OLD BUSINESS:

At the June 21, 2014 meeting, Ms. Ablan-Woodrow, owner of Ablans Business Center, Inc. at 264 State Street, submitted a letter to the Board requesting two parking spaces in the Village parking lot to be assigned to the businesses near her store. The letter explained that she was parked at the loading dock behind her business to bring in supplies, got busy, forgot to move her car, and was issued a parking ticket. Ms. Ablan-Woodrow explained the reason for her letter and requested three parking spaces for the business only and to not permit tenants who live in the building to park there. After considerable discussion, Chief Huber stated he would research the issue and forward his recommendation to the Board.

Update 7/21/14: Chief Huber submitted his recommendations to the Board for their review and President McIlroy requested the Clerk/Treasurer to hold this issue until the August 18, 2014 regular meeting when the full Board is present.

Update 8/19/14: Deputy President Astafan stated he will abstain from the discussion due to his position as manager of Herritage Apartments which utilize the parking lot. Chief Huber's recommendations were discussed in length and the Board members had mixed opinions about them so President McIlroy put the options up for a vote.

Update 7/21/14: President McIlroy requested the Clerk/Treasurer to contact Mr. Ball, CEO and request a detailed map with names of surrounding property owners and include Route 3 in the map. Attorney Gebo suggested reviewing what services are currently provided by the Village; suggested speaking with the Town of Wilna due to the water service; and stated the property is surrounded by other Village property on three sides. President McIlroy requested the Clerk/Treasurer to hold this over until the August 18, 2014 regular meeting when the full Board is present.

Update 8/18/14: President McIlroy listed the hardship reasons within the request as to why the property owners want to be annexed out of the Village which include inability to use existing well on property; inability to use existing barn for livestock that is not allowed within the Village; lack of Village services such as snow plowing the road leaving a snow bank at the end of driveway or not plowing road and not picking up yard debris. President McIlroy stated currently there is no law within the Village Code which prohibits livestock as long they are within a well fenced area; DPW Superintendent, Dan Trembley confirmed the road is plowed and debris is pickup if placed in the proper area. Attorney Gebo advised for the Village to conduct a joint hearing with the Town of Wilna which he will schedule tentatively on September 10, 2014 at the Town of Wilna.

He suggested increasing the cost from \$25.00 plus the cost of water to \$75.00 plus the cost of water and have the resident complete a standardized form. Trustee Latremore suggested including a hold harmless clause on the form to protect the Village and Attorney Gebo stated he would forward the language to Mr. Prievo. Mr. Prievo provided an example of a form for residents to complete if they are filling their pool from their garden hose and suggested the board only give credit if amount of water used exceeded 2 billing units (1,500 gallons). Mr. Prievo asked the Board to consider if they want to give residents more than one credit per year. Mr. Prievo will work with Attorney Gebo to reform the pool filling policies which will require a public hearing to change.

Update 7/21/14: Mr. Prievo submitted a proposed swimming pool filling policy along with corresponding standardized forms. President McIlroy requested the Clerk/Treasurer to hold this over until the August 18, 2014 regular meeting when the full Board is present.

At the July 21, 2014 meeting, the Board reviewed examples provided by JR Associate of agreements they currently have with other organizations regarding the placement of an ATM machine in the Village Municipal Building. The agreement stated the Village would need to provide an internet connection and the Village would receive 30% of the surcharge fees collected from the machine. Chief Huber stated it would benefit the Court, Police, and Clerks Offices as we do not take credit or debit cards. Attorney Gebo stated we will need to find out if the machine is insured and if vandalized; who is responsible. President McIlroy requested the Clerk/Treasurer hold this issue over until the next regular meeting.

Update 8/18/14: JR Associate confirmed he is insured and is completely responsible for the ATM machine.

RESOLUTION WITH REGARD TO OPPOSING ANY REDUCTION IN JOBS AT FORT DRUM

WHEREAS the Village of Carthage has partnered with local and regional organizations to invest over \$25 million dollars in our community in support of Fort Drum in an effort to make the Greater Carthage Area a “Community of Choice” for the military and their dependents, and

WHEREAS these investments included a major hospital expansion; development of two new medical office complexes; construction of over 60 new apartments in the Carthage area; redevelopment of Downtown Carthage; rehabilitation of over 70 single family homes among many other initiatives all with the intent of welcoming Soldiers and their families as residents of our community, and

WHEREAS the Army released a Supplemental Programmatic Environmental Assessment (SPEA) for Army 2020 Force Structure Realignment in June 2014 to evaluate force reductions and realignments, and

WHEREAS this proposed action will reduce and realign active component Soldiers and Army civilian employees to help the Army meet current and future national security and defense requirements, and

WHEREAS the Army's proposal is to reduce end-strength to as low as 420,000, and

WHEREAS the Army's SPEA is looking to cut 16,000 jobs from Fort Drum; 15,417 Soldiers and 583 Army civilians which includes the loss of the 3rd BCT from the 10th Mountain Division which was announced last year, and

WHEREAS this SPEA looks at the socio-economic impact of this action and it predicts a loss of \$877,512,000 in area income, a loss of 19,102 jobs, and a decrease in population of 40,288, and

WHEREAS Fort Drum and the surrounding communities have developed a unique relationship in regard to providing housing, education, health care, and infrastructure to support the installation, and
