Importance: High

Good afternoon Municipal Officials,

The Clean Communities grants have been awarded to municipalities and counties. Over \$20.2 million have been awarded, with \$17.9 million to eligible municipalities and \$2.2 million awarded to the 21 counties. In the words of Commissioner Martin, "Clean Communities money is a vital resource for New Jersey's municipalities and counties every year because these grants help fund cleanups that will further enhance our communities, natural resources and roadway. By taking care of the environment around us, we encourage others to do the same in their own communities and build pride across the state."

Grants are funded by a legislated user-fee on manufacturers, wholesalers and distributors that produce litter-generating products. Disbursements to municipalities are based on the number of housing units and miles of municipally owned roadways within each municipality.

For the grant amount your town has been awarded this fiscal year, please see the attached PDF. The second PDF has additional background information about the Clean Communities Grant program. For additional information, please visit the Clean Communities website at www.njclean.org. My congratulations on this years' grant awards.
