

ORDINANCE NO. 2022-0317B

AN ORDINANCE ESTABLISHING AND IMPLEMENTING A PROGRAM TO CHARGE MITIGATION RATES FOR THE DEPLOYMENT OF EMERGENCY AND NON-EMERGENCY SERVICES BY THE FIRE DEPARTMENT FOR SERVICES PROVIDED AND RENDERED BY AND FOR THE WILMER FIRE DEPARTMENT, AND AUTHORIZING THE CITY ADMINISTRATOR TO EXECUTE THE AGREEMENT; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the emergency and non-emergency services response activity to incidents continues to increase each year; Environmental Protection requirements involving equipment and training, and Homeland Security regulations involving equipment and training, creating additional demands on all operational aspects of the fire department services; and

WHEREAS, the fire department has investigated different methods to maintain a high level of quality of emergency and non-emergency service capability throughout times of constantly increasing service demands, where maintaining an effective response by the fire department decreases the costs of incidents to insurance carriers, businesses, and individuals through timely and effective management of emergency situations, saving lives and reducing property and environmental damage; and

WHEREAS, raising real property tax to meet the increase in service demands would not be fair when the responsible party(s) should be held accountable for their actions; and

WHEREAS, the City Council of the Wilmer Fire Department desires to implement a fair and equitable procedure by which to collect said mitigation rates and shall establish a billing system in accordance with applicable laws, regulations and guidelines.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF WILMER, TEXAS:

SECTION 1. The Wilmer Fire Department shall initiate mitigation rates for the delivery of emergency and non-emergency services by the fire department for personnel, supplies and equipment to the scene of emergency and non-emergency incidents as listed in “**EXHIBIT 1**”. The mitigation rates shall be based on actual costs of the services and that which is usual, customary and reasonable (UCR) as shown in “**EXHIBIT A**”, which may include any services, personnel, supplies, and equipment and with baselines established by addendum to this document.

SECTION 2. A claim shall be filed to the responsible party(s) through their insurance carrier. In some circumstances, the responsible party(s) will be billed directly.

SECTION 3. The Fire department may make rules or regulations and from time to time may amend, revoke, or add rules and regulations, not consistent with this Section, as they may deem necessary or expedient in respect to billing for these mitigation rates or the collection thereof.

SECTION 4. It is found and determined that all formal actions of this City Council concerning and relating to the adoption of this Ordinance were adopted in open meetings of this City Council, and that all deliberations of this City Council and any of its committees that resulted in such formal actions were in accordance with all legal requirements, and the Codified Ordinances of the City Council.

SECTION 5. This Ordinance shall take effect thirty days (30) from the date of adoption as permitted by law.

SECTION 6. The Mitigation Rates lists in Exhibit A will increase by 2.6% annually or based on the annual percentage increase in the Consumer Price Index (CPI), as developed by the Bureau of Labor Statistics of the U.S. Department of Labor, whichever is more. Rate adjustments will occur on the anniversary date of this ordinance/resolution to keep the fire department's cost recovery program in conformity with increasing operating expenses.

The mitigation rates below are average "billing levels", and are typical for the incident responses listed, however, when a claim is submitted, it may be itemized and based on the actual services provided.

These rates are based on actual costs using amortized schedules for apparatus (including useful life, equipment, repairs, and maintenance). Labor rates include an average department's actual burdened labor costs and not just a firefighter's wage. These include wages, retirement, benefits, workers comp, etc.

MOTOR VEHICLE INCIDENTS

Level 1 - \$516.00

Provide hazardous materials assessment and scene stabilization. This will be the most common "billing level". This occurs almost every time the fire department responds to an accident/incident.

Level 2 - \$588.00

Includes Level 1 services as well as clean up and material used (sorbents) for hazardous fluid clean up and disposal. We will bill at this level if the fire department has to clean up any gasoline or other automotive fluids that are spilled as a result of the accident/incident.

The mitigation rates above are average "billing levels" for one hour of service, and are typical for the incident responses listed, however, when a claim is submitted, it may be itemized and based on the actual services provided.

These average mitigation rates were determined by itemizing costs for a typical run (from the time a fire apparatus leaves the station until it returns to the station) and are based on the actual costs, using amortized schedules for apparatus (including useful life, equipment, repairs, and maintenance) and labor rates (an average department's "actual personnel expense" and not just a firefighter's basic wage). The actual personnel expense includes costs such as wages, retirement, benefits, workers comp, insurance, etc.
