

Get Information & Updates on Twitter @HillsboroughTWP

Hillsborough Township expanded the communication channels and actively uses Twitter to share information with residents.

Twitter is just another method the Township communicates with residents. The other methods include: the Friday e-newsletter, Honeywell Instant alerts, Nixle, the Hillsborough Township website and YouTube.

Nixle and Honeywell are generally utilized more as emergency related means to get information out, while the e-newsletter and Twitter are focused more on happenings within Hillsborough Township and informational updates.

A complete listing of the various methods Hillsborough Township utilizes to communicate with residents are listed on Hillsborough Township's website's "Social Media Page", under the "About" section.
