Township Conducts Active Shooter Response Training

Municipal Complex Closed to the Public on Friday, June 13th -

10am until Noon

Hillsborough Township Mayor Doug Tomson advised that employees of the Municipal Complex, including the Library and Board of Education offices will be participating in an Active Shooter Response Training exercise on Friday, June 13th. The building will be closed to the public from approximately 10am until noon.

“In the interest of safety for Township employees and visitors, there is a need for this type of training exercise and to bring awareness in case of an emergency situation,” stated Committeewoman Gloria McCauley, Liaison to Public Safety.

In a collaborated effort between the Township Administration, Hillsborough Township Police Department and the Office of Emergency Management, the training exercise will be conducted in a similar manner as a previous one that was held at Hillsborough High School. The intention of the training exercise is to prepare employees in the event an active shooter should enter the complex.

“It is critical in these circumstances that our employees understand how the Police will respond in the event of an active shooter or other similar threat,” added Police Chief Paul Kaminsky.

“We will continue to notify the public prior to the training so that everyone is aware that it is just a training exercise being conducted,” concluded Mayor Tomson.
