The 10th Annual recognition breakfast was held on December 1, 2016. Somerset County business and government leaders gathered to recognize programs implemented to improve commuters' quality of life. RideWise, a Transportation Management Association (TMA) based in Somerset County, is a source for sustainable travel and alternatives that improve mobility, reduce traffic and decrease carbon emissions.

New Jersey Smart Workplaces is a statewide program that recognizes employers and municipalities who show vision and leadership by providing commuter benefits to employees.

"Hillsborough Township was once again honored at the Annual RideWise recognition breakfast as one of only two municipalities in Somerset County to receive Platinum status in the New Jersey Smart Workplace Program. In 2014, Hillsborough was the first Somerset County Municipality to achieve platinum, which was achieved again in 2015 and for the 3rd year in a row for 2016," announced Mayor Frank DeCore at Tuesday's Township Committee meeting.
