INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members
of the Borough Council
Borough of Alpha
County of Warren
Alpha, New Jersey 08865

Report on the Financial Statements

We have audited the accompanying balance sheets - regulatory basis of the various individual funds and account group of the Borough of Alpha, as of December 31, 2012 and 2011, the related statement of operations and changes in fund balance - regulatory basis for the years then ended, and the related statement of revenues - regulatory basis and statement of expenditures - regulatory basis of the various individual funds for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the Borough's regulatory financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these regulatory financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

SUPLEE, CLOONEY & COMPANY

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the regulatory financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the regulatory financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S Generally Accepted Accounting Principles.

As described in Note 1 of the regulatory financial statements, the regulatory financial statements are prepared by the Borough of Alpha on the basis of the financial reporting provisions prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the various individual funds and account group of the Borough of Alpha as of December 31, 2012 and 2011, or the results of its operations and changes in fund balance for the years then ended of the revenues or expenditures for the year ended December 31, 2012.

Opinion on Regulatory Basis of Accounting

In our opinion, the regulatory financial statements referred to above present fairly, in all material respects, the regulatory basis balances sheets of the various individual funds and account group as of December 31, 2012 and 2011, the regulatory basis statement of operations and changes in fund balance for the years then ended and the regulatory basis statement of revenues and expenditures and changes in fund balance for the year ended December 31, 2012 in accordance with the basis of financial reporting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough of Alpha's regulatory financial statements. The supplementary information and data and schedules of federal awards and state financial assistance listed in the table of contents as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey are presented for purposes of additional analysis and are not a required part of the regulatory financial statements.

The supplemental information and schedules listed above and also listed in the table of contents are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the regulatory financial statements. Such information has been subjected to the auditing procedures applied in the audit of the regulatory financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the regulatory financial statements or to the regulatory financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information and data listed in the table of contents, schedules of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the regulatory financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 10, 2013 on our consideration of the Borough of Alpha's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough of Alpha's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

BOROUGH OF ALPHA

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2012 AND 2011

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Borough of Alpha is an instrumentality of the State of New Jersey, established to function as a municipality. The Borough Council consists of elected officials and is responsible for the fiscal control of the Borough.

Except as noted below, the financial statements of the Borough of Alpha include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Borough of Alpha, as required by N.J.S.A. 40A:5-5. Accordingly, the financial statements of the Borough of Alpha do not include the operations of the volunteer fire company or the Board of Education, inasmuch as their activities are administered by separate boards.

B. Description of Funds

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB codification establishes three fund types and two account groups to be used by general purpose governmental units when reporting financial position and results of operations in accordance with U.S. Generally Accepted Accounting Principles (GAAP).

The accounting policies of the Borough of Alpha conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the financial transactions and accounts of the Borough of Alpha are organized on the basis of funds and an account group which is different from the fund structure required by GAAP. A fund or account group is an accounting entity with a separate set of self-balancing accounts established to record the financial position and results of operation of a specific government activity. As required by the Division of Local Government Services, the Borough accounts for its financial transactions through the following individual funds and account group:

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Description of Funds (Continued)

Current Fund - resources and expenditures for governmental operations of a general nature, including federal and state grant funds.

Trust Fund - receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

Water/Sewer Utility Operating and Capital Funds - account for the operations and acquisition of capital facilities of the municipally owned Water/Sewer Utility.

Public Assistance Trust Funds – receipt and disbursement of funds that provide assistance to certain residents of the Borough pursuant to Title 44 of New Jersey statutes.

General Fixed Assets Account Group - utilized to account for property, land, buildings and equipment that have been acquired by other governmental funds.

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the State of New Jersey differ in certain respects from generally accepted accounting principles applicable to local government units. The more significant accounting policies and differences in the State of New Jersey are as follows:

A modified accrual basis of accounting is followed with minor exceptions.

Revenues - are recorded when received in cash except for certain amounts which are due from other governmental units. All grants are realized as revenues when anticipated in the Borough's budget. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the Borough, which are susceptible to accrual, are also recorded as receivables with offsetting reserves and recorded as revenues when received. GAAP requires revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Expenditures - are recorded on the "budgetary" basis of accounting. Generally expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances, at December 31, are reported as a cash liability in the financial statements and constitute part of the Borough's statutory Appropriation Reserve balance.

