AMENDED ORDINANCES

In a progressive move, the Board of Aldermen has approved amendments to city ordinances 92.01 and 92.20, aimed at addressing the community's stray cat population. The revised ordinances now provide clearer definitions of feral and stray cats, and have updated the Licensing Required ordinance. This change facilitates the humane capture, neutering, and return of these cats by authorized companies, which is expected to effectively manage and reduce the number of stray cats roaming the streets, thus promoting a healthier community for all residents and wildlife.

In an inspiring community effort, Alderman Robert Roskowske III and Wanda Aubuchon have initiated a green movement in Winfield by securing 19 free trees from the Forest Releaf of Missouri. This initiative, aimed at beautifying the local community, kicked off with the planting of 8 trees at the Winfield Fairgrounds on April 20th. The momentum continues as plans are underway to plant the remaining trees near the Winfield Welcome signs on highways 79 and 47. This project is not just about aesthetics; it's a step towards creating a sustainable environment that supports all forms of life. In addition to the trees, the planting of perennial flowers is set to provide a habitat for butterflies, adding to the ecological diversity and beauty of the area. These efforts align perfectly with the spirit of Earth Day and Arbor Day, reflecting a commitment to environmental stewardship and community pride.

MapLinks

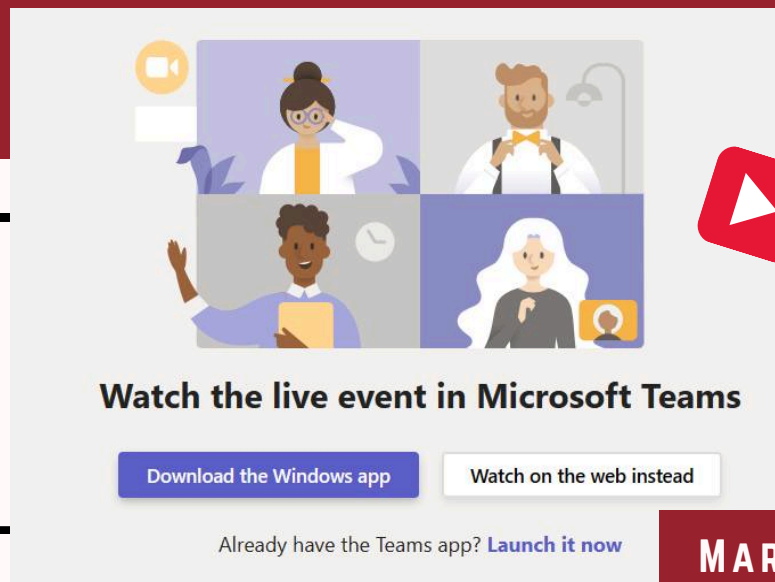

The City of Winfield has taken a significant step forward in community planning and transparency with the launch of MapLink, a Visual Zoning service. Introduced by Alderman Robert Roskowske III, this innovative tool is designed to simplify the understanding of zoning codes for residents, businesses, and potential newcomers. By integrating with General Codes, MapLink provides an interactive online map that makes zoning information accessible and user-friendly. This initiative not only enhances the experience of current community members but also positions Winfield as an inviting location for new businesses and residents, showcasing the city's commitment to growth and modernization. The implementation of MapLink marks a milestone in Winfield's ongoing efforts to improve city services and foster a supportive environment for economic development.

The City of Winfield is gearing up for its popular City Wide Yard Sale, set to take place on June 1st, followed by Dumpster Day on June 2nd. This event offers a fantastic opportunity for residents to declutter their homes and find treasures among their neighbors' offerings. To ensure a smooth process, participants are reminded to bring a water/sewer bill when disposing of items on Dumpster Day. The city kindly requests that citizens refrain from leaving items on the ground next to the dumpsters. It's important to note that certain items are prohibited from being dumped, and residents should reach out to City Hall or check the City of Winfield Facebook Page for a list of these restricted items. Let's come together for a successful clean-up and yard sale event!

Live Stream

City Hall is pleased to announce that we have successfully set up a live stream for the City Council Meetings. As previously mentioned, it took us some time to work on the software and program updates to ensure sound quality and fewer interruptions. Now, for those who are unable to attend the meeting in person, you can simply click on the "City Council Meeting Live Stream" button located at the bottom of our city's website homepage, next to the calendar. Once you click on the button, you will be taken to a page where you can choose to download the Microsoft Teams app, watch on the web, or launch the app if you already have it installed. You should not need to download anything, just hit "watch on the web" and it will take you to the live stream of the meeting. We hope that everything goes smoothly, but if there are any issues, we apologize for the inconvenience in advance and will work hard to resolve them for the next meeting.

"The picture provided above is what you will see on the new page once you click on the "City Council Meeting Live Stream". Then click on watch on the web instead."

Boonslick Regional Planning Commission has begun updating the Comprehensive Economic Development Strategies (CEDs) plan for the Boonslick region of Lincoln County. Every five years the CEDs committee convenes to review, analyze, and update the plan to establish regional goals and objectives and to develop and implement a coordinated plan of growth for the region. As part of the plan's development, we are asking members of the region (residents, business community, interested parties) to complete a region-wide survey. Your responses will help the CEDs committee in developing the plan and we appreciate your participation.

We are hoping to get as many people as possible to complete the survey so please feel free to share the information and link to the survey.

Winfield PD Spotlight

Officer Josh Brown and K9 Don

MAR/APR 2024

Officer Josh Brown's journey from California to Missouri represents a significant transition, both in terms of location and career milestones. With an impressive 18 years of law enforcement experience, including his time in the Marine Corps, Officer Brown brings a wealth of knowledge and expertise to the city of Winfield. His specialized skills as a drug recognition expert highlight his dedication to public safety and his commitment to combating driving under the influence and drug-related offenses. As a K9 officer, he has spent over a year working closely with a trained police dog, which not only aids in narcotics detection but also strengthens community relations. Officer Brown's military background and extensive experience in law enforcement make him a valuable asset to the Winfield Police

Department and the community he serves. His passion for his work and his proactive approach to law enforcement reflect the qualities of a dedicated officer committed to maintaining safety and upholding the law. K9 Don is a 3 year old German Shepherd and is partnered with Officer Josh Brown. K9 Don has been with the Winfield Police Department since 2022. Don was donated by Dogs on Duty and Dowdy Dogs donated the training. K9 Don is certified in Narcotics, Tracking, Evidence Search, Building Clearing, Handler Protection, and Criminal Apprehension by the American Man-Trailing and Police Working Dog Association. K9 Don has had 39 deployments including (4) building searches, (30) narcotics detection, (1) evidence search of a field and (4) tracking.
