TOWN COMMITTEE REPORTS

Charter and Ordinance – Council Member Weistling – For discussion only – Commercial Zone Regulations – The purpose for the discussion is to inform Council and the public about an ordinance change within the commercial zone requested by Mr. Buas, the owner of the Sands Hotel. He present at the May, June and August C&O meetings to discuss changes for his property. Council Member Weistling gave a brief history of the hotels in Fenwick Island. In 1986 we traced back to ordinance change that required 1 hotel room, per 1,000 square feet of lot area. This is our current ordinance. The current Sands Hotel has 39,000 square feet which would allow Mr. Buas 39 hotel rooms. The Fenwick Island has 62 rooms, 1 rooms for 365 square feet of the lot. The Seaside Inn has 61 rooms, 1 room for 640 square feet. Charter & Ordinance at our last meeting, six of the seven members were present, all of the members

agreed to a possible change in the 550 – 700 square foot range, with an average of about 1 room, 600 square feet, but is still up for discussion.

Public Discussion:

- Alex Haley - Farmington St. – If you build it, will they come? – Mr. Buas ask the Chamber of Commerce if a new hotel is needed in Fenwick. Response was the town needs a quality hotel for its visitors.
- Greg Mahon – 1406 Bunting Ave. – Will this be an upper class hotel or low class? Mr. Buas stated he is looking for room to range on the higher side between \$200 - \$400, highest price hotel in town. Franchise level, Hampton Inn and Suite or something at the level.
- Lisa Benn – 1306 Bunting Ave. – Who will manage this hotel? Mr. Buas stated he would be manager.
- Ben Waide – W Dagsboro St. – The town has a commercial district. The current Sands Hotel looks bad and a change would be good for town.
 - Richard Benn – 1306 Bunting Ave. – Couldn't he just submit to the Board of Adjustment rather than changes the ordinance? Council Member Weistling stated that if it's consider zoning, we are making our ordinance a little bit more modern. We are setting a standard for rooms, say 60 -70 room range which is compatible with the other two hotels.

Discussion continued on the trade off, what is good for the town and the density increases by increasing the rooms in the hotel. Mr. Buas also discussed the revenue generated from the hotel versus a strip mall. Council Member Weistling stated that the discussions will continue at the next Charter and Ordinance meeting on September 1st at 9:30 p.m.

- **Beach Committee** – Plans will be starting up soon for the Fenwick Freeze.
- **Environmental Committee** – none
- **Technology Committee** – none
- **Business Development Committee** – No scheduled meeting for now until the fourth Thursday in September at 2:00 p.m.
- **Ad hoc Parks Committee** – Electrical panel in the park has been raised and updated.
- **Planning Commission** – none
- **Old Business** – none
- **New Business** – Council Member Lee – would like to discuss the committee participation application and clarification of the process. How are the committee members selected? Vice Mayor Mais responded that in the past the committee chair works on developing the committee along with the Mayor. The Mayor then approves the committee and then they are approved by Council. Council Member Weistling stated the committee chair selects the members of his particular committee and recommends those to the Mayor and that is how the committee is formed. The chair of the committees are appointed by the Mayor. Council Member Lee would like to make a motion to have each Council member appoint someone to each committee. Vice Mayor Mais stated he would rather the motion wait until the Mayor returns to make this motion since he is the one who handles the

committees.

PUBLIC PARTICIPATION

- Pete Frederick – 1605 Bunting Ave. wanted to congratulate the new Council members but wanted to address how the election was handled. Wanted to address the registration process, how it was run, voters qualifications and the actual election procedure. Discussion continued as previously discussed covering how the election is run, qualifications to vote and property trusts. Vice Mayor Mais stated that these issues will be addressed with the Mayor upon his return. Town Manager Burke acknowledge that the Town staff and the community could have done a better job with the election.
- Mary Schrider-Fox – Town Solicitor – she was not present for the election but aware of the State Law that talks about who should be in the voting room. The same stature also states who can be in and out of the voting area. That would be the election officers and the inspector. The inspector can have anyone in the voting room that they feel necessary to assist with the election. The State Law does not preclude that a member of the Town Staff for being one of the people asked to help out with the election. I’m not aware of any State Law that prohibits Town Staff from participating in the election. Charter changes will be reviewed with Town Manager on Trusts and election issues.
- Virginia Childers Davidson – Sea Shell City – She wanted to commend the Police Department for recovering the stolen merchandise from their rear parking lot.
