## **Castle Park Renovations Complete** *Ribbon Cutting Wednesday, November 23rd at 3 pm*

Earlier this fall the Castle Park, located at the Municipal Complex, underwent a makeover. After nearly 400 man hours and the purchase of a Little Tikes Playground Ship, the renovations are complete.

“We are pleased to announce a ribbon cutting ceremony for tomorrow, Wednesday, November 23rd at 3 pm at Castle Park to open the newly renovated park just in time for the holiday weekend,” announced Mayor Frank DelCore at Tuesday’s Township Committee meeting.

The park was originally constructed in 1992-93 with the assistance of the community as depicted by the family names surrounding fencing of the playground.

“This playground is a focal point here on the grounds of the Municipal Complex. These renovations allow for continued use and hours of fun for our children to enjoy,” concluded Mayor DelCore.