Appropriation reserves covering unexpended appropriation balances are automatically created at December 31st of each year and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis, interest on general capital indebtedness is on the cash basis, whereas interest on utility indebtedness is on the accrual basis.

Encumbrances - Contractual orders, at December 31, are reported as expenditures through the establishment of encumbrances payable. Under GAAP, encumbrances outstanding at year end are reported as reservations of fund balance because they do not constitute expenditures or liabilities.

Foreclosed Property - is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. GAAP requires such property to be recorded in the General Fixed Assets Account Group at its market value.

Sale of Municipal Assets - The proceeds from the sale of municipal assets can be held in a reserve until anticipated as revenue in a future budget. GAAP requires such proceeds to be recorded as revenue in the year of sale.

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

General Fixed Assets - N.J.A.C. 5:30-5.6, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles, requires the inclusion of a statement of general fixed assets of the Borough as part of its basic financial statements. General fixed assets are defined as nonexpendable personal and real property having a physical existence, a useful life of more than one year and an acquisition cost of \$1,000.00 or more per unit. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

General Fixed Assets that have been acquired and are utilized in a governmental fund operation are accounted for in the General Fixed Asset Account Group rather than in a governmental fund. No depreciation has been provided on General Fixed Assets or reported in the financial statements.

The Borough has developed a fixed assets accounting and reporting system based on an inspection and valuation prepared by an independent appraisal firm. Adjustments for assets acquired/sold subsequent to this date have been recorded. Fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Buildings and land are stated at the assessed value contained in the Borough's most recent property revaluation.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital has not been accounted for separately.

Inventories of Supplies - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories is not included on the various balance sheets. GAAP requires the cost of inventories to be reported as a current asset and equally offset by a fund balance reserve.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Fixed Capital - Water/Sewer Utility

Accounting for utility fund "fixed capital" remains unchanged under the requirements of N.J.A.C. 5:30-5.6.

Property and equipment purchased by the Water / Sewer Utility Fund are recorded in the capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent reproduction costs or current value. The fixed capital reported is as taken from the borough records and does not necessarily reflect the true condition of such fixed capital. Contributions in aid of construction are not capitalized. The balance in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital fund represents charges to operations for the cost of acquisition of property, equipment and improvements. The utility does not record depreciation on fixed assets.

Compensated Absences - The Borough has adopted written policies through employee contract and municipal ordinances which set forth the terms under which an employee may accumulate earned, but not used, vacation and sick leave. The Borough records expenditures for payment of earned and unused vacation and sick leave in the accounting period in which the payments are made. GAAP requires that expenditures be recorded in the governmental (Current) fund in an amount that would normally be liquidated with available resources, and that expenditures be recorded in the enterprise (Sewer Utility) fund on an accrual basis.

D. Basic Financial Statements

The GASB codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be held in accordance with GAAP. The Borough presents the financial statements listed in the table of contents of the "Requirements of Audit and Accounting Revision of 1987" as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and which differ from the financial statements required by GAAP.

NOTE 2: CASH AND CASH EQUIVALENTS

The Borough considers petty cash, change funds, cash in banks and certificates of deposit as cash and cash equivalents.

A. Deposits

New Jersey statutes permit the deposit of public funds in public depositories which are located in New Jersey and which meet the requirements of the Governmental Unit Deposit Protection Act (GUDPA) or the State of New Jersey Cash Management Fund. GUDPA requires a bank that accepts public funds to be a public depository. A public depository is defined as a state bank, a national bank, or a savings bank, which is located in the State of New Jersey, the deposits of which are insured by the Federal Deposit Insurance Corporation. The statutes also require public depositories to maintain collateral for deposits of public funds that exceed certain insurance limits. All collateral must be deposited with the Federal Reserve Bank or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.00. Under (GUDPA), if a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of the deposits to the governmental unit.

The Borough of Alpha had the following cash and cash equivalents at December 31, 2012:

NOTE 2: CASH AND CASH EQUIVALENTS (CONTINUED)

A. Deposits (Continued)

Custodial Credit Risk-Deposits - Custodial credit risk is the risk that in the event of a bank failure, the deposits may not be returned. The Borough does not have a specific deposit policy for custodial credit risk other than those policies that adhere to the requirements of statute. As of December 31, 2012, based upon the coverage provided by FDIC and NJGUDPA, no amount of the bank balance was exposed to custodial credit risk. Of the cash on balance in the bank \$500,000.00 was covered by Federal Depository Insurance and \$3,216,628.48 was covered under the provisions of NJGUDPA.

