE

City of West Haven City Council

CERTIFICATION:

I, Stacy Riccio, the Clerk of the City of West Haven City Council, a municipal corporation organized and existing under the laws of the State of Connecticut, with a place of business at 355 Main Street West Haven, CT, do hereby certify that the following is true and correct copy of a resolution adopted by The City of West Haven City Council at its duly called and held meeting on March 28th, 2022 at which a quorum was present and acting throughout, and that the resolution has not been modified, rescinded, or revoked and is at present in full force and effect:

The City Council should consider for approval the following matter of Legislative Matters Committee– Amendment of Ordinance Sec. 224-4(A): to add word “Class 3”

RESOLVED: Be it resolved by the City Council of the City of West Haven that, subject to review by the Corporation Counsel, the City Council approves of the Amendment of Ordinance Sec. 224-4(A): to add word “Class 3”

IN WITNESS WHEREOF: The undersigned has executed this certificate on the following date: 3-28-2022

Stacy Riccio
Stacy Riccio, Clerk of the Council

A permit issued by the Program Administrator authorizing the discharge of wastewater to the public sanitary sewer system from an FPE.

FOOD PREPARATION ESTABLISHMENTS (FPE)

[Amended 9-10-2018]

add ", Class 3,"

A. Food preparation establishments are:

- (1) Facilities that are regulated by the West Haven Health Department and are classified as a Class 2 or Class 4 food service establishment as defined by the Health Code of the State of Connecticut;
- (2) Other facilities that engage in similar cooking methods that have the potential to produce fats, oils, and grease.

B. A Class 2 food service establishment shall be exempt from this article if it does not employ frying, sauteing, baking or roasting of meats, use of rotisseries, grills, smokers, or other methods that have the potential to generate fats, oils, or grease.

GREASE DISPOSAL FACILITY (GDF)

A regional collection/transfer/disposal site approved in accordance with the law for the disposal of FOG. This means a Department of Energy and Environmental Protection (DEEP) approved publicly/privately owned treatment works that is for the separation and disposal of FOG by incineration or other methods. Pursuant to § 22a-174-33 of the Regulations of Connecticut State Agencies related to Title V, Sources, an in-state regional incinerator must have an operating permit that lists FOG as a source of fuel.

GREASE TRAP

The term "grease trap" is used collectively to mean AGRUs and outdoor grease traps.

HAULER

Any person who collects the contents of a grease trap and transports it to a grease disposal facility. A hauler may also provide other services to food preparation establishments related to trap maintenance.

NONRENDERABLE GREASE

Fats, oils, and grease generated from food preparation or serving that has come into contact with water or other contaminants that prevent this FOG from being rendered. See "renderable grease."

OUTDOOR GREASE TRAP

A structure or device designed for the purpose of removing and preventing FOG from entering the public sanitary sewer system. These devices are often below-ground units built as two- or three-chamber baffled tanks. Traps shall have at least one inspection hatch at grade per chamber to facilitate inspection, cleaning, and maintenance by a hauler. See the definition of "grease trap."

PERMITTEE

The permittee represents the FPE and is authorized by the issuance of a FOG discharge permit to initiate, create, originate, or maintain a wastewater discharge from the FPE. The permittee shall be the owner or his local designee.

PERSON

Any individual, firm, association, society, corporation, or group.

PROGRAM ADMINISTRATOR (PA)
