

3rd Graders Receive Dictionaries From Hillsborough Rotary Club

The word of the day was "charity" for Hillsborough third-graders who received free dictionaries from members of the Rotary Club of Hillsborough. The Club once again visited all six township elementary schools this week in their annual dictionary give-away. The children were asked to find the definition of "charity" to help them understand Rotary's mission, which is "Service Above Self." The dictionary give-away is one of many community events and charitable contributions organized by the Rotary Club of Hillsborough, best known for the annual Rotary Fair held each August.