NOTE 3: MUNICIPAL DEBT

The Local Bond Law, Chapter 40A:2, governs the issuance of bonds to finance general municipal capital expenditures. All bonds are retired in annual installments within the statutory period of usefulness. All bonds issued by the Borough are general obligation bonds, based by the full faith and credit of the Borough. NOTE 8: LITIGATION

The Borough Attorney's letter did not indicate any litigation, claims or contingent liabilities that are either not covered by the Borough's insurance carrier or would have a material financial impact on the Borough.

NOTE 9: TAX APPEALS

There are tax appeals filed with the County and State Tax Court of New Jersey requesting a reduction of assessments for the year 2012. Any reduction in assessed valuation will result in a refund of prior years' taxes in the year of settlement, which may be funded from tax revenues through the establishment of a reserve or by the issuance of refunding bonds per N.J.S.A. 40A:2-51.

NOTE 10: CONTINGENT LIABILITIES

The Borough participates in several state financial assistance grant programs. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of funds for eligible purposes. Findings and questioned costs, if any, relative to federal and state financial assistance programs will be discussed in detail in Part II of the 2012 audit report. In addition, these programs are also subject to compliance and financial audits by the grantors or their representatives. As of December 31, 2012, the Borough does not believe that any material liabilities will result from such audits.

NOTE 11: RISK MANAGEMENT

The Borough is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions, injuries to employees; and natural disasters. The Borough maintains commercial insurance coverage through the Public Alliance Insurance Fund covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the Borough. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

NOTE 12: INTERFUND RECEIVABLES AND PAYABLES

The following interfund balances remained on the balance sheets at December 31, 2012:

NOTE 13: DEFERRED LOCAL DISTRICT SCHOOL TAXES

New Jersey statutes provide for the deferral of liability for not more than 50% of the annual levy when school taxes are raised on a school year basis and such taxes have not been requisitioned by the school district.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Mayor and Members
of the Borough Council
Borough of Alpha
County of Warren
Alpha, New Jersey 08865

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the regulatory financial statements of the various individual funds and the account group of the Borough of Alpha, as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the Borough's regulatory financial statements, and have issued our report thereon dated June 10, 2013. Our report disclosed that, as described in Note 1 to the financial statements, the Borough of Alpha prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with a modified accrual basis and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

Internal Control Over Financial Reporting

In planning and performing our audit of the regulatory financial statements, we considered the Borough's control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of Borough's internal control.

SUPLEE, CLOONEY & COMPANY

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. However, we noted certain immaterial matters involving internal control that we have reported to the Borough of Alpha in the General Comments and Recommendations Section of the audit report.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, there were immaterial instances of noncompliance which are discussed in Part III, General Comments and Recommendations Section of the audit report.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

GENERAL COMMENTS

CONTRACTS AND AGREEMENTS REQUIRED TO BE ADVERTISED FOR (N.J.S.A. 40A:11-4)

Every contract or agreement for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds, not included within the terms of Section 3 of this act, shall be made or awarded only by the governing body of the contracting unit after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate the amount set forth in or the amount calculated by the Governor pursuant to Section 3 of P.L. 1971 c.198 (C.40A:11-3), except by contract or agreement.

Effective July 1, 2010, the bid threshold in accordance with N.J.S.A. 40A:11-4 is \$26,000.00.

The governing body of the municipality has the responsibility of determining whether the expenditures in any category will exceed \$26,000.00 within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute the Counsel's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertising for the following items:

North Boulevard Improvements
Auxiliary Power Installation at Frace St. - WTP
Water Main Improvement Project
Upgrade to Water Softener at Frace St. - WTP

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed. Our audit of expenditures did not reveal any individual payments, contracts or agreements in excess of \$26,000.00 "for the performance of any work or the furnishing or hiring of any materials or supplies" other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S.A. 40A:11-6.

COLLECTION OF INTEREST ON DELINQUENT TAXES AND ASSESSMENTS

The governing body on January 3, 2012 adopted the following resolution authorizing interest to be charged on delinquent taxes.

