Application Reviews

Application No. 17-004 755 Jefferson Road – Proposed Parking Expansion – For review of final site plan approval of a demolition of an existing building and reconfiguration of an existing parking lot on the property located at 755 Jefferson Road in an Industrial Zoned District. Tax Account No. 162.09-01-2.1.

Representing Applicant: Loren Flaum, Flaum Management Company
Garth Winterkorn, Costich Engineering

- A. The Applicant stated the following:
- 1. The project consists of sub-dividing the four (4) story building into a separate parcel that could be leased for office space.
 - 2. Sixty feet (60') of front buffer space would be removed, leaving twenty-two feet (22') of greenspace.
 - 3. An underground stormwater storage facility would be added.
 - 4. The front buffer will consist of street trees and berms, and the islands will be landscaped.
 - 5. Two point seven (2.7) acres are being disturbed, but thirty-three (33) trees will be

added.

6. The site lighting will be dark sky compliant.
- B. The Henrietta Conservation Board recommends to the Planning Board:
 1. The tree density is good and the landscaping plan is well done.
 2. The HCB is disappointed about losing the green buffer frontage, but understand the Applicant is both enhancing this area, and making it more useful for occupants.

On a motion by R. Bud Snyder, seconded by Fabian Grabski, Application No. 17-004 was recommended to the Henrietta Planning Board to be approved.

Tax Account Nos. 188.03-1-16.2, 188.02-1-45.1, 188.03-1-16.12 and 188.04-1-40

Representing Applicant: Bruce Howlett, Howlett Farms
Rich Tiede, Marathon Engineering

- A. The Applicant stated the following:
 1. The project consists of developing a one hundred and seven (107) lot subdivision under Town Law §278 on fifty-six (56) acres. There will be a forty-six (46) acre disturbance. There will also be two (2) exception parcels, one of which will be on the corner for future commercial use.
 2. Stormwater will flow to the bio-retention pond, then into the creek.
 3. The earth work Soil will be balanced on the site.
 4. The federal wetlands will be left undisturbed and will have signage noting the areas as part of a conservation easement.
 5. More than five hundred (500) trees and plantings will be added, where slightly over two hundred (200) are required by HCB Standards.
 6. Trails are also being planned.
 7. Tree buffers will be located to isolate the development from its neighbors.
 8. One of the entrances is being moved south towards the pond.
 9. Storm drainage will be modified to improve its flow off-site.
 10. The landowner has spoken with the neighbors and has addressed their concerns.
 11. This particular farm soil is not very good soil; Howlett Farms is creating new organic fields across from the tracks.
- B. The Henrietta Conservation Board recommends to the Planning Board:
 1. The HCB states that the landscaping and storm pond designs are exceptional.
 2. The HCB is concerned with wet basements.
 3. The final plans will need to be reviewed by the Town Engineer.

On a motion by Fabian Grabski, seconded by Laura King, Application No. PB-311 was recommended to the Henrietta Planning Board to be approved.
