RE: Recycling Element of the Lacey Master Plan
Lacey Township, Ocean County, New Jersey
GCG File No.: *LTPB.07000*

Dear Mr. McKeon:

We are in receipt of your letter dated March 12, 2007 wherein you requested Lacey Township to submit a copy of the Recycling Element of its Master Plan.

You are correct in your assessment that the Recycling Element is missing from the Lacey Township Master Plan. For your information, the Lacey Township Master Plan is not due to be amended for another 2 to 3 years, at which time, the required Recycling Element will be incorporated into the Master Plan. Meanwhile, it is our understanding, based on a recent telephone conversation held with Orrin Salone of your office, that Chapter 289, Solid Waste Ordinance adopted by the Township of Lacey should satisfactorily bridge the gap until such time that the Master Plan can be amended.

To this understanding, enclosed please find a copy of Chapter 289, Solid Waste, wherein is incorporated the State Recycling Plan Goals and Provisions adopted by the Township of Lacey.

Should you have any questions, please contact me at our Forked River office.

Sincerely,

GRAVATT CONSULTING GROUP, INC.