WHEREAS, N.J.S.A. 54:4-67 permits the governing body of each municipality to fix the rate of interest to be charged for the nonpayment of taxes or assessments subject to any abatement or discount for the late payment of taxes as provided by law; and

WHEREAS, NJSA 54:4-67 has been amended to permit the fixing of said rate of 8% per annum on the first \$1,500.00 of the delinquency and 18% per annum on any amount in excess of \$1,500.00 and allows an additional penalty of 6% to be collected against a delinquency in excess of \$10,000.00 on properties that fail to pay the delinquency prior to the end of the calendar year;

NOW, THEREFORE BE IT RESOLVED, by the Mayor and Common Council of the Borough of Alpha, County of Warren, and State of New Jersey as follows:

1. The Tax Collector is hereby authorized and directed to charge 8% per annum on the first \$1,500.00 of taxes becoming delinquent after due date and 18% per annum on any amount in excess of \$1,500.00 and allows an additional penalty of 6% to be collected against delinquency in excess of \$10,000.00 on properties that fail to pay the delinquency prior to the end of the calendar year.
2. Effective January 1, 2012, there will be a ten (10) day grace period of quarterly tax payments made by cash, check, or money order.
3. Any payments not made in accordance with paragraph two of this resolution shall be charged interest from the due date as set forth in paragraph one of this resolution.

It appears from an examination of the records that interest was collected in accordance with the forgoing resolution.

DELINQUENT TAXES AND TAX TITLE LIENS

The last tax sale was held on October 18, 2012 and was complete.

Inspection of tax sale certificates on file revealed that all tax sale certificates were available for audit.

The following comparison is made of the number of tax title liens receivable on December 31st of the last three years:

<u>YEAR</u>	<u>NUMBER OF LIENS</u>
2012	6
2011	8
2010	8

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a tax paying basis.

CONFIRMATION OF DELINQUENT TAXES AND OTHER CHARGES

A confirmation of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services consisting of verification notices as follows:

OTHER COMMENTS

Interfunds

Transactions invariably occur in one fund which requires a corresponding entry to be made in another fund, thus creating interfund balances. References to the various balance sheets show the interfund balances remaining at year end. As a general rule all interfund balances should be closed out as of the end of the year.

Purchasing

Our review of cash disbursements noted several vouchers were processed after products of services were received.

Our review also revealed that purchases made in excess of the quote threshold were made without the acquisition of multiple quotes.

Finance

Our audit determined the Borough did not file IRS Form 1099 for all unincorporated vendors receiving payments in excess of \$600.00.

The payroll deduction for employee medical contributions was not set up in the payroll system in a timely manner. As a result, employees did not contribute the correct amount for their share of medical coverage.

Capital Ordinance 2012-09 General Public Property Improvements was not set up separately as an Improvement Authorization in the General Capital Fund. Expenditures exceeding the amount appropriated were posted directly to a reserve account.

The financial records of the Borough were not maintained on a timely basis during 2012. There were two payrolls that were not posted to the Borough's records which resulted in an overexpenditure to the Social Security line in the Current Fund budget prior to transfers being made.

Municipal Court

The ATS generates a report showing unissued tickets to officers that have been outstanding for more than six months. The Administrative Office of the Courts requires that unissued tickets outstanding over six months be recalled and returned to the Municipal Court. As of the time of our audit, the list shows 651 tickets over six months old that have not been returned. In addition, it was noted that ticket books are not being issued in numerical order.

Departments

Cash receipts were not deposited within 48 hours per N.J.S.A. 40A:5-15.

RECOMMENDATIONS

That all vouchers presented for payment be recorded prior to the receipt of goods or services.

*That multiple quotes be solicited for purchases in excess of the quote threshold.

*That IRS Form 1099 be sent to all eligible vendors receiving in excess of \$600 in payments.

That payroll deductions for medical contributions be entered into the payroll system in a timely manner.

That all capital ordinances be completely funded and posted properly in the General Capital Fund.

That the Borough's financial records be maintained in a timely manner.

That unissued tickets outstanding for greater than six months be recalled and returned to the Municipal Court.

That ticket books be assigned in numerical order.

*That all departmental receipts be deposited or remitted to the Treasurer within 48 hours per N.J.S.A. 40A:5-15.
