About Hillsborough District Life Skills: Life Skills provides education through various programs within the school district and the community. About Dreams For Kids: Founded over a dozen years ago by Lonnie Allgood, Dreams For Kids teaches children to stay on the straight and narrow - stay away from drugs and alcohol, work hard in school, respect your parents and teachers.

Dreams for Kids touts more than 120 current and former professional athletes, all of whom Allgood says are role models for the community. In an effort to raise money for his organization, Lonnie lines up teams of his gridiron warriors and pits them against local all-stars. Revenues generated from the games are evenly split with local groups.

Working through Dreams for Kids, Allgood partners with schools and youth organizations throughout the country covering such topics as: say no to drugs, self-esteem, character building, respect, dream building, positive attitudes and bullying.
