FOR IMMEDIATE RELEASE:  
December 12, 2017

### **Hillsborough Township Administrator Anthony Ferrera Named Administration / Municipal Manager of the Year by New Jersey Municipal Management Association**

Each year the New Jersey Municipal Managers Association (NJMMA) honors their members for outstanding service to local government. The NJMMA is an organization of professional local government administrators and assistants whose goal is to improve the quality of local government in NJ through professional management. The award process includes the submissions of nominations for numerous awards including outstanding managers award. The nominees for this award must have successfully implemented a specific exemplary project or program and/or have accomplished an outstanding body of work within the last 3 years. The committee reviews all the nominations during the summer and fall and awards are presented in November at the Annual NJ League of Municipalities meeting in Atlantic City.

Hillsborough's own Township Administrator Anthony Ferrera was awarded the outstanding managers award for 2017. In the nomination application Administrator Ferrera was described as one who encourages collaboration among departments developing a more cohesive working environment. With his outstanding body of work, he has implemented several programs that have contributed to cost savings and efficiencies as well as workplace enhancements which benefits residents, taxpayers, businesses and employees.

"We are all very proud of Anthony. Hillsborough Township is fortunate to have such an innovative administrator constantly seeking to improve the processes of the municipality. Everyone in the Township benefits." stated Mayor Carl Suraci.

Township Administrator Anthony Ferrera replied, "I am honored to receive this award and am excited about the new programs that have brought greater service and efficiency to our residents and Township employees."
